Double Exposure examines the role of cinema in shaping social psychology's landmark post-war experiments. The most influential experiments left a trail of visual evidence central to capturing the public imagination. Examining the dramaturgy, staging and filming of these experiments, Double Exposure recovers a new set of narratives.

Alex Mercer Thrillers Box Set: Books 7-9 Good Press

The popular, critically acclaimed text on psychopathology in movies – now including the latest movies and more Explores films according to the diagnostic criteria of DSM-5 and ICD-11. Provides psychological ratings of nearly 1,500 films Includes downloadable teaching materials Films can be a powerful aid to learning about mental illness and psychopathology – for practitioners and students in fields as diverse as psychology, psychiatry, social work, medicine, nursing, counseling, literature, or media studies, and for anyone interested in mental health. Watching films relevant to mental health can actually help you become a more productive therapist and a more astute diagnostician. Movies and Mental Illness, written by an eminent clinical psychologist (who is also a movie aficionado), has established a reputation as a uniquely enjoyable and highly memorable text for learning

about psychopathology. This new edition has been completely revised to explore current issues, such as children's screentime and celebrities with mental illness, and to include the numerous films that have been released since the last edition. The core clinical chapters raise provocative questions about differential diagnosis (according to the DSM-5 and ICD-11) for the primary characters portrayed in the films. Included are also a full index of films; sample course syllabus; ratings of close to 1,500 films; fascinating appendices, such as "Top 50 Heroes and Villains," psychotherapists in movies, and misconceptions about mental illness in movies. Accompanying the new edition are downloadable resources for teachers that include critical questions and topics for discussion, as well as fabricated case histories based on movie characters with Mini-Mental State Examinations that help explain, teach, and encourage discussion about important mental health disorders. In addition, the author plans a regular series of online "Spotlights" articles that will critically examine the psychological content of new movies as they are released.

The Edgar Wallace Mystery & Suspense MEGAPACK®: 5 Classic Novels Random House

Do you want to play a game? Incarceration Games reexamines the complex history and troubled legacy of improvised, interactive role-playing experiments. With particular attention to the notorious Stanford prison study, the author draws on extensive archival research and original interviews with many of those involved, to refocus attention on the in-game choices of the role-players themselves. Role-playing as we understand it today was initially developed in the 1930s as a therapeutic practice within the New York state penal system. This book excavates that history and traces the subsequent adoption of these methods for lab experimentation, during the postwar “stage production era” in American social psychology. It then

examines the subsequent mutation of the Stanford experiment, in particular, into cultural myth—exploring the ways in which these distorted understandings have impacted on everything from reality TV formats to the “enhanced interrogation” of real-world terror suspects. Incarceration Games asks readers to reconsider what they thought they knew about this tangled history, and to look at it again from the role-player’s perspective. *SINISTER OMENS: 560+ Supernatural Thrillers, Macabre Tales & Eerie Mysteries* Rutgers University Press

British Murder Mysteries: The Greatest Thrillers & True Crime Stories Bloomsbury Publishing USA

From chart-topping author Eva Hudson, a gripping crime thriller series to keep you on the edge of your seat. Ingrid Skyberg joined the FBI to bring one man to justice: the man who abducted her best friend when she was fourteen. It's been eighteen years but she's never stopped looking for him... or for the friend who has never been seen since. Now she works out the American embassy in London and when a US citizen gets into trouble, or winds up dead, Ingrid Skyberg is on their case. Tenacious, virtually indestructible and slightly out of control, Ingrid Skyberg is truly unputdownable. This deluxe edition includes three full-length novels, a novella and four short stories offering over a thousand pages of up-all-night action. Never previously available in one edition, this collection is the perfect introduction to Ingrid Skyberg's adventures. Unlock the thrills and twists of this up-all-night series, perfect for fans of gripping mysteries, strong women investigators and any reader who has ever wondered if there's a female version of Jack Reacher. There is, and her name is Ingrid Skyberg. RUN GIRL The Secretary of State's granddaughter has gone missing in London, and it falls to Ingrid to find the teenager. There's something about girls who disappear from view that gnaws at Ingrid, that makes her care more than she should, that makes her lose perspective and take unnecessary risks. It's Ingrid's first time in London—she's only in town to train the Metropolitan Police—so she needs some local knowledge. She is reluctantly paired with a suave, good-looking and arrogant secret intelligence operative who leads her through the city's back alleys and corridors of power. He's charismatic and dynamic but when his methods become dangerously unconventional, the two of them clash... in more ways than one. FRESH DOUBT Madison Faber, a brilliant psychology student at a prestigious London college, has discovered her friend's body in a pool of blood. Now she's in police custody being questioned for murder. Protesting her innocence, Faber fears the killer will target her next and persuades Ingrid to hunt him down. But the deeper Ingrid digs, the deadlier the case gets. And when she uncovers a sinister group operating within the psychology department, Ingrid is in far more danger than she realizes. Up against the clock, and disobeying strict FBI protocols, Ingrid's obsession to bring the killer to justice takes her far beyond the law. So far she may never get back. KILL PLAN A banker is found dead at his desk in the City of London. Then a heavily tattooed body washes up in the Thames. Now someone is after Ingrid. At first these crimes seem unrelated, but they are all the work of an audacious serial killer working on both sides of the Atlantic. Special Agent Ingrid Skyberg, the FBI's criminal investigator in London, is one of the toughest agents ever to come out of Quantico. She's resilient, resourceful and a bit of a renegade, but she's never been tested like this before. With no help from her colleagues at the US embassy, Ingrid is running out of time to unmask the killer before he strikes again. But she can only do that if she can stay alive. DEEP HURT Ingrid Skyberg joined the FBI to bring one man to justice: the man who abducted her best friend when she was fourteen. It's been eighteen years and she's never stopped looking for him... or for the friend who has never been seen since. Today's the day she's finally going to get some answers. But before she gets the phone call she's always dreaded, Ingrid—the FBI's criminal investigator in London—receives orders from the Pentagon to track down a pilot who has gone AWOL from a US Air Force base in rural Suffolk. Accused of murdering his baby daughter, he's now abducted his eight-year-old son and gone on the run. Ingrid is forced to team up with an obnoxious military police officer who's more concerned with the military's reputation than finding the pilot. But with his PTSD making him unstable, Ingrid must act fast to stop the pilot do something no one will forgive him for. A terrifying turn of events lands Ingrid in the greatest danger, just as haunting memories from the past threaten to engulf her. PLUS - 4 gripping short stories! If you love strong female heroines and thrillers with a twist, the Ingrid Skyberg Thrillers series is just what you've been waiting for.

Double Exposure Bloomsbury Publishing

Musaicum Books presents to you this carefully created collection of R. Austin Freeman's complete works. This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Richard Austin Freeman (1862-1943) was a British writer of

detective stories, mostly featuring the forensic investigator Dr. Thorndyke. He introduced the inverted detective story; a crime fiction in which the commission of the crime is described at the beginning, usually including the identity of the perpetrator, with the story then describing the detective's attempt to solve the mystery. Many of the Dr. Thorndyke stories involve genuine, but often quite arcane, points of scientific knowledge, from areas such as tropical medicine and toxicology. Table of Contents: Introduction: Short Biography The Art of the Detective Story Dr. Thorndyke Series: Meet Dr. Thorndyke Novels The Red Thumb Mark The Eye of Osiris The Mystery of 31 New Inn A Silent Witness Helen Vardon's Confession The Cat's Eye The Mystery of Angelina Frood The Shadow of the Wolf The D'Arblay Mystery A Certain Dr. Thorndyke As a Thief in the Night Mr. Pottermack's Oversight Pontifex, Son and Thorndyke When Rogues Fall Out Dr. Thorndyke Intervenes For the Defence: Dr. Thorndyke The Penrose Mystery Felo De Se? The Stoneware Monkey Mr. Polton Explains The Jacob Street Mystery Short Story Collections Percival Bland's Proxy The Missing Mortgagee Dr. Thorndyke's Cases The Adventures of Dr. Thorndyke Dr. Thorndyke's Casebook The Puzzle Lock The Magic Casket Other Novels: The Golden Pool The Unwilling Adventurer The Uttermost Farthing The Exploits of Danby Croker The Surprising Experiences of Mr. Shuttlebury Cobb Flighty Phyllis Other Short Stories: By the Black Deep The Adventures of Romney Pringle The Further Adventures of Romney Pringle From a Surgeon's Diary The Great Portrait Mystery and Other Stories

The Power of Darkness: 560+ Supernatural Thrillers, Macabre Tales & Eerie Mysteries Narr Francke Attempto Verlag

THE GREATEST BRITISH DETECTIVES - Ultimate Collection: 270+ Murder Mysteries, Suspense Thrillers & Crime Stories (Illustrated Edition) stands as a monumental anthology in the world of detective and mystery fiction. It encapsulates the breadth and diversity of a genre that has captivated readers for generations, showcasing a range of literary styles from the cunningly plotted whodunit to the psychological thriller. Significantly, the collection presents an unparalleled opportunity to explore the evolution of detective fiction through its most pivotal eras, highlighting contributions that have shaped and defined the genre. The anthology's eclectic mix reflects not just on the crimes but the societal contexts and the moral quandaries faced by its protagonists, offering readers an immersive journey through the labyrinth of crime and justice. The backgrounds of the contributing authors, including luminaries like Arthur Conan Doyle and G.K. Chesterton, provide a rich tapestry of the literary and cultural milieu from which these stories emerged. Collectively, their work speaks to the burgeoning interest in crime fiction during the late 19th and early 20th centuries, mirroring the anxieties of the time and experimenting with new narrative structures. This collection aligns with various historical and literary movements, from the intricate puzzles of the Golden Age of Detective Fiction to the hard-boiled realism that emerged in response to World War I's disillusionment, showcasing how these varied voices contribute to a multi-faceted understanding of crime and its repercussions. This anthology is an essential read for those keen on delving into the depths of human psyche and society through the lens of detective fiction. It offers an unparalleled chance to engage with the seminal works that have defined and expanded the boundaries of the mystery genre. For scholars, enthusiasts, and casual readers alike, this collection promises not only an education in the genres evolution but also an expansive exploration of the themes of justice, morality, and human cunning. Each story invites readers into a complex dialogue between author, detective, and the enigmatic allure of the unsolved, making this collection a valuable addition to any literary repertoire.

Girl Last Seen Psychology Press

Since the early 1970s, social psychology has been in crisis. At the time Reconstructing Social Psychology (Armistead) provided a critical review of theories and assumptions in the discipline. Originally published in 1990, this title not only updates that review but illustrates the ways in which assumptions had changed at the time. The crisis is no longer seen as one which can be resolved within social psychology itself, but rather as one more deeply rooted in modern society. The contributors look at the issues raised by deconstruction in the other human sciences, as well as investigating the claims made by social psychology as a discipline. They examine the rhetoric and texts of social psychology, analysing how the texts which hold the discipline together obtain their power. The arguments include the political implications of deconstructive ideas, focusing on particular issues such as research, therapy and feminism. Deconstructing Social Psychology presents a strong selection of new critical writing in social psychology. It will still be a useful text for students of psychology, social science, and sociology, and for those working in the area of language.

The Complete Four Just Men Series (6 Detective Thrillers in One Edition) Bloomsbury Publishing

Mind control, madness and altered states of reality can make for exciting nights at the movies--which explains the enduring popularity of a film genre that might be called the psycho thriller. Psychiatry and film came of age simultaneously, and characters such as the evil psychiatrist and the pathological killer were often developed in direct reference to the psychological themes that inspired them. For example, the penchants of Hitchcock's famously creepy Norman Bates represented real psychological disorders, and his actions were explained through psychoanalysis. The psycho thriller presents a world where psychology represents a dimension of supernatural and metaphysical wonders. The introduction analyzes what makes a

psycho thriller, and subsequent chapters are devoted to each of the archetypal psycho thriller characters (the mad scientist, the psycho killer, the individual with psychic powers, and the psychiatrist) and themes (mind control, dreams, memory, and existential issues). The concluding chapter lists the top twenty psycho thrillers. Stills from classic films in the genre illustrate the text, which also includes filmography, bibliography, and index.

What is it that drives people to undertake music research? Such interest frequently grows from on-the-ground experiences as learners, performers, facilitators, composers, arts administrators, and educators. It can emerge, for example, from music teachers trying out new teaching methods, performers wishing to know more about how to improvise effectively, educators pursuing the most effective ways to structure music curricula, musicians aiming to explain why their music enhances wellbeing among different groups of people, and orchestral managers seeking to promote and protect the health of their players. At the heart of all of these enquiries lies a question of some sort, and it is these research questions that determine the direction of the research to be undertaken. Performing Music Research is a comprehensive guide to planning, conducting, analyzing, and communicating research in music performance. The book examines the approaches and strategies that underpin research in music education, psychology, and performance science. It reviews the knowledge and skills needed to critique existing studies in these fields and to design and carry out new investigations. Perspectives on qualitative, quantitative, and multistrategy methodologies are highlighted across the book in ways that help aspiring researchers bring precision to their research questions, select methods that are appropriate for addressing their questions, and apply those methods systematically and rigorously. Each chapter contains a study guide, comprising a chapter summary, a list of keywords, and suggestions for further discussion, and the book concludes with a resources section, including a glossary and supplementary material to support advanced statistical analysis. The book's companion website provides information designed to facilitate access to original research and to test knowledge and understanding.

[ÉMILE GABORIAU Ultimate Collection: Murder Mysteries, Crime Thrillers & Detective Novels](#) Good Press

The Power of Darkness: 560+ Supernatural Thrillers, Macabre Tales & Eerie Mysteries is a formidable anthology that charts the shadows and intricacies of the human psyche across epochs, geographies, and literary styles. This collection traverses the eerie corridors of Gothic horrors, delves into the enigmatic depths of psychological thrillers, and ventures into the heart of cosmic mysteries, showcasing the rich tapestry of humanity's confrontation with the unknown and the supernatural. The diversity of the narratives, from the haunting isolation of a ghost story to the complex intricacies of a mystery unwinding in a seemingly mundane setting, highlights the anthology's remarkable scope. Standout pieces within the collection push the boundaries of the genre, offering fresh perspectives on fear, the uncanny, and the struggle between light and darkness, without being tethered to a single authorial voice. The contributing authors and editors, ranging from literary giants like Edgar Allan Poe and Charlotte Brontë to lesser-known figures who have carved deep impressions in the realms of the supernatural and the surreal, bring a multiplicity of cultural backgrounds, philosophical insights, and narrative techniques. Their collective works, enriched by historical contexts and cultural influences, illustrate the evolution of supernatural and mystery literature through time, uncovering how societal fears and aspirations have been projected onto the canvas of the unknown. This anthology not only serves as a confluence of varied literary movements but also as a dialogue between generations of storytellers, weaving together a complex web of thematic explorations that transcend temporal and geographical boundaries. The Power of Darkness is an essential compendium for readers eager to explore the labyrinthine depths of supernatural fiction. Offering not merely tales of intrigue and horror but a nuanced window into the human condition through the lens of the eerie and the macabre, this anthology invites readers on a journey through the specters of the collective human imagination. It is recommended for its educational value, the breadth of insights into the evolution of literary horror and mystery, and the rich dialogue it fosters between the myriad authors interpretations of darkness and light. Delve into this collection to experience the full spectrum of night's power to both terrify and enlighten.
