"Whether it's the Magician shooting the sugar skull bullseye each time, the High Priestess seeing her reflection in the water (thus revealing her inner truth in the form of a sugar skull), or the Fool feeling confident that he will create and manifest the perfect sugar skull by the time he finishes his journey, we all have an unrealized version of our true potential lying in wait. Let the light-hearted illustrations and color palettes of The Sugar Skull Tarot Deck offer you all the inspiration you need to be the best person

you can truly be. So when you are finally reflecting on the outside how you've been feeling on the inside, you will be presented to the world as you've always seen yourself-confident, magical, and ready to give and receive love"--

Being a critical reader of numerical information is an integral part of being literate in today's data-drenched world. Uniquely addressing both mathematics and language issues, this text shows how critical readers dig beneath the surface of data to better evaluate their usefulness and to understand how numbers are constructed by authors to portray a certain version of reality. Engaging, concise, and rich with examples and clear connections to classroom practice, it provides a framework of critical questions that children and teachers can pose to crack open authors' intentions, expose their decisions, and make clear who are the winners and losers - questions that are essential for building democratic classrooms. Explaining and illustrating

how K-8 teachers can engage students in developing the ability to be both critical composers and critical readers of texts, *Learning to Read the Numbers* is designed for teacher education courses across the areas of language arts, mathematics, and curriculum studies, and for elementary teachers, administrators, and literacy and mathematics coaches. *Learning to Read the Numbers* is a co-publication of The National Council of Teachers of English (www.ncte.org) and Routledge.

Read the original inspiration for the new, boldly reimagined film from producers Oprah Winfrey and Steven Spielberg, starring Taraji P. Henson, Danielle Brooks, and Fantasia Barrino. Celebrating its fortieth anniversary, *The Color Purple* writes a message of healing, forgiveness, self-discovery, and sisterhood to a new generation of readers. An inspiration to authors who continue to give voice to the multidimensionality of Black women's stories, including Tayari Jones, Honorée Fanonne Jeffers, Jesmyn Ward, and more, *The Color Purple* remains an essential read in conversation with storytellers today. A powerful cultural touchstone of modern American literature, *The Color Purple* depicts the lives of African American women in early-twentieth-century rural Georgia. Separated as girls, sisters Celie and Nettie sustain their loyalty to and hope in each other across time, distance, and silence. Through a series of letters spanning nearly thirty years, first from Celie to God, then from the sisters to each other, the novel draws readers into a rich and memorable portrayal of Black women—their pain and struggle,

companionship and growth, resilience and bravery. Deeply compassionate and beautifully imagined, *The Color Purple* breaks the silence around domestic and sexual abuse, and carries readers on an epic and spirit-affirming journey toward transformation, redemption, and love.

Annual Report
 Was Nirvana's near-fatal accident at sea
 simply a case of bad timing, or was it
 attempted suicide? And what was so
 important about an unread email that
 made her jump recklessly into the

Mediterranean? As Leila tries to make sense of her aunt's fate, Nirvana embarks on a journey through memories and secrets. Leila guiltily questions her own fears and failures, bearing the blame of a family that curses the day she was born. Lying in a coma, Nirvana's story of choices made and roads not taken paint a colorful picture of her struggle against expectations in 1980s Egypt. The two voices are skillfully woven together to create an intricate narrative about breaking free from family tradition and the dreams that come back to haunt us. From the sunny beaches of Alexandria to the

Bavarian Alps, author Mai Khaled explores the subtleties of family relationships and individual choices.
