"Highsmith's novels are peerlessly disturbing...bad dreams that keep us thrashing for the rest of the night." —The New Yorker For two years, Walter Stackhouse has been a faithful and supportive husband to his wife, Clara. She is distant and neurotic, and Walter finds himself harboring gruesome fantasies about her demise. When Clara's dead body turns up at the bottom of a cliff in a manner uncannily resembling the recent death of a woman named Helen Kimmel who was murdered by her husband, Walter finds himself under intense scrutiny. He commits several blunders that claim his career and his reputation, cost him his friends, and eventually threaten his life. The Blunderer examines the dark obsessions that lie beneath the surface of seemingly ordinary people. With unerring psychological insight, Patricia Highsmith portrays characters who cross the precarious line separating fantasy from reality.

The No. 1 bestselling author Stephen King's novella *The Sun Dog*, published in his award-winning 1990 story collection *Four Past Midnight*, is now available as a standalone publication. It's mine - that was what he had thought when his finger had pushed the shutter-button for the first time. Now he found himself wondering if maybe he hadn't gotten that backward. Kevin Delevan wants only one thing for his fifteenth birthday: a Polaroid Sun 660. There's something wrong with his gift, though. No matter where Kevin aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the Polaroid film as if it intends to break through. When old Pop Merrill, Castle Rock's sharpest trader, gets wind of this phenomenon, he devises a way to profit from it. But the *Sun Dog*, a beast that shouldn't exist at all, turns out to be a very dangerous investment.

Ich bin oft gebeten worden, die Geschichte des Rubinrings zu erzählen, und ich tue dies nun meinen Kindern zuliebe. Es mag sie ein wenig lehren, aber es wird sie sicherlich amüsieren und interessieren. Ich bin jetzt fast dreißig, aber als die Geschichte mit dem Ring passierte, war ich zwischen neunzehn und zwanzig. Es ist also noch gar nicht so lange her, und alle Ereignisse sind mir noch gut in Erinnerung. Wir lebten auf dem Land, etwa dreißig Meilen von London entfernt. Selbst vor zehn Jahren gab es viele schnelle Züge, und mein Vater und meine Brüder fuhren jeden Morgen in die Stadt und kehrten abends rechtzeitig für eine Art gemischte Mahlzeit zwischen Abendessen und Abendbrot zurück.

A true crime author turns to a reclusive tech whiz to help stop a copycat serial killer in this romantic thriller by the New York Times bestselling author. A serial killer is targeting prostitutes and runaways—the sort of women no one would notice were missing if not for the photographs of their lifeless bodies, posed in the back of a semi-trailer. It's all disturbingly similar to the infamous Trucker murders. But this isn't just a copycat. It's a vendetta. Carmen Jacobs interviewed the world's most terrifying serial killers for her bestselling book, *The Heart of a Predator*. The police might not believe her, but she knows there's a monster out there, paying homage to other murderers. The only person who can predict where he'll strike next is reclusive software millionaire Griffin

Archer—a man with ample reason not to help Carmen. Carmen has charmed her way past Griffin's defenses before. He didn't intend to let it happen again. But with a psycho sending her gruesome trophies, Griffin has no choice but to get involved. The clues point to a killer who knows Carmen's work, her past, and her secrets—someone determined to make all her deepest fears come true . . .
