What is it like to travel with others for adventure, lust and god? This delightful travelogue, in which Srinath Perur embarks upon ten conducted tours, is full of rich experiences: hanging on to a camel in the Thar Desert, joining

thousands on a pilgrimage in Maharashtra, crossing living root bridges near Cherrapunji, rediscovering music while on the trail of Kabir, and a lot more. As much about people as it is about places, the book is also a reflection of the nature of popular travel today, which is marked by the packaging of experiences, the formation of tourist economies and compulsive picture-taking. How this influences tourists comes across vividly: in their creation of a mini India on a bus as they race through treasured sights in Europe; in their perfunctory devotion as they hop from temple to temple in Tamil Nadu; and in their 'enjoying' with

sex workers far away from home. Ironic, and often comic, *If It's Monday It Must Be Madurai* is an idiosyncratic portrait of India and her people.

Lacking a single immigration code, Chinese immigration law is widespread, encompassing a variety of laws, regulations and policies, some of which are internal and closed. There is also no immigration cases system. These factors have combined to make the study and understanding of the

system difficult for those outside or unfamiliar with this area of Chinese law. To add to this complexity, since the reform and opening-up policy in 1978, Chinese immigration law has been experiencing significant change. In particular, that brought about by the acceptance of a market economy in 1991, and with access to World Trade Organization membership in 2001. Due to the dilation of the legislation, the issue of conflict between Chinese immigration law and other Chinese laws has become serious. This book provides a comprehensive, up-to-date, and readily-accessible reference to Chinese immigration law. It provides the necessary detail,

insight and background information for a thorough understanding of this complex system. The book has been written on the basis of Chinese statutes while also including coverage of the relevant international instruments. The work draws on and compares Chinese and English language sources, making it an invaluable resource for both Chinese and non-Chinese readers alike.

of the Savior on Spilled Blood, Linnanmäki (a classic amusement park), and Toompea Castle. Shivya Nath quit her corporate job at age

twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears.
