Mrs Dalloway, Virginia Woolf's fourth novel, offers the reader an impression of a single June day in London in 1923. Clarissa Dalloway, the wife of a Conservative member of parliament, is preparing to give an evening party, while the shell-shocked Septimus Warren Smith hears the birds in Regent's Park chattering in Greek. There seems to be nothing, except perhaps London, to link Clarissa and Septimus. She is middle-aged and prosperous, with a sheltered happy life behind her; Smith is young, poor, and driven to hatred of himself and the whole human race. Yet both share a terror of existence, and sense the pull of death. The world of Mrs Dalloway is evoked in Woolf's famous stream of consciousness style, in a lyrical and haunting language which has made this, from its publication in 1925, one of her most popular novels.

From bestselling author of *The Book of Delights* and award-winning poet, a book of lyrical mini-essays celebrating the everyday that will inspire readers to rediscover the joys in the world around us. In Ross Gay's new collection of small, daily wonders, again written over the course of a year, one of America's most original voices continues his ongoing investigation of delight. For Gay, what delights us is what connects us, what gives us meaning, from the joy of hearing a nostalgic song blasting from a passing car to the pleasure of refusing the "nefarious" scannable QR code menus, from the tiny dog he fell hard for to his mother baking a dozen kinds of cookies for her grandchildren. As always, Gay revels in the natural world—sweet

potatoes being harvested, a hummingbird carousing in the beebalm, a sunflower growing out of a wall around the cemetery, the shared bounty from a neighbor's fig tree—and the trillion mysterious ways this glorious earth delights us. *The Book of (More) Delights* is a volume to savor and share.

Planting Gardens in Graves What She Felt

There are moments when the heart no longer wishes to feel because everything it's felt up until then has brought it nothing but anguish. In *She Felt Like Feeling Nothing*, r.h. Sin pursues themes of self-discovery and retrospection. With this book, the poet intends to create a safe space where women can rest their weary hearts and focus on themselves. *She Felt Like Feeling Nothing* is the first book in the "What She Felt" series.

No art has been denounced as often as poetry. It's even bemoaned by poets: "I, too, dislike it," wrote Marianne Moore. "Many more people agree they hate poetry," Ben Lerner writes, "than can agree what poetry is. I, too, dislike it and have largely organized my life around it and do not experience that as a contradiction because poetry and the hatred of poetry are inextricable in ways it is my purpose to explore." In this inventive and lucid essay, Lerner takes

the hatred of poetry as the starting point of his defense of the art. He examines poetry's greatest haters (beginning with Plato's famous claim that an ideal city had no place for poets, who would only corrupt and mislead the young) and both its greatest and worst practitioners, providing inspired close readings of Keats, Dickinson, McGonagall, Whitman, and others. Throughout, he attempts to explain the noble failure at the heart of every truly great and truly horrible poem: the impulse to launch the experience of an individual into a timeless communal existence. In *The Hatred of Poetry*, Lerner has crafted an entertaining, personal, and entirely original examination of a vocation no less essential for being impossible.

She's Strong, But She's Tired FSG Originals

One of the best-known experimental novels of the 1960s, *Beautiful Losers* is Leonard Cohen's most defiant and uninhibited work. As imagined by Cohen, hell is an apartment in Montreal, where a bereaved and lust-tormented narrator reconstructs his relations with the dead. In that hell two men and a woman twine impossibly and betray one another again and again. Memory blurs into blasphemous sexual fantasy--and redemption takes the form of an Iroquois saint and virgin who has been dead for 300 years but still has the power to save

even the most degraded of her suitors. First published in 1966, *Beautiful Losers* demonstrates that its author is not only a superb songwriter but also a novelist of visionary power. Funny, harrowing, and fiercely moving, it is a classic erotic tragedy, incandescent in its prose and exhilarating for its risky union of sexuality and faith.

Algedonic is an aesthetic outlook on pain and pleasure. Complex emotions simplified into poetic interludes as only r.h. Sin can express. With his trademark of giving simplicity to some of the hardest of emotions, Sin reminds us all that there are often two sides to an emotional story and sometimes the pain transforms into something beautiful, something less problematic and maybe something that reignites a feeling of pleasure.

Philippa is a massively successful Instagrammer at @5ftinf and yet she is only too aware how these little two dimensional squares can limit our experiences and restrict our creativity, so it's not without a little irony that she's written a book to encourage people to step away from their screens and connect more with the 3D world. It's a fascinating subject and I wholeheartedly recommend the book for anyone who's working in the creative industry or is curious about the world around them." - Sophie Robinson (DIY SOS, the Great British Interior Design

Algedonic Andrews McMeel Publishing
This fascinating literary essay, written by the famous American writer and poet, Edgar Allan Poe, explores the mystique of artistic creation. By using his renowned poem 'The Raven' as an example, Poe explains how good writers write well, concluding that brevity, 'unity of effect' and a logical method are the most important factors. Taking the reader through the deliberate choices

made when writing the poem, the author also discusses theme, setting, sound, and the importance of refrain. 'The Philosophy of Composition' (1846) is a perfect read for literary scholars, writers, and fans of Poe. Edgar Allan Poe (1809-1849) was an American writer, poet, editor and literary critic, best known for his gothic, macabre tales that include 'The Fall of the House of Usher', 'The Tell-Tale Heart', and 'The Murders in the Rue Morgue'. One of America's first short story writers, Poe is considered the inventor of detective fiction and a key figure in both horror and science fiction. His work had a profound impact on American and international literature and he was one of the first American writers to earn international recognition. His other notable works include 'The Raven and other Poem's', (1845) 'The Cask of Amontillado', 'The Fall of the House of Usher', and 'The Tell-Take Heart'. With many of his stories adapted for TV and screen, including the gothic 2014 film 'Stonehearst Asylum', starring Kate Beckinsale, Michael Caine, and Ben Kingsley, Poe continues to influence literature, film, and television to this day.
