Hrafnagaldur Odins British Archaeological Reports Oxford Limited
 Saxo Grammaticus, who's believed to have lived from 1150 until 1220 (though the dates are uncertain), wrote a sixteen-

volume history of the Denmark that he lived in. Volumes X through XVI (oddly -- or perhaps not so oddly -- written first) are a conventional history of Saxo's day and age. But the first the volumes are the stuff of myth and legend, delightful tales of mythic Norse persons and circumstances. This book is comprised of those mythic volumes, and it's special stuff indeed.

The Nordic Languages New York : Random House

This 1943 book uses a variety of evidence from archaeology and literature concerning Norse funeral customs to reconstruct their conception of future life. [Msl Ix](#) Viking Society for Northern Research University College Gustav Adolf is Strindberg, but it is scarcely "modern drama." It is important for the understanding of the later Strindberg, but it cannot be called a drama for today's stage. In his lengthy introduction, Professor Johnson makes it clear that we are dealing with a Buch-drama.

The Danish History of Saxo Grammaticus Franklin Classics Trade Press

This anonymous poem in eddic style is shown in this edition to have probably originated in Skálholt in the mid seventeenth century. The main title probably meant 'Song of Óðinn's ravens', i.e. one of the reports said to have been brought to Óðinn from all over the world every evening.

With the exception of the Aztec "Calendar Stone," the recently discovered monument of Coyolxauhqui-Chantico is the largest of all of the pre-hispanic Aztec monuments. Depicting an aspect of Chantico, the Aztec fire goddess, the monument was carved before 1478 A.D. Here, Aguilera (a historian at the Biblioteca Nacional de Antropología presents an analysis of the symbolic elements of the monument and places the symbology within the context of current knowledge of the belief systems of the Aztecs and their representations in artifacts. Also included within the volume is a short 11-page paper by H.B. Nicholson (anthropology, U. California at Los Angeles) touching upon the same topic. [Descripción de la ciudad y provincia de Tlaxcala](#) BoD - Books on Demand

From the acclaimed Nordic Council Literature Prize winner, a story that reveals the devastating effects of mistaking silence for peace and feeling shame for inevitable circumstances Eva and Simon have spent most of their adult lives together. He is a physician and she is a teacher, and they have three grown

daughters and a comfortable home. Yet what binds them together isn't only affection and solidarity but also the painful facts of their respective histories, which they keep hidden even from their own children. But after the abrupt dismissal of their housekeeper and Simon's increasing withdrawal into himself, the past can no longer be repressed. Lindstrøm has crafted a masterpiece about the grave mistakes we make when we misjudge the legacy of war, common prejudices, and our own strategies of survival.

A Grammar of the Spanish Language Legare Street Press

The Cristero movement is an essential part of the Mexican Revolution. When in 1926 relations between Church and state, old enemies and old partners, eventually broke down, when the churches closed and the liturgy was suspended, Rome, Washington and Mexico, without ever losing their heads, embarked upon a long game of chess. These years were crucial, because they saw the setting up of the contemporary political system. The state established its omnipotence, supported by a bureaucratic apparatus and a strong privileged class. Just at the moment when the state thought that it was finally supreme, at the moment at which it decided to take control of the Church, the Cristero movement arose, a spontaneous mass movement, particularly of peasants, unique in its spread, its duration, and its popular character. For obvious reasons, the existing literature has both denied its reality and slandered it.

One of the great documents of colonial Mexico, the Codex Chimalpopoca chronicles the rise of Aztec civilization and

preserves the mythology on which it was based. Its two complementary texts, Annals of Cuauhtitlan and Legend of the Suns, record the pre-Cortésian history of the Valley of Mexico together with firsthand versions of that region's myths. Of particular interest are the stories of the hero-god Quetzalcoatl, for which the Chimalpopoca is the premier source. John Bierhorst's work is the first major scholarship on the Codex Chimalpopoca in more than forty years. His is the first edition in English and the first in any language to include the complete text of the Legend of the Suns. The precise, readable translation not only contributes to the study of Aztec history and literature but also makes the codex an indispensable reference for Aztec cultural topics, including land tenure, statecraft, the role of women, the tribute system, warfare, and human sacrifice.

[Days in the History of Silence](#) Wentworth Press

This book provides consultants with a career framework to build, grow, and transform their consulting businesses by becoming brilliant at the basics. The Odyssey process challenges current thinking and offers a methodology to help readers rise to the top of the profession by applying leading-edge techniques and methodologies. Eleven papers on the formation and character of the Mesoamerican cosmovision exploring the interaction between religious imagination, the movements of stars, the contours of mountains, hunting, stones, sun, moon, Venus and parts of the human body. *The Road to Hel* Alan Rodgers Books Now back in print, the definitive biography of a seminal figure in film history, whom Orson Welles called "the greatest of all

directors." Jean Renoir's career almost spans the history years of cinema—from the early silent movies, to the naturalism of the talkies, committed cinema, film noir, Hollywood studio productions, the Technicolor-period comedies and fast television techniques. His film *The Grand Illusion* remains one of the greatest movies about the effects of war. Decades after its release, Renoir's *The Rules of the Game* (1939) is the only film to have been included on every top ten list in the Sight & Sound's respected decennial poll since 1952, cementing Renoir's influence. André Bazin and François Truffaut praised Renoir as the patron saint of the French New Wave. *Jean Renoir: Projections of Paradise* gives detailed accounts of Renoir's working methods and captivating appraisals of his films, and his long and fascinating life from his blissful childhood as the son of the great Impressionist painter August Renoir. This is a must-read for students of film and all fans of entertaining, timeless movies.

[Berättelser Ur Svenska Historien: Till Ungdomens Tjänst Utgifven AF And. Fryxell](#) Good Press

This book is the first biography in 42 years of the priest and educator who became one of the most important political forces

in America's Cold War against communism.

The Symbolist Movement Cambridge University Press

This collection of essays featuring contributions from eminent Swedish and American Strindberg scholars addresses the question of how Strindberg's art collides and colludes, ideologically and aesthetically, with the literary doyens of the nineteenth and twentieth centuries in both the Scandinavian and the larger Western cultural context.

Gamla och Nya Testamentet de kanoniska böckerna Skyhorse

Now back in print, this acclaimed biography reassesses a titan of early cinema based on new material released after the fall of the Soviet Union. *Sergei Eisenstein: A Life in Conflict* tells the dramatic story of one of world cinema's towering geniuses and principal theorists. Ronald Bergan details Eisenstein's life from his precocious childhood to his explosion onto the avant-garde scene in revolutionary Russia, through his groundbreaking film career, his relationships with authors and artists such as James Joyce and Walt Disney, and his untimely death at age fifty. Eisenstein's

landmark films, including *The Battleship Potemkin* and *Ivan the Terrible*, are still watched, admired, and taught throughout the world. Drawing upon material recently released from the Soviet archives after the breakup of the USSR and from Eisenstein's personal letters, diaries, and sketches, Bergan shines a new light on the influence of Eisenstein's early life on his work, his homosexuality, and his keen interest in the West. This book is the definitive biography of an influential director who saw film as the synthesis of all the arts and whose work displayed a passionate and profound grasp of art, science, philosophy, and religion.

Jean Renoir University of Arizona Press
The proceedings of the 1998 Société Européenne pour l'Astronomie dans la Culture conference held in Dublin with 15 papers, all in English, covering various periods and parts of the world; Palaeolithic Europe, Minoan and Mycenaean Crete, pre-Hispanic Canary Islands, Greece and Rome and the Americas. Although the overall theme of the conference was landscape perception, many papers also addressed related issues of cosmology, symbolism, belief systems, mythology, studies of constellations, folklore and related ritual practices.
