Taylor & Francis
A literary gem – a portrait from life of Franz Kafka – now with an ardent preface by Francine Prose, avowed “fan of Janouch’s odd and beautiful book.” Gustav Janouch met Franz Kafka, the celebrated author of *The Metamorphosis*, as a seventeen-year-old fledgling poet. As Francine Prose notes in her wonderful preface, “they fell into the habit of taking long strolls through the city, strolls on which Kafka seems

to have said many amazing, incisive, literary, and per- things to his companion and interlocutor, the teenage Boswell of Prague. Crossing a windswept square, apropos of something or other, Kafka tells Janouch, “Life is infinitely great and profound as the immensity of the stars above us. One can only look at it through the narrow keyhole of one’s personal experience. But through it one perceives more than one can see. So above all one must keep the keyhole clean.” They talk about writing (Kafka’s own, but also that of his favorite writers: Poe, Kleist, and Rimbaud, who “transforms vowels into colors”) as well as technology, film, crime,

Darwinism, Chinese philosophy, carpentry, insomnia, street fights, Hindu scripture, art, suicide, and prayer.

“Prayer,” Kafka notes, brings “its infinite radiance to bed in the frail little cradle of one’s own existence.”

brand new Office! Outlook 2010 Level 2 Open Book Publishers According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and

elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art.

Treasuries of France, and other sources. The works of Limoges were created for important ecclesiastical and royal patrons. The wealth of enameling preserved from the Treasury of the abbey of Grandmont, just outside Limoges, is due chiefly to the Plantagenet patronage of Henry II and his queen, Eleanor of Aquitaine. Enamels created during their reign resonate with the elegant style of the court, and the dramatic history of Henry's monarchy is evoked by such works as the.

Traveling in French Cinema U of Nebraska Press

In 1911 Vasily Kandinsky published the first edition of 'On the Spiritual in Art', a landmark modernist treatise in which he sought to reframe the meaning of art and the true role of the artist. For many artists of late Imperial Russia – a culture deeply influenced by the regime's adoption of Byzantine Orthodoxy centuries before – questions of religion and spirituality were of paramount importance. As artists and the wider art community

experimented with new ideas and interpretations at the dawn of the twentieth century, their relationship with 'the spiritual' – broadly defined – was inextricably linked to their roles as pioneers of modernism. This diverse collection of essays introduces new and stimulating approaches to the ongoing debate as to how Russian artistic modernism engaged with questions of spirituality in the late nineteenth to mid-twentieth centuries. Ten chapters from emerging and established voices offer new perspectives on Kandinsky and other familiar names, such as Kazimir Malevich, Mikhail Larionov, and Natalia Goncharova, and introduce less well-

known figures, such as the Georgian artists Ucha Japaridze and Lado Gudishvili, and the craftswoman and art promoter Aleksandra Pogosskaia. Prefaced by a lively and informative introduction by Louise Hardiman and Nicola Kozicharow that sets these perspectives in their historical and critical context, *Modernism and the Spiritual in Russian Art: New Perspectives* enriches our understanding of the modernist period and breaks new ground in its re-examination of the role of religion and spirituality in the visual arts in late Imperial Russia. Of interest to historians and enthusiasts of Russian art, culture, and religion, and those of international

modernism and the avant-garde, it offers innovative readings of a history only partially explored, revealing uncharted corners and challenging long-held assumptions.

The End of Sacrifice

John Wiley & Sons

"The essays in this stimulating collection attest to the scope and variety of Russia's influence on British culture. They move from the early nineteenth century -- when Byron sent his hero Don Juan to meet Catherine the Great, and an English critic sought to come to terms with the challenge of Pushkin -- to a series of Russian-themed exhibitions at venues including the Crystal Palace and Earls Court. The collection looks at British encounters with Russian music, the absorption with Dostoevskii and Chekhov, and finishes by shedding light on Britain's engagement with Soviet film."--Back cover.
