The Gitanos of el Rastro carry an 'ontology of simultaneity' as self-employed traders and Pentecostal practitioners in Madrid. This makes the Spanish Romani be considered as both a part of and apart from mainstream society. This book is an anthropological account of a group of middle and upper-class Gitanos and their ways of creating a 'society within society' based upon distinct cultural, moral and ideological values, notions and practices. The study renders a comprehensive perspective on social processes of classification, stratification,

'othering' and the role of 'strangers' in society and how these processes unfold in the interface between social, ritual and economic life on a local to global scale.

The influence of the Bible in Western culture is immeasurable, but these days few of us know much about it. Presenting concise and accessible introductions to the Bible's most important characters, stories and themes, this text encourages better understanding, study and analysis of the Christian element in Western culture. With no prior biblical knowledge required, this clearly presented volume delivers a framework of understanding for those studying Western literature, art, historical events, or for those simply wanting to improve their general knowledge. Filling a gap in the market for an introductory text of this kind, this

genuinely multi-disciplinary book provides: * edited extracts from the Bible * explanations of the context and beliefs of each passage * links to related biblical texts * examples of related key works of art and literature * brief biographies of key figures * a comprehensive glossary defining specialist terms * chronology * suggested further reading. Enabling readers to encounter key Bible stories directly, the book also provides useful background information on issues of content, context and influence. Easy to use and follow, it is the essential guide for those wishing to find out more about the Bible and its impact on the world around us. *On Job* Bloomsbury Publishing

Regional voices from England, Ireland, and Scotland inspired Seamus Heaney, the 1995 Nobel prize-winner, to become a poet, and his home region of Northern Ireland provided the subject matter for much of his poetry. In his work, Heaney explored, recorded, and preserved both the disappearing agrarian life of his origins and the dramatic rise of sectarianism and the subsequent outbreak of the Northern Irish “Troubles” beginning in the late 1960s. At the same time, Heaney consistently imagined a new region of Northern Ireland where the conflicts that have long beset it and, by extension, the relationship between Ireland and the United Kingdom might be synthesized and resolved. Finally, there is a third region Heaney committed himself to explore and map—the spirit region, that world beyond our ken. In Seamus Heaney’s *Regions*, Richard Rankin Russell argues that Heaney’s regions—the first, geographic, historical, political, cultural, linguistic; the second, a future where peace, even reconciliation, might one day flourish; the third, the life beyond this one—offer the best entrance into and a unified understanding of Heaney’s

body of work in poetry, prose, translations, and drama. As Russell shows, Heaney believed in the power of ideas—and the texts representing them—to begin resolving historical divisions. For Russell, Heaney’s regionalist poetry contains a “Hegelian synthesis” view of history that imagines potential resolutions to the conflicts that have plagued Ireland and Northern Ireland for centuries. Drawing on extensive archival and primary material by the poet, Seamus Heaney’s *Regions* examines Heaney’s work from before his first published poetry volume, *Death of a Naturalist* in 1966, to his most recent volume, the elegiac *Human Chain* in 2010, to provide the most comprehensive treatment of the poet’s work to date.

Apocalypse and Millennium in English Romantic Poetry Harvard University Press

This comprehensive selection includes complete texts of all Blake's best known work: *The Songs of Innocence* and of *Experience*, *The Marriage of Heaven and Hell*, *The Book of Thel*, *Visions of the Daughters of Albion*, *America*, *The Book of Urizen*, and *Laocoon*. All Blake's significant lyric poems are included, and there are generous selections from *The Four Zoas*, *Milton*, *Jerusalem* and *The Everlasting Gospel*. Each work (including the individual *Songs*) has an introduction describing a range of critical opinion. The annotation - the most detailed of any single-volume Blake - glosses difficult terms, provides information on Blake's intellectual and poetic sources and his historical contexts, describes significant differences between the unique individual copies of each illuminated book, and discusses all aspects of contemporary Blake scholarship. *Modernization* addresses the difficulties of Blake's text for first-time readers. The visual

aspects of Blake's composite verbal-visual art is fully acknowledged: every design from the illuminated books selected is described in detail. The book also contains overall introductions to discuss critical approaches to Blake's poetry, interpreting his designs, and the issue of modernizing his text.

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two BRILL

This book constitutes the second volume of a three-volume study of Christian testimonies to divine suffering: *God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, vol. 2, Evil and Divine Suffering*. The larger study focuses its inquiry into the testimonies to divine suffering themselves, seeking to allow the voices that attest to divine suffering to speak freely, then to discover and elucidate the internal logic or rationality of this family of testimonies, rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God. This second volume of studies proceeds on the basis of the presuppositions of this symbol, those implicit attestations that provide the conditions of possibility for divine suffering—that which constitutes divine vulnerability with respect to creation—as identified and examined in the first volume of this project: an understanding of God through the primary metaphor of love ("God is love"); and an understanding of the human as created in the image of God, with a life (though finite) analogous to the divine life—the imago Dei as love. The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine

suffering normally attest: (1) divine grief, suffering because of betrayal by the beloved human or human sin; and (2) divine self-sacrifice, suffering for the beloved human in its bondage to sin or misery, to establish the possibility of redemption and reconciliation. Each divine wound, thus, constitutes a response to a creaturely occasion. The suffering in each divine wound also occurs in two stages: a passive stage and an active stage. In divine grief, God suffers because of human sin, betrayal of the divine lover by the beloved human: divine sorrow as the passive stage of divine grief; and divine anguish as the active stage of divine grief. In divine self-sacrifice, God suffers in response to the misery or bondage of the beloved human's infidelity: divine travail (focused on the divine incarnation in Jesus of Nazareth) as the active stage of divine self-sacrifice; and divine agony (focused on divine suffering in the crucifixion of Jesus of Nazareth) as the passive stage of divine self-sacrifice.

Scripture, Metaphysics, and Poetry Oxford University Press

The poems in this sequence of fifty-four were written to encompass one year, from summer to summer. Their principal themes are the stasis, both stultifying and provocative, of midsummer in the tropics; the pull of the sea, family, and friendship on one whose circumstances lead to separation; the relationship of poetry to painting; and the place of a poet between two cultures. Walcott records, with his distinctive linguistic blend of soaring imagery and plainly stated facts, the experience of a mid-lief period—in reality and in memory or the imagination. As Louis Simpson wrote on the publication of Walcott's *The Fortunate Traveller*, "Walcott is a spellbinder. Of how many poets can it be said that their poems are compelling--

not a mere stringing together of images and ideas but language that delights in itself, rhythms that seem spontaneous, scenes that are vividly there?...The poet who can write like this is a master."

 Pilgrim Journey guides newly baptized Christians to discern the mysteries of the gospel. It is a sequel and companion volume to Pilgrim Letters (Fortress, 2020). Like its predecessor volume, Pilgrim Journey is a series of letters written by Interpreter, the teacher, to Pilgrim, the newly baptized Christian. The theological and ecclesial scope of the letters is evangelical-catholic, free church-ecumenical, and ancient-future. Each letter is shaped by the prophetic imagination of the biblical illustrations of William Blake and informed by the narrative spirituality of *The Pilgrim's Progress* by John Bunyan. Pilgrim Journey begins with an introduction into the mystery of redemption hidden through the ages and revealed in the life, death, and resurrection of Jesus Christ. The program of instruction contains the exposition of seven mysteries, each of which displays the central mystery of the gospel: (1) God speaks one true word in Jesus Christ; (2) the two Testaments form the one canon of Christian Scripture; (3) the one true God is made known in the three persons of the Holy Trinity; (4) true knowledge of God is discerned through reading the sacred Scripture literally and spiritually, especially in attention to the formation of faith, hope, and love; (5) a clear understanding of God's mysterious providence is aided by a sense of the scope of God's story from creation, covenant, Christ, and church, to consummation; (6) the marking of Christian time attends to God's unfolding revelation in Scripture as shown in the

seasons of Advent, Christmas, Epiphany, Lent, Easter, and Pentecost; and (7) the infinite reality of God becomes present in finite forms in seven sacramental signs of preaching, baptizing, blessing, breaking bread, washing feet, forgiving sins, and anointing. There is a final summary and conclusion about the way things deep, hidden, and mysterious shape the daily active living of Christians as disciples of Jesus Christ.

'To see a World in a Grain of Sand 'And a Heaven in a Wild Flower Hold Infinity in the palm of your hand And Eternity in an hour'
 William Blake wrote some of the most moving and memorable verse in the English language. Deeply committed to visionary and imaginative experience, yet also fiercely engaged with the turbulent politics of his era, he is now recognised as a major contributor to the Romantic Movement. This edition presents Blake's poems in their literary categories and genres to which they belong: his much-loved lyrics, ballads, comic and satirical verse, descriptive and discursive poems, verse epistles, and, finally, his remarkable 'prophetic' poems, including the whole of his two diffuse epics, *Milton* and *Jerusalem*. Blake's poetry is intellectually challenging as well as formally inventive, and this edition has a substantial critical introduction which places his ideas in the contemporary context of the Enlightenment and the artistic reaction against its key assumptions.

As part of the For Today series, *The Psalms for Today* is an

engaging look at the psalms and the perfect study for those wishing to begin or enhance their understanding of who God is and who we are called to be as God's people. Beth Tanner does not offer easy answers but rather moves readers to come to their own conclusions. Her contemporary examples show that though the world has changed since the psalms were written, humanity's need to search their souls is as powerful as ever. The For Today series was designed to provide reliable and accessible resources for the study and real life application of important biblical texts, theological documents, and Christian practices. The emphasis of the series is not only on the realization and appreciation of what these subjects have meant in the past, but also on their value in the present--"for today." Thought-provoking questions are included at the end of each chapter, making the books ideal for personal study and group use.

Passionate Intelligence: The Poetry of Geoffrey Hill Wipf and Stock Publishers

Imagine a society ... seething with resentment because of the perception that certain groups receive special treatment ... beset by grief about the decline of its glory days ... grown hard and callous, with miserly leaders unwilling to redistribute the country's wealth. Sound familiar? This is the world of 9th Century England, where a society facing the constant threat of decimation finds guidance in the great English epic Beowulf. The poem understands how rage, taking the form of monstrous resentment, vengeful grieving, and venomous greed, can tear a society apart. The monsters in Beowulf are no less present in America today, taking up habitation in the extreme right, their enablers in the political class, and the cynical and self-absorbed 1%. By

examining the poem's namesake, and his monster-fighting tactics, literature professor Robin Bates shows how the poem provides a blueprint for combating the great challenges facing America today and for reclaiming the promise of a society that insures justice, equality, and the promise of a good life for all.

This unique reflection was prompted by an invitation Matthew Fox received to speak on the centennial of Thomas Merton's birth. Fox says that much of the trouble he's gotten into — such as being excommunicated in 1993 from the Dominican Order by Cardinal Ratzinger (who later became Pope Benedict) — was because of Thomas Merton, who sent Fox to Paris to complete a doctoral program in philosophy. Fox found that Merton's journals, poetry, and religious writings revealed a deeply ecumenical philosophy and a contemplative life experience similar to that of Meister Eckhart, the fourteenth-century mystic/theologian who inspired Fox's own "creation spirituality." It is little surprise to find Fox and Merton to be kindred spirits, but the intersections Fox finds with Eckhart are intellectually profound, spiritually enlightening, and delightfully engaging.

Walt Whitman burst onto the literary stage raring for a fight with

his transatlantic forebears. With the unmetred and unrhymed long lines of *Leaves of Grass*, he blithely forsook "the old models" declaring that "poems distilled from other poems will probably pass away." In a self-authored but unsigned review of the inaugural 1855 edition, Whitman boasted that its influence-free author "makes no allusions to books or writers; their spirits do not seem to have touched him." There was more than a hint here of a party-crasher's bravado or a new-comer's anxiety about being perceived as derivative. But the giants of British literature were too well established in America to be toppled by Whitman's patronizing "that wonderful little island," he called England-or his frequent assertions that Old World literature was non grata on American soil. As Gary Schmidgall demonstrates, the American bard's manuscripts, letters, prose criticism, and private conversations all reveal that Whitman's negotiation with the literary "big fellows" across the Atlantic was much more nuanced and contradictory than might be supposed. His hostile posture also changed over the decades as the gymnastic rebel transformed into Good Gray Poet, though even late in life he could still crow that his masterwork *Leaves of Grass* "is an iconoclasm, it starts out to shatter the idols of porcelain." *Containing Multitudes* explores Whitman's often uneasy embrace of five members of the British literary pantheon: Shakespeare, Milton, Burns, Blake, and Wordsworth (five others are treated more briefly: Scott, Carlyle, Tennyson, Wilde, and Swinburne). It also considers how the arcs of their creative careers are often similar to the arc of Whitman's own fifty years of poem-making. Finally, it seeks to illuminate the sometimes striking affinities between the views of these authors and Whitman on human

nature and society. Though he was loath to admit it, these authors anticipated much that we now see as quintessentially Whitmanic.

 This book is based on a belief we both fiercely share: That we are not separate from the Divine, not separate from other humans,

and are inextricably interconnected with the Earth community, with a responsibility to protect and to live in humble and grateful harmony with the whole of creation.

Miriam Waddington's verse is deceptively accessible: it is personal but never private, emotional but not confessional, thoughtful but never cerebral. The subtlety of her craft is the hallmark of a modernist poet whose work opens to the world and its readers. She details intoxicating romance and mature love, the pleasures of marriage and motherhood, the experience of raising two sons to adulthood, and the ineffable pain of divorce. As she moved through life, she wrote clearly and uncompromisingly about the vast sweep of Canada, her travels to new lands, the passage of time, the death of her ex-husband, the loss of close friends and, later, of growing old.

The Cowgirl Princess and Starwalker New World Library

This book offers a critical edition of arguably the greatest work of English theology in the 20th century: Austin Farrer's Bampton Lectures published as *The Glass of Vision* in 1948. Farrer was an interdisciplinary genius who made original contributions to philosophy, theology, and biblical studies, as well as to our

understanding of the role of imagination in human thought and Christian doctrine. According to Farrer, the three primary themes of these lectures are 'scripture, metaphysics, and poetry,' individually and in relation to each other. The lectures defend his famous theory of divine revelation through images rather than propositions or events, a provocative account of the place of metaphysical reasoning in theology, and a literary approach to the Biblical text that was decades ahead of its time and is still controversial. *The Glass of Vision* has generated a rich and interesting interdisciplinary conversation that has lasted for decades, starting with commentators such as Helen Gardner and Frank Kermode. In addition to Farrer's full text, this critical edition also contains an introduction to the significance and context of Farrer's thought, and a selection of thirty-years' worth of commentary by leading British and European theologians and literary scholars: David Brown, Ingolf Dalferth, Hans Haugh, Douglas Hedley, David Jasper, and Gerard Loughlin. Of interest to literary and biblical scholars, theologians, and philosophers, this book holds particular value for those exploring the nature of imagination in contemporary thought and scholarship.
