## GEORGE KRAMER

---

### Religion in America DigiCat

In stark contrast to the biblical skepticism of our modern age, *Where God Came Down* emphasizes agreement between the Bible and archaeology. Using Scripture as his primary ancient text and most crucial interpretive tool, author Joel Kramer examines the archaeological record for ten locations recorded in the Bible. What is the evidence that supports these sites as the actual biblical places?—is a question that Kramer seeks to answer by analyzing five Old Testament sites and five New Testament sites. Does it matter to know if these sites are authentic?—is another critical question raised. Kramer responds with a resounding, Yes! It matters because the Bible is not a made-up account of antiquity, as many today claim. Instead, the Bible is a record of real events and actual places that can be traced through the course of centuries. Peeling back layers of dirt and time, Kramer expertly

lays out the archaeological evidence for his chosen biblical sites. But more than that, he carefully reveals the profound spiritual significance that ordinary, unimportant places became the setting where redemption's story played out on earth—the places Where God Came Down.

### History of the Church of Jesus Christ of Latter-day Saints (Vol. 1-7) Hachette UK

Collecting documents culled from the writings of ancient Greek and Roman authors, this book provides a glimpse of what life was like in ancient times and illustrates the relevance of these long-ago civilizations to modern life. *Voices of Ancient Greece and Rome: Contemporary Accounts of Daily Life* sheds light on various aspects of Greek and Roman daily life by examining excerpts from the works of ancient authors who wrote about these topics. Written to help readers truly understand what life within an ancient civilization was like, each entry is preceded by background information and followed by thought-provoking questions. This book covers fascinating topics such as domestic life, employment, housing, food and clothing, sports and games,

public safety, education, health care, politics, and religion. Each chapter contains several relevant documents excerpted from the writings of ancient authors accompanied by background information, reading and thought questions, bibliographical data, and suggestions for further reading. An introductory essay to the volume, a guide for evaluating original sources, and bio-notes on the ancient authors are also included. As with other volumes in the Greenwood Voices of an Era series, this book contains much more than just a series of documents: it provides the information and tools that will promote critical thinking and support the research process.

*Where No Gods Came* Bloomsbury Publishing USA

Presents an overview of the history of religion in America and includes excerpts from primary source documents, short biographies of influential people, and more.

*Encyclopaedia Metropolitana; or, Universal dictionary of knowledge, on an original plan ... with ... engravings:*

*Miscellaneous and lexicographical* Good Press

First published in 1997, this is the comprehensive and irrefutable proof of the flesh-and-blood gods who created us genetically in their own image. This interventionist solution identifies them as the builders of the Pyramids, Sphinx and other ancient sites. Up-to-date evidence is that the gods were real and came from within the Solar System.

*Where God Came Down* A&C Black

In this book Vernon K. Robbins provides an accessible introduction to socio-rhetorical criticism, illustrating the method by guiding the reader through the study of specific New Testament texts and stories. An opening chapter outlines this new approach and its focus on values, convictions, and beliefs both in the text we read and in the world in which we live. Then follow studies and exercises dealing with specific textural features: inner texture, intertexture, social and cultural texture, ideological texture, and sacred texture.

*Voices of Ancient Greece and Rome* The Good Book Company

Collected here in one omnibus edition are all four of John H. Haaren's Famous Men Series. Included are Famous Men of Greece, Famous Men of Rome, Famous Men of the Middle Ages, and Famous Men of Modern Times. These four books will entertain and enlighten your children. They will inform about Aristotle, Ptolemy, Ulysses, Pericles, Alexander the Great, Horatius, Camillus, Caesar, Cicero, Marcus Aurelius, Attila the Hun, Charlemagne, William the Conqueror, Edward the Black Prince, Joan of Arc, Lorenzo de Medici, Christopher Columbus, Galileo, Newton, Napoleon, Gladstone, George Washington, and many, many others.

*Traditions of the Arikara* Independently Published

"Luminous... a beautiful book." - Carolyn See For Vietnam veteran Jesse Pasadoble, now a defense attorney living in San Francisco, the battle still rages: in his memories, in the gang wars erupting on Potrero Hill, and in the recent slaying of two women: one black, one Vietnamese. While seeking justice for the young man accused of this brutal double murder, Jesse must walk with the ghosts of men who died on another hill... men who were his comrades and friends in a war that crossed racial divides. *Gods Go Begging* is a new classic of Latino literature, a literary detective novel that moves seamlessly between the jungles of Vietnam and the streets of modern day San Francisco. Described as "John Steinbeck crossed with Gabriel García Márquez", Véa weaves a powerful and cathartic story of war and peace, guilt and innocence, suffering and love - and of one man's climb toward salvation.

*Select Notes Expedition Bible*

The Iliad is a riddle, wrapped in a mystery, inside an enigma, for which Barry Powell, one of the twenty-first century's leading Homeric scholars, has given us a magnificent new translation. Graceful, lucid, and energetic, Powell's translation renders the Homeric Greek with a simplicity and dignity reminiscent of the original. The text immediately engrosses students with its tight and balanced rhythms, while the incantatory repetitions evoke a continuous "stream of sound" that offers as good an impression of Homer's Greek as one could hope to attain without learning the language. Accessible, poetic, and accurate, Powell's translation is an excellent fit for today's students. With swift, transparent language that rings both ancient and modern, it exposes them to all of the rage, pleasure, pathos, and humor that are Homer's Iliad. Both the translation and the introduction are informed by the best recent scholarship. FEATURES \* Uses well-modulated verse and accurate English that is contemporary but never without dignity \* Powell's introduction sets the poem in its philological, mythological, and historical contexts \* Features unique on-page notes, facilitating students' engagement with the poem \* Embedded illustrations accompanied by extensive captions provide Greek and Roman visual sources for key passages in each of the poem's twenty-four books \* Eight maps (the most of any available translation) provide geographic context for the poem's many place names \* Audio recordings (read by Powell) of fifteen important passages are available at [www.oup.com/us/powell](http://www.oup.com/us/powell) and indicated in the text margin by an icon

*Gods of the New Millenium* University of Hawaii Press

*Myths of the Greeks and Romans* is an essential guide to ancient literature The myths told by the Greeks and Romans are as important as their history for our understanding of what they believed, thought and felt, and of what they expressed in writing and visual art. Mythology was inextricably interwoven with the entire fabric of their public and private lives. This book discusses not only the purely fictional myths, fairy-tales and folk-tales but the sagas and legends which have some historical grounding. This is not a dictionary of stories, rather a personal selection of

the most important and memorable. Michael Grant re-tells these marvellous tales, and then explores the different ways in which they have appeared throughout literature. It is an inspiring study, filled with quotations from literary sources, which gives the reader a fascinating exposition of ancient culture as well as an understanding of how vital the classical world has been in shaping the western culture of today.

**The Little Gods: A Masque of the Far East** Good Press  
 Profound reflections on the cross that help you to meditate on and marvel at the sacrificial love of Jesus. This book can be used as a devotional, especially during Lent and Easter. These profound reflections on the cross from David Mathis, author of *The Christmas We Didn't Expect*, will help you to meditate on and marvel at Jesus' life, sacrificial death, and spectacular resurrection-enabling you to treasure anew who Jesus is and what he has done. Many of us are so familiar with the Easter story that it becomes easy to miss subtle details and difficult to really enjoy its meaning. This book will help you to pause and marvel at Jesus, whose now-glorified wounds are a sign of his unfailing love and the decisive victory that he has won: "He was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was on him, and by his wounds we are healed." (Isaiah 53:5) This book can be used as a devotional. The chapters on Holy Week make it especially helpful during the Lent season and at Easter.

*Rich Wounds* New English Library

Where No Gods Came, the 2003 winner of the Michigan Literary Fiction Award for original novel, is a candid portrait of the unlikely faces of good and evil, and how an innocent must learn to recognize them to endure

**John H. Haaren's Complete Famous Men Series** eBookIt.com

Published in 1904, this forgotten classic is sci-fi and dystopia at its best, written by the creator and master of the genre Following extensive research in the field of "growth," Mr. Bensington and Professor Redwood light upon a new mysterious element, a food that causes greatly accelerated development. Initially christening their discovery "The Food of the Gods," the two scientists are overwhelmed by the possible ramifications of their creation. Needing room for experiments, Mr. Besington chooses a farm that offers him the chance to test on chickens, which duly grow monstrous, six or seven times their usual size. With the farmer, Mr. Skinner, failing to contain the spread of the Food, chaos soon reigns as reports come in of local encounters with monstrous wasps, earwigs, and rats. The chickens escape, leaving carnage in their wake. The Skinners and Redwoods have both been feeding their children the compound illicitly—their eventual offspring will constitute a new age of giants. Public opinion rapidly turns against the scientists and society rebels against the world's new flora and fauna. Daily life has changed shockingly and now politicians are involved, trying to stamp out the Food of the Gods and the giant race. Comic and at times surprisingly touching and tragic, Wells' story is a cautionary tale warning against the rampant advances of science but also of the dangers of greed, political infighting, and shameless vote-seeking.

**THE COMPLETE WORKS OF RUDYARD KIPLING (Illustrated Edition)**  
 Canongate Books

History of the Church of Jesus Christ of Latter-day Saints (originally entitled History of Joseph Smith) is a semi-official history of the early Latter Day Saint movement during the lifetime of founder Joseph Smith. It is largely composed of Smith's writings and interpretations and editorial comments by Smith's secretaries, scribes, and after Smith's death, historians of The Church of Jesus Christ of Latter-day Saints. The history was written between 1839 and 1856. It was later published in its entirety with extensive annotations and edits by B. H. Roberts as

History of the Church of Jesus Christ of Latter-day Saints. The first six volumes of this work cover the "History of Joseph Smith" from his birth in 1805 to his death in 1844. Volume seven covers the material from immediately after Smith's death in June 1844 until the church's first general conference in Salt Lake City.   
 Volume 1: 1805 - December 1833   
 Volume 2: January 1834 - December 1837   
 Volume 3: January 1838 - July 1839   
 Volume 4: July 1839 - May 1842   
 Volume 5: May 1842 - August 1843   
 Volume 6: September 1843 - June 1844   
 Volume 7: June 1844 - October 1848

**The Food of the Gods** BoD - Books on Demand

Once there was no sea, and the gods went walking over the green plains of earth. Upon an evening of the forgotten years the gods were seated on the hills, and all the little rivers of the world lay coiled at Their feet asleep, when Slid, the new god, striding through the stars, came suddenly upon earth lying in a corner of space. And behind Slid there marched a million waves, all following Slid and tramping up the twilight; and Slid touched Earth in one of her great green valleys that divide the south, and here he encamped for the night with all his waves about him. But to the gods as They sat upon Their hilltops a new cry came crying over the green spaces that lay below the hills, and the gods said: "This is neither the cry of life nor yet the whisper of death. What is this new cry that the gods have never commanded, yet which comes to the ears of the gods?" And the gods together shouting made the cry of the south, calling the south wind to them. And again the gods shouted all together making the cry of the north, calling the north wind to Them; and thus They gathered to Them all Their winds and sent these four down into the low plains to find what thing it was that called with the new cry, and to drive it away from the gods. Then all the winds harnessed up their clouds and drave forth till they came to the great green valley that divides the south in twain, and there found Slid with all his waves about him. Then for a space Slid and the

**Revelation** Simon and Schuster

Hawaiian Legends & Myths is a collection of books by William Drake Westervelt, one of Hawaii's foremost authorities on island folklore. It contains five books Westervelt wrote about Hawaiian legends, folklore and mythology. "Legends of Maui" includes numerous myths of Māui, Polynesian demi god of Polynesia and Hina who is sometimes in myths his mother, and sometimes his wife. These myths and legends originate from various island groups around the Pacific and they are presented in a clear and thorough manner. "Legends of Old Honolulu" is collection of ancient Hawaiian folktales which also includes some information about where the Hawaiians came from and the sacred places in Honolulu. As might be expected in stories originating on a small island, many of them feature the sea, boats, sea creatures or water. "Legends of Gods and Ghost-Gods" focuses on Polynesian mythology, taking a close look at Hawaiian folktales, mythology, and the history of the polytheistic practices still in place to this day. "Hawaiian Legends of Volcanoes" - The first part of this book focuses on the legends of Hawaii and its volcanoes. The second part considers the geology of the region and discusses the crack in the floor of the Pacific, Hawaiian volcanoes, volcanic activity and the changes in the Kilauea crater. It also looks at the foundation of the observatory. "Hawaiian Historical Legends" take the reader through Hawaiian history from ancient times to becoming an American state. He adds that Hawaiian people are not overly concerned with dates but that these stories are all related one to another.

*Encyclopædia metropolitana; or, Universal dictionary of knowledge, ed. by E. Smedley, Hugh J. Rose and Henry J. Rose. [With] Plates* Tate Publishing

William Alexander Linn's 'The Main LDS Books' is an extensive

compilation that serves as a thorough introduction and academic resource on the core texts and writings that underpin the Church of Jesus Christ of Latter-day Saints (LDS). This collection not only includes the cardinal works of scripture—The Bible (KJV), The Book of Mormon, The Doctrine and Covenants, and The Pearl of Great Price—but it also encompasses a wealth of doctrinal essays, discourses, and biographies by influential LDS leaders and scholars. With a keen editorial eye, the texts are arranged to present an overarching narrative of the LDS faith and its teachings, shedding light on its theology, history, and the lives of its founders. The scholarly exposition is complemented by an examination of the Church's theological evolution through seminal works, such as 'Jesus the Christ' by Talmage and 'A Rational Theology' by Widtsoe, contextualizing the LDS Church within the broader Christian tradition and American religious history. Linn himself, historically known for his critical views on Mormonism, notably in his book 'The Story of the Mormons,' has here taken on the role of editor to present an unvarnished and comprehensive outlook on Mormon writings. His extensive research into Mormon history and doctrines, as indicated in his past works, equips him with a unique perspective that brings forth the complexities and nuances of the LDS Church. Through 'The Main LDS Books,' Linn offers an inclusive treasury that gives readers the opportunity to explore and understand the LDS faith from its foundational texts, through prophetic teachings and expositions, to the vibrant histories of its leaders. This collection is recommended for scholars, theologians, historians, and anyone with a keen interest in the intricacies of the LDS Church and its canonical literature. It provides an unparalleled resource for comprehensive study, reflection, and discourse on the multifaceted aspects of Mormon thought and leadership. Whether one approaches this collection from an academic, faith-based, or historical standpoint, 'The Main LDS Books' is an indispensable anthology that delivers depth, variety, and scholarly insight into one of the most intriguing religious movements of the modern era.
