The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-

winning satire by the Algerian-born Italian author (Publishers Weekly). Piazza Vittorio is home to a polyglot community of immigrants who have come to Rome from all over the world. But when a tenant is murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbroglios of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

Fabrizio Garrone is an impoverished but aristocratic translator who has been living a life of quiet desperation in Milan. He feels underappreciated and tormented by a persistent sense of having been cheated by life. But when he reads about a lost Viennese novel -- The House on Moon Lake --

in the journals of a late esteemed literary critic, he dreams that this project will put him on the cultural and literary map, and finally bring him the accolades that have eluded him. Fabrizio journeys to Vienna, tracks down the book, and translates it, and in so doing embarks on a nightmarish search for the truth behind the events depicted in it, as well as for clues about the tragic life of its forgotten author. When asked to write a short biography of the novelist, Fabrizio must invent details missing from the last three years of his subject's life. The resulting biography is a publishing phenomenon. But the repercussions for Fabrizio are profound: he becomes the willing victim of a person he had thought to be fictional.

Questo volume è il frutto di un percorso di formazione biennale organizzato nell'ambito del Progetto PRILS (Piani Regionali di Integrazione Linguistica e Sociale degli Stranieri nel Lazio) e rivolto a insegnanti di italiano come lingua seconda che operano nei CPIA e in associazioni di volontariato. Grazie alle competenze sviluppate durante il percorso formativo, i partecipanti al corso, suddivisi in gruppi, hanno elaborato un manuale per l'insegnamento dell'italiano come L2 articolato in quindici Unità di lavoro - 8 per il livello A1 e 7 per il livello A2 del Quadro Comune. In linea con le indicazioni del Quadro Comune, nei sillabi, così come nei testi e nelle attività, il manuale privilegia un orientamento comunicativo, con particolare attenzione all'uso della lingua in contesto e ai bisogni degli apprendenti, non trascurando l'insegnamento di elementi di educazione civica.

The past few years have witnessed a growing academic interest in Italian Studies and an increasing number of symposia and scholarly activities. This volume originates from the Society for Italian Studies Postgraduate Colloquia that took place at the University of Leicester and Cambridge in June 2004 and April 2005 respectively. It gathers together articles by young researchers working on various aspects of Italian Studies. It well illustrates current trends in both typical areas of research, like literature and 'high culture', and in those which have gained momentum in recent years, like translation and language studies. The volume offers a taste of the dynamic outlook of current research in Italian Studies: the interdisciplinary approach of the essays in translation and gender studies, and the innovative methodological perspectives and findings offered by the new fields of Italian L2 and ethnography. The book is divided into three sections, each grouping contributions by broad subject areas: literature and culture, translation and gender studies, language and linguistics. Cross-fertilizations and interdisciplinary research emerge from several essays and the coherent ensemble constitutes an example of the far-reaching results achieved by current research.

Prosegue il viaggio divertente e colto di Gianpaolo Dossena attraverso la letteratura italiana. Una letteratura che si apre anche ai viaggiatori e ai mistici, agli stimoli che arrivano da ogni parte, in un'Italia che di italiano ha ancora ben poco. In questo secondo e ultimo volume si incontrano i grandi umanisti, la nascita della stampa, ma anche Bandello e Macchiavelli, Tasso e Galilei in una scansione riferita sempre a una data e a un luogo, ancorata a una storia e a una geografia rigorose. Lo stile è sempre quello divulgativo ma concreto, imprevedibile ma serissimo di un letterato che si dichiarava 'un profano di professione, un dilettante, un uomo libero'.

Cultural and intellectual dynamism often stand in close relationship to the expression of viewpoints and positions that are in tension or even conflict with one another. This phenomenon has a particular relevance for Early Modern Europe, which was heavily marked by polemical discourse. The dimensions and manifestations of this *Streitkultur* are being explored by an International Network funded by the Leverhulme Trust (United Kingdom). The present volume contains the proceedings of the Network's first colloquium, which focused on the forms of Renaissance conflict and rivalries, from the perspectives of history, language and literature.

This manual focuses on teaching Italian as a foreign language in the academic field, taking into consideration the various subjects and disciplines that can be found in a university course in Italian Studies. Various chapters are included within that range, for example, from Italian phonetics and dialectology to art as a means to deepen elements of the Italian language, to morphology with word formations, and to translation as well as subtitling. The range also covers technology as a tool for telecollaboration, academic writing, and learning Italian through geography or the language of vulgarity. Besides, the manual takes into consideration the use of the Italian press for learning, together with the use of comics and cartoons to teach the Italian language. The contribution aims to be a point of reference both for teachers and students who are focusing on linguistics, philology, didactics, and pedagogy. It lays emphasis on the teaching methodology, the instruments of teaching, and the available resources. It also seeks to deal with the various teaching problems and reflects on the disciplines as well as alternative proposals for teaching.

The book takes its lead from academic Annamaria Pagliaro's experience straddling Australia and Italy over a thirty-year period. As both former colleagues and collaborators of Pagliaro, we editors intend to open a kaleidoscope of perspectives on the international research landscape in the fields of Italian and Anglophone studies, starting from Pagliaro's own contribution to the creation of relations between the two cultures in the period that saw her work transnationally as Director of the Monash University Prato Centre (2005-2008).

Insegnare la letteratura italiana a stranieri Bur

Insegnare letteratura a stranieri è davvero una sfida - gli autori sono tanti; la lingua letteraria è difficile, molto distante da quella insegnata dai manuali; a molti studenti mancano le coordinate per comprendere il contesto in cui sono state scritte certe opere; per molti studenti studiare letteratura vuol dire studiare testi, analizzarli, più che approfondire la storia della letteratura. Questa storia letteraria con testi annotati, presentati per un'analisi guidata, risponde a questi problemi, cercando di restare in un minimo di pagine, pensando ai problemi dello studente straniero. L'opera fa parte della collana 'Progetto Cultura italiana' - che include testi di cultura italiana per stranieri.
