Delve into your data for the key to success Data mining is quickly becoming integral to creating value and business momentum. The ability to detect unseen patterns hidden in the numbers exhaustively

generated by day-to-day operations allows savvy decision-makers to exploit every tool at their disposal in the pursuit of better business. By creating models and testing whether patterns hold up, it is possible to

discover new intelligence that could change your business's entire paradigm for a more successful outcome. *Data Mining for Dummies* shows you why it doesn't take a data scientist to gain this advantage, and empowers average business people to start shaping a process relevant to their business's needs. In this book, you'll learn the hows and whys of mining to the depths of your data, and how to make the case for heavier investment into data

mining capabilities. The book explains the details of the knowledge discovery process including: Model creation, validity testing, and interpretation Effective communication of findings Available tools, both paid and open-source Data selection, transformation, and evaluation *Data Mining for Dummies* takes you step-by-step through a real-world data-mining project using open-source tools that allow you to get immediate hands-on experience working with large amounts of data.

You'll gain the confidence you need to start making data mining practices a routine part of your successful business. If you're serious about doing everything you can to push your company to the top, *Data Mining for Dummies* is your ticket to effective data mining. have a background in video or access to fancy equipment—Digital Filmmaking For Kids makes it easy to get up and running with digital filmmaking! This fun and friendly guide walks you through a ton of cool projects that introduce you to all stages of filmmaking. Packed with full-color photos, easy-to-follow instruction, and simple examples, it shows you how to write a script, create a storyboard, pick a set, light a scene, master top-quality sound, frame and shoot, edit, add

special effects, and share your finished product with friends or a global audience. Anyone can take a selfie or upload a silly video to YouTube—but it takes practice and skill to shoot professional-looking frames and make your own short film. Written by a film and video professional who has taught hundreds of students, this kid-accessible guide provides you with hands-on projects that make it fun to learn all aspects of video production, from

planning to scripting to filming to editing. Plus, it includes access to videos that highlight and demonstrate skills covered in the book, making learning even easier and less intimidating to grasp. Create a film using the tools at hand Plan, script, light and shoot your video Edit and share your film Plan a video project from start to finish If you're a student aged 7-16 with an interest in creating and sharing your self-made video, this friendly guide lights the way for your

start in digital filmmaking.

Take an inward journey for a happier, healthier life. Meditation has been used for centuries to reduce stress, increase energy, and enhance overall health and well-being—so it's no wonder more and more people in today's fast-paced and stress-centric world are adopting this age-old practice. If you want to achieve a greater state of calmness, physical relaxation, and

psychological balance, *Meditation For Dummies* is your life raft. Covering the latest research on the health benefits of meditation, this new edition explains in plain English how you can put meditation into practice today and start reaping the benefits of living a more mindful life. Whether you're new to meditation or a seasoned practitioner coming back for a refresher course, this plain-English guide provides a wealth of tips and techniques for sitting (or lying) down with your

mind to meditate successfully. From preparing your body for meditation to focusing your awareness and being open to the present moment, it covers everything you need to put distractions to rest and open yourself up to a meditation practice that works for you. Provides the latest research on the causes of happiness and how meditation can improve your mood. Includes a new chapter on the growing trend of meditation in the workplace. Explains how

meditation and other mindfulness practices have made their way into hospitals, schools, prison, and military groups. Illustrates the benefits of taking time to consciously cultivate mindfulness through meditation. If you're ready to find some zen and benefit from all meditation has to offer, this friendly guide sets you up for success.

The simple guide to

managing your personal brand, a vital element of success in the professional world *Personal Branding For Dummies*, 2nd Edition, is your guide to creating and maintaining a personal trademark by equating self-impression with other people's perceptions. This updated edition includes new information on expanding your brand through social media, online job boards, and communities, using the tried and true methods that are the foundation of personal branding.

Marketing your skills and personality, and showing the rest of the world who you are, gives you a competitive edge. Whether you're looking for your first job, considering changing careers, or just want to be more viable and successful in your current career, this guide provides the step-by-step information you need to develop your personal brand. Distinguishing yourself from the competition is important in any facet of business, and the rise of personal

branding has evolved specifically to help candidates stand out from the global talent pool. Establishing a professional presence with a clear and concise image, reputation, and status is a must, whether you're a new grad or an accomplished executive. Personal marketing has never been more important, and your personal brand should communicate the best you have to offer. *Personal Branding For Dummies, 2nd Edition*, leads you step by step

through the self-branding process. Includes information on how to know the "real" you Explains how to develop a target market positioning statement Helps you make plans for your personal brand communications Instructs you with ways to make your mark on your brand environment The book also discusses continued brand building, demonstrating your brand, and the 10 things that can sink your brand. A personal brand is more than just a business card

and a resume. It should be exquisitely crafted to capture exactly the image you wish to project. *Personal Branding For Dummies, 2nd Edition* provides the information, tips, tricks, and techniques you need to do it right. [Java Programming for Android Developers For Dummies](#) John Wiley & Sons Develop your own personal weight loss plan based on sound expert advice *Total Body Diet for Dummies* is your expert-led guide to losing weight

— and keeping it off — the healthy way. It's easy to fall into the trap of fad diets with their promises of fast results and little effort, but fad diets are often ineffective at best, or downright dangerous at worst. This book gives you the benefit of expertise instead, putting Academy of Nutrition and Dietetics guidelines right at your fingertips. You'll learn why physical activity, calorie counting, and psychological support are the cornerstones of successful and lasting weight loss, and why you

should track your food intake, exercise, and sleep. You'll learn all about the various tools that can help you reach your goals, including mindful eating, wearable technology and mobile apps, and how to choose the right ones for you. Written by a registered dietitian nutritionist, these easy-to-follow and simple-to-apply tips will help you develop a customized weight loss plan without upending your day-to-day life or breaking your budget. Conflicting guidance and

questionable sources can make it that much harder to lose weight successfully without the help of a knowledgeable professional. This book cuts through the noise to bring you real guidance based on real research, with true expert advice to help you: Lose weight for good in a mindful way Become lean, strong, and healthy Stay on track with wearable tech Feel better and get energized Losing weight is not about 'magical' foods or self-deprivation. It's about your overall pattern of

food intake, and most foods can fit into a healthy pattern in moderation. You just need to learn how to do it mindfully. *Total Body Diet for Dummies* is the supportive, informative guide you need to get right on track to a healthier you.
