Joshua Hulst - Co-Founder and Managing Partner - Michigan ... Joshua Labs Another area of research in the lab is DNA replication. The goal is to understand the molecular motors involved in replication initiation. We have been studying the viral replicative helicase E1 from papillomavirus as a model system to study helicase function and assembly as well as DNA melting and unwinding. Joshua-Tor Lab The Joshua Fund pays for the basic medical care and

needs for every dog we rescue, and, when necessary, also pays for the heart worm treatment and required bed rest for heart worm positive dogs. This is an expensive treatment, costing \$750 and more.
