Discover the incredible untold story of one of Star Wars' most iconic characters, C-3PO, told by the man who knows him best. "Did you hear that?

They've shut down the main reactor! We'll be destroyed for sure. This is madness." These words were the very first to be spoken in any Star Wars movie, and they were spoken by a droid- C-3PO. With his gleaming golden body and good-intentioned (yet worrisome) personality, C-3PO was there at the very beginning. Of course, C-3PO wasn't actually a robot, or some amazing early animatronic creation - he was actually a man named Anthony Daniels. Now, for the very first time, Anthony Daniels will tell C-3PO's story in its entirety, from seeing the first concept images to the early stages of the final film in the Skywalker saga, Star Wars- Episode IX, and in the process, will also tell his own. This includes his encounters with movie legends such as Sir Alec Guinness, what it was like working closely with George Lucas, and the friendships he formed with Mark Hamill, Harrison Ford, Carrie Fisher, and others. But being encased in a solid shell for countless hours also involved hardships, pain, and in some cases real physical danger. In I am C-3PO- The Inside Story, Daniels candidly relays his humorous, unvarnished, and extraordinary story as the man inside the machine, providing fresh new insights for even the most die-hard of Star Wars fans.

For on a junkyard moon, a mysterious envoy of the Sith Eternal has bequeathed a sacred blade to the assassin, promising that it will answer the questions that have haunted him since the Empire fell. From #1 New York Times bestselling author Brandon Sanderson, *The Way of Kings*, Book One of the Stormlight Archive, begins an incredible new saga of epic proportion. Roshar is a world of stone and storms. Uncanny tempests of incredible power sweep across the rocky terrain so frequently that they have shaped ecology and civilization alike. Animals hide in shells, trees pull in branches, and grass retracts into the soilless ground. Cities are built only where the topography offers shelter. It has been centuries since the fall of the ten consecrated orders known as the Knights Radiant, but their Shardblades and Shardplate remain: mystical swords and suits of armor that transform ordinary men into near-invincible warriors. Men trade kingdoms for Shardblades. Wars were fought for them, and won by them. One such war rages on a ruined landscape called the Shattered Plains. There, Kaladin, who traded his medical apprenticeship for a spear to protect his little brother, has been reduced to slavery. In a war that makes no sense, where ten armies fight separately against a single foe, he struggles to save his men and to fathom the leaders who consider them expendable. Brightlord Dalinar Kholin commands one of those other armies. Like his brother, the late king, he is fascinated by an ancient text called *The Way of Kings*. Troubled by over-powering visions of ancient times and the Knights Radiant, he has begun to doubt his own sanity. Across the ocean, an untired young woman named Shallan seeks to train under an eminent scholar and notorious heretic, Dalinar's niece, Jasnah. Though she genuinely loves learning, Shallan's motives are less than pure. As she plans a daring theft, her research for Jasnah hints at secrets of the Knights Radiant and the true cause of the war. The result of over ten years of planning, writing, and world-building, *The Way of Kings* is but the opening movement of the Stormlight Archive, a bold masterpiece in the making. Speak again the ancient oaths: Life before death. Strength before weakness. Journey before Destination. and return to men the Shards they once bore. The Knights Radiant must stand again.
