If you think you know
Winnie the Witch, think
again! In 'Winnie and
the Toof Fairy' you'll
find out what Winnie
does when she realises
she's not the only one
with the ability to wave

a wand; in 'Winnie's
One-Witch Band' she
tries to match Wilbur's
musical talents; in
'Itchy Witchy' Winnie
takes Wilbur (and his
fleas) to the pet show;
and in 'Winnie Says
Cheese' Winnie and
Wilbur take some
supremely silly
snapshots to add to
their photo album. Four
crazily funny stories
featuring everyone's
favourite witch, her big
black cat, Wilbur, and a
zany supporting cast of
new characters. Korky
Paul's exuberant black
line illustrations
complement the
humour, slapstick, and
moments of real drama
that run through each
story. Pure magic!

My Little Pond Imagine

That

Charlie, like all small snails, lives in a shell. And since this two-in-one protective cover is strapped onto his back, Charlie carries his home with him everywhere. One day, while having a snail race with his friends—as snails like to do—there’s a terrible accident. As Charlie nears the finish line, the misplaced shoe of a little boy running through the garden comes down and breaks his shell. Charlie’s shell—and his home—are completely destroyed. To make matters worse, winter is coming and Charlie has nowhere to go. Charlie’s friends try to help him find a new home, but none seem to fit just right: they are too hard, too

sticky, too sharp, or too flimsy. Will someone be able to help Charlie find a new home before winter? Featuring a story of friendship from author and illustrator Doris Lecher, *A New House for Charlie* teaches children about helping others and showing compassion and empathy when hurting another person, even if unintentionally. Appropriate for children ages 3 to 6. Parents and educators will like the lessons throughout the book and children will be able to relate to Charlie as he tries to find a new home. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books

for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. There's a Pig in My Class! Scholastic Australia

Bear got more than he bargained for when he accidentally ran into Fox. Little did he know,

Bear had picked up Fox's stolen goose egg. Soon, the egg hatches and Bear finds himself holding a confused little gosling that's calling him "Mama." Try as he might to convince the little goose he's not its mother, the goose sticks around. Bear tries to show the goose that he's not its mother by climbing, running, and swimming away, but Goose is there every step of the way, climbing, running, and swimming just as well as Bear. But, Fox is lurking the whole time, waiting to take back his "prize." Just as Bear begins to accept Goose as his own, Fox makes his move. Will Fox get Goose, or will "Goose the Bear" make "Mama" proud? In this quirky mix-up at its finest, Katja Gehrmann

tells the heartwarming and species-confused story of Goose the Bear with the help of colorful, offbeat illustrations and a narrative to match. If you want to be a bear, be a bear—even if you're a goose. Rosie and the Nightmares Chronicle Books

This question-and-answer book begins right on the cover with five silly answers (like "A pepper mill!") to the question posed in the title. The real answer comes inside on the title page. The other seven questions posed by Brigitte Raab include, "Why do bears hibernate in winter?", "Why is the sea salty?", and "Why are flamingos pink?" Within the book the answers are kept to one silly one and then, on the

next spread, the actual facts. Manuela Olten illustrates both the fanciful answer (on double-page spreads) and the reality (broken up into panels) in lively, imaginative scenes. Her use of space is clever, and her depictions of various animals (from flamingos to whales) make them seem as facially and physically expressive as any human.

Goose the Bear OUP Oxford

Firedrake, a brave young dragon, his loyal brownie friend Sorrel and a lonely boy called Ben are united as if by destiny. Together, they embark on a magical journey to find the legendary place where silver dragons can live in peace for ever. With only a curious map and the whispered

Along the way, they discover extraordinary new friends in unlikely places and a courage they never knew they had. Just as well, for the greatest enemy of all is never far behind them - a heartless monster from the past who's been waiting a very long time to destroy the last dragons on earth.

Mein erstes dickes Malbuch ab 2 - Bagger und Traktoren

A book about the magic principle known as Out To Lunch. This book is a collection of over 60 routines by eighteen well known magicians.

Dragon Rider

Rosie is haunted by monster nightmares. Waking up in a pool of sweat, she is bound and determined to confront her fears. Her solution is so deft and clever, mixing a deep knowledge of

childhood, exuberant energy, and... a kiss, that it will leave young readers cheering and, more important, armed with some of the tools to tackle their own night monsters. Philip Waechter, the creator of the wonderfully all-too-human hero bear in

Me!, now shows an equally keen and sensitive appreciation of the dilemmas of childhood. In Rosie he has created a feisty and courageous little heroine, who can stand proudly next to William Steig's Brave Irene and Kevin Henke's Lily.
