"The" Life and Correspondence of Major-General Sir John Malcolm Profile Books

Joseph Emerson attended Harvard College and taught in Framingham, Mass., until his call in 1803 to the pulpit in Beverly. In 1816, he resigned this position because of ill health, and subsequently taught and/or served churches in Byfield and Saugus, Mass., and Wethersfield, Conn. He took two long visits to Charleston, S.C. This biography, by his brother, concludes with a genealogical survey of the Emerson family.

In this book, Mary Townsend proposes that, contrary to the current scholarship on Plato's Republic, Socrates does not in fact set out to prove the weakness of women. Rather, she argues that close attention to the drama of the Republic reveals that Plato dramatizes the reluctance of men to allow women into the public sphere and offers a deeply aporetic vision of women's nature and political position—a vision full of concern not only for the human community, but for the desires of women themselves.

Fresh out of Glasgow Veterinary College, to the young James Herriot 1930s Yorkshire seems to offer an idyllic pocket of rural life in a rapidly changing world. The whole idea of the SERIOUSLY FUNNY tour was for Adrian Plass and Jeff Lucas to let people in on their conversations about God, life and the universe - and it went pretty well. After all, that's pretty much what they've been doing in their separate writing and speaking careers all these years. All told, people seemed to like the way their trademark styles came together and shed light on even the most difficult subjects, in a way that perhaps made those burdens a little easier to bear. However, as they toured around the country, Adrian and Jeff realised that other people's questions were at least as interesting as their own - possible more so. Eventually they decided they'd better have a go at some answers. This book is the result. They may not have got the answers right, but they have certainly had a good time along the way - and they hope you will, too.

ALL TEACHERS GREAT AND SMALL tells the true story of Andy's first year at Cragthwaite Primary School - how he bravely negotiated the vagaries of the local dialect, made disastrous bids to provide a family home, naively and hilariously tried out new-fangled ideas in a school stuck in a 1950s time warp, and ultimately discovered a little part of England he was proud to call home. Warm, touching and very funny, All Teachers Great and Small transports you to a time that may be gone but has never been forgotten. ALL TEACHERS WISE AND WONDERFUL: A year on from the end of ALL TEACHERS GREAT AND SMALL, Barbara and Andy Seed are settled into their Dales village, but at school trouble arrives for Andy in the form of nine-year-old Sheena. After two years in the job, Andy Seed returns to Cragthwaite brimming with confidence and looking forward to a year that is bound to bring its own rewards, as well as its share of mishaps and misadventures. But even he didn't anticipate exploding piggy banks, bottle-rocket missiles, and actually deafening Dracula. At home, Andy and Barbara are enjoying life with little Tom, and are expecting again. Meanwhile, a new friendship is formed with hill farmer Adam. Adam proves both an inspiration and a confidante for Andy, and through him he begins to see the light with troubled Sheena. The second in Andy's trilogy about life as a Yorkshire Dales teacher, this is as warm, witty and refreshing as the first, full of colourful anecdotes from village and school life. Andy Seed is beginning his fifth year teaching at Cragthwaite Primary in the Yorkshire Dales, and as always a new term is full of surprises. ALL TEACHERS BRIGHT AND BEAUTIFUL: These take the form of a beautiful, but not terribly bright, student on placement from the local teacher training college, and a particularly pushy and problematic parent with a fine line in complaining. It looks like Andy's pupils are the least of his problems... At home in Applesett, things aren't all rosy either. Barbara is forced to take a job as a postie to help pay the mortgage, which means finding someone to look after Tom and Reuben. When two old friends move into the village it looks like the problem has been solved, but it soon transpires that rural life is not for everyone. As always the book is peppered with the hilarious and heartwarming incidents that a life living and working with children inevitably contains.

Andy Seed's memoir is sure to charm fans of Jack Sheffield and Gervase Phinn's nostalgic style. 'Heart-warming and hilarious' - Daily Mail Dear Mr Seed, I am sorry that Jack was not at school yesterday. He put on such a growth spurt in the night that nun of his clothes fitted him next morning so I had to take him to the shops. Mrs R. Twenty-five years ago, newly qualified teacher Andy Seed moved to a remote village in the Yorkshire Dales with his wife Barbara, anticipating breath-taking views and the gentle simplicity of the countryside. The picturesque scenery did not disappoint. But life as a primary school teacher was anything but simple. All Wickets Great and Small is a romp across the landscape of amateur cricket in Yorkshire during the summer of 2015. What shape is the grassroots game in and can it still survive and thrive? From vicars and imams socking sixes in Dewsbury to heritage clubs hitting social media out of the park, this is the story of sleeves-rolled-up cricket at its best in the county that locals call 'God's own'.

Many years ago Bob Dylan wrote: "The answer, my friend, is blowing in the wind," but we've learned that really important answers don't come that easily. Asking questions is a sign of a healthy, growing faith, a faith that drives us deeper into God's Word. That's the reason God's first question in the Old Testament is "Where are you?" while the first question the wise men ask in the New Testament is "Where is He?" It's been observed that God answers just enough questions to get us through the day, while leaving us with enough unanswered questions so we can look forward to learning more tomorrow. This book is designed to deal with some of our most difficult questions or troubling issues . . . from a biblical perspective. At times it may appear that some questions have no answer, or maybe have more than one, or perhaps have answers that contradict each other. That's one reason we're not only to confront knotty questions, but willingly accept God's unraveling answers.

Lyndon Baines Johnson, Margaret Thatcher, Bill Clinton, Tony Blair, Barack Obama, Gordon Brown, Theresa May, and Donald Trump: each had different motivations, methods, and paths, but they all sought the highest office. And yet when they reached their goal, they often found that the power they had imagined was illusory. Their sweeping visions of reform faltered. They faced bureaucratic obstructions, but often the biggest obstruction was their own character. However, their personalities could help them as much as hurt them. Arguably the most successful of them, LBJ showed little indication that he supported what he is best known for - the Civil Rights Act - but his grit, resolve, and brute political skill saw him bend Congress to his will. David Runciman tackles the limitations of high office and how the personal histories of those who achieved the very pinnacles of power helped to define their successes and failures in office. These portraits show what characters are most effective in these offices. Could this be a blueprint for good and effective leadership in an age lacking good leaders?
