"The foremost essentials of a good whistler are: pleasing tone quality, flexibility of tongue, adequate range (at least two octaves or more), correct breath control, and bird imitations with an intelligent understanding of their use. Personality is also an important factor in the making of a successful public whistler. Add to these qualities the necessary finish and the proper interpretation and presentation of a whistling selection, and the whistler at once receives merited recognition..."

Passacaglia for Violin and Cello Mel Bay Publications

Jody Blake demonstrates in this book that although the impact of African-American music and dance

in France was constant from 1900 to 1930, it was not unchanging. This was due in part to the stylistic development and diversity of African-American music and dance, from the prewar cakewalk and ragtime to the postwar Charleston and jazz. Successive groups of modernists, beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s, constructed different versions of la musique and la danse negre. Manifested in creative and critical works, these responses to African-American music and dance reflected the modernists' varying artistic agendas and historical climates.

Tango: A ballroom dance of Latin-American origin characterized by long pauses and stylized body positions. This musical form was subsequently adopted by other countries, primarily France, Spain and Italy. Many prominent composers have applied it to a wide variety of compositions. Using piano scores in both the Latin-American and Spanish rhythmic traditions, Gary Dahl has skillfully compiled and arranged French Tangos for Accordion. The music in this anthology was originally published from the late 1930's to 60's and is characterized by its romanticism, rich harmonies, and emotive melodies. These arrangements are orchestral in nature, befitting the accordion's various timbres and capabilities. In standard notation.
