Digital Index  
Editore  
[Italiano]: In  
un momento  
così  
significativo  
per la storia  
europea e  
mondiale,  
questo volume  
vuole essere  
la raccolta di  
riflessioni  
scientifiche  
condotte sui  
rapporti tra le  
scelte  
politiche, le  
azioni militari  
e la fisionomia  
delle città e  
del paesaggio  
urbano,  
sull'evoluzione

delle strutture  
e delle  
tecniche di  
difesa, sulla  
rappresentazi  
one della  
guerra e dei  
suoi effetti  
sull'immagine  
urbana, sul  
recupero delle  
tracce della  
memoria  
cittadina. Da  
una parte il  
campo delle  
Digital  
Humanities  
apre nuove  
prospettive  
per studiare  
l'immagine  
della città  
prima,

durante e dopo la guerra, dall'altro le tecnologie digitali impegnano studiosi e ricercatori di varie discipline: in particolare nell'ambito del disegno viene esplorato il ruolo della rappresentazione nella formulazione dei progetti urbani di difesa e nella documentazione degli eventi bellici e delle tracce lasciate dai conflitti, mentre nell'ambito del restauro

vengono approfondite le sfide teoriche e pratiche imposte dai danni arrecati dai conflitti ai centri storici, passando in rassegna casi studio, soluzioni e dibattiti relativi alla conservazione del patrimonio urbano coinvolto in azioni di guerra, con un'attenzione particolare all'identità e alla memoria collettiva./[English]: At such a significant moment in European and world history, this volume

aims to be a collection of scientific reflections about the relationships between political choices, military actions and the physiognomy of cities and the urban landscape, about the evolution of defence structures and techniques, about the representation of war and its effects on the urban image, and about the recovery of the traces of city memory. On the one hand the field

of Digital Humanities opens up new perspectives to study the image of the city before, during and after the war, on the other hand digital technologies engage academics and researchers from various disciplines: In particular, in the area of drawing, the role of representation in the formulation of urban defence projects and in the documentation of wartime events and the traces left

behind by conflicts is explored, while in the area of conservation, the theoretical and practical challenges imposed by the damage caused by conflicts to historic centres are explored, reviewing case studies, solutions and debates relating to the conservation of urban heritage involved in wartime actions, with a focus on identity and collective memory. *Storia D'Italia*

*Narrata Al Popolo, Dalla Fondazione Di Roma Alla Grande Guerra Nazionale* Springer  
This book looks at the role of popular music in constructing the myth of the First World War. Since the late 1950s over 1,500 popular songs from more than forty countries have been recorded that draw inspiration from the War. *National Myth and the First World War in Modern Popular Music* takes an inter-

disciplinary approach that locates popular music within the framework of 'memory studies' and analyses how songwriters are influenced by their country's 'national myths'. How does popular music help form memory and remembrance of such an event? Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or

transnational perspective? The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens; folk maestros including Al Stewart and Eric Bogle; the socially aware rock of The Kinks and Pink Floyd; metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey.

### **Slave Trade, 1650-1700**

Psychology Press  
 The similarities between the chanson française and the canzone d'autore have been often noted but never fully explored. Both genres are national forms which involve the figure of the singer-songwriter, both experienced their golden age of production in the post-World War II period and both are enduringly popular, still accounting for

a large proportion of record sales in their respective countries. Rachel Haworth looks beyond these superficial similarities, and investigates the nature of the relationship between the two genres. Taking a multidisciplinary approach, encompassing textual analysis of song lyrics, cultural history and popular music studies, Haworth considers the different ways

in which French and Italian song is thought about, written about and constructed. Through an in-depth study of the discourse surrounding chanson and the canzone d'autore, the volume analyses the development of the genres' rules and rhetoric, identifying the key themes of Authority, Authenticity and Influence. The book finally considers the legacy of major artists, looking at modern

perspectives on Georges Brassens, Jacques Brel, Léo Ferré, Fabrizio De André and Giorgio Gaber, ultimately affording a deeper understanding of the notions of quality and value in the context of chanson française and the canzone d'autore. From the chanson française to the canzone d'autore in the 1960s and 1970s Routledge The Britannica Enciclopedia Moderna covers all

fields of knowledge, including arts, geography, philosophy, science, sports, and much more. Users will enjoy a quick reference of 24,000 entries and 2.5 million words. More than 4,800 images, graphs, and tables further enlighten students and clarify subject matter. The simple A-Z organization and clear descriptions will appeal to both Spanish speakers and students of Spanish.

Librairie Droz  
With its treasure-filled ancient sites, Renaissance masterpieces, stunning countryside and some of the best cuisine in the world, Italy impresses at every turn. Be inspired by the new edition of Insight Guide Italy, a detailed full-colour guide to this glamorous country. Insight Guides' unrivalled coverage of history and culture provides an essential introduction to

the Italian identity, including its people and their unique sense of style, as well as its world-renowned cuisine and its contribution to cinema and classical music. Consult the Best of Italy selection for an at-a-glance guide to the country's most evocative attractions, such as Rome's Forum, Florence's Renaissance artworks and Venice's romantic canals, and the editor's

choice of recommendations for the best museums, coastal scenery, islands and gourmet spots, and much more. Descriptive accounts of where to go in Italy, from the glitzy Amalfi Coast to the trullis of Puglia, are enhanced by beautiful photographs, while all major sights are cross-referenced with full-colour maps to help you find your way around. We give you our

recommendations of where to enjoy Italy's delicious food and wine, and the travel tips section provides a wealth of information on how to plan your trip, plus our selection of the best hotels.

**Vita e gesta di Piero Strozzi fiorentino, maresciallo di Francia**

American Philosophical Society This book explains how Genoese entrepreneurs transformed the structures of global trade during the

second half of the seventeenth century. The author reconstructs the business network built by the Genoese merchant Domenico Grillo between the 1650s and the 1680s. Grillo's business interests stretched from the Mediterranean to Pacific South America, traversing and joining the Spanish, Dutch, and English Atlantics. He and his associates

created a new business model that was to be emulated by Dutch, French, and English traders in subsequent decades: the monopolistic *asientos* for the exploitation of the trans-imperial and intra-American slave trade to Spanish America. Offering a connected history of capitalism across trans-continental geographies and different empires, this book challenges established

views of a period which has traditionally been interrogated from a northern European mercantile perspective. Cutting across the histories of the slave trade in the Atlantic world, early modern capitalism, and early modern empire, this study has much to offer to students and scholars interested in the agents, economic practices, and geographies of trade that do not easily

fit into and therefore disrupt the traditional narratives of the Rise of the West. Chapter 6 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

**Etudes  
rabelaisiennes**  
Yale  
University  
Press

This monograph offers a unique

analysis of social protest in popular music. It presents theoretical descriptions, methodological tools, and an approach that encompasses various fields of musicology, cultural studies, semiotics, discourse analysis, media studies, and political and social sciences. The author argues that protest songs should be taken as a musical genre on their own. He points out that the general approach,

when discussing these songs, has been so far that of either analyzing the lyrics or the social context. For some reason, the music itself has been often overlooked. This book attempts to fill this gap. Its central thesis is that a complete overview of these repertoires demands a thorough interaction among contextual, lyrical, and musical elements

together. To accomplish this, the author develops a novel model that systemizes and investigates musical repertoires. The model is then applied to four case studies, those, too, chosen among topics that are little (or not at all) frequented by scholars. **Études rabelaisiennes** Giunti They say places like Dry Creek no longer exist. In Stories from the Creekbank,

you'll travel to a delightful place where good people and wonderful experiences can still be found. As you sit along the creek bank to read these heartwarming stories, you'll both laugh and cry as you travel down the creeks, roads, and into the hearts and lives of the people who make up this special community called Dry Creek, Louisiana. Whether it's a country preacher ruining his prize white

suit, helping corral horses on a muddy road in "Bro. Hodges' Best Sermon," a homesick seven-year-old summer camper in "Seth's Big Camp Day," or the heart-rending sadness of losing a special teenager in "A Bright Light," you'll be both touched and encouraged by these inspiring stories. All through these fifty short stories, a common thread is woven: God is so good and

He is active all around us in nature, the people we see each day, and the simple daily events of our lives. In this second edition, you'll enjoy each of the original forty-eight stories plus two previously unpublished bonus stories. Come join thousands of other readers who have been warmed and touched by these reminders of the priceless things in our lives. Come be reminded as to how "the things that really matter

aren't things," but matters of the heart, soul, our faith, families, and friends.

Federico II University Press  
I Modena City Ramblers hanno iniziato realizzando musicassette auto-prodotte, sono passati poi ad incisioni da studio riportate prima su nastro, quindi su cd; durante la loro carriera non hanno disdegnato qualche passaggio in vinile. Nel frattempo sono fiorite le collaborazioni e i progetti collaterali, ma anche pubblicazioni nelle quali troviamo

tracce dei MCR, come ce ne sono in videocassette e dvd. Cassette, vinili, CD, dvd, videocassette, libri, pubblicazioni, collaborazioni, progetti collaterali: è tutto elencato con dovizia di dati e particolari in questa "Discografia dei Modena City Ramblers", grazie ad un paziente lavoro di ricerca che si è snodato fra "soffitte" e "soffiate"; ne risulta quindi un elenco completo e

<p>dettagliato di tutto il materiale prodotto da, su e con i MCR. In particolare la discografia prende le mosse dal 1978, tocca un disco di Vasco Rossi, per elencare poi i lavori dei "Lontano da dove", quindi tutto quanto prodotto dai MCR partendo dai loro primissimi demo: ogni incisione è accompagnata da una scheda nella quale si trova l'immagine della copertina originale,</p>	<p>assieme a dati preziosi per appassionati e collezionisti. <i>Vita di Piero Cironi</i> Encyclopaedia Britannica, Inc. Clausewitz and Modern Strategy is the first-ever volume devoted to the influence and interpretation of Clausewitz' On War to be published in the English language. Among all the better-known works on military theory in Western civilization, it is Carl von Clausewitz' magnum opus that has been</p>	<p>able to withstand every kind of political, social, economic, and technological change since it first appeared in 1832 and will always remain of more than purely historical interest. This collection of essays, first presented at an international conference on Clausewitz at the US Army War College in April 1985, spans every possible aspect of Clausewitz' influence. It is grouped into</p>
--	--	---

three parts. The first addresses the issue of whether an early nineteenth-century book on war is still pertinent today in an era when war - more than any other human activity - has been revolutionized by modern technology. In the second part, analyses are made of selected theoretical concepts and other specific subjects discussed by Clausewitz, ranging from chance and uncertainty, space and time, and intelligence in war to guerrilla warfare. The final part takes a critical look at Clausewitz' influence on the development of strategic doctrines in several European countries, as well as the degree to which his theories were not only understood but misunderstood by various military thinkers. In many instances, Clausewitz' readers interpreted his ideas out of context and selectively employed his theories to match their own preconceived notions. Like many other works on political theory and philosophy, *On War* is not always easy to read and understand. Clausewitz and *Modern Strategy* provides an excellent introduction to the complex world of Clauswitzian thought, offering a

better overall understanding of Clausewitz' key concepts, his system of thinking, and his influence on the study of modern war. It is indispensable reading for all students, military historians, strategic analysts and thinkers.

Cambridge Scholars Publishing  
Any notion linguistically expressed, even one such as the syllable, is

always the result of several different viewpoints. In order to take this into account, this book draws inspiration from the scheme of quaternion, as conceived by Sir William Rowan Hamilton and later introduced in theoretical linguistics by Ferdinand de Saussure. The first term of the quaternion (The Dawn of the Syllable) is provided by historical observations. The second term (Beyond

the Sound of Syllables) is composed of different descriptive analyses of the syllable carried out in some particular languages and dialects. The third term (The Body of Syllables) presents the analytical-instrumental analysis of the syllable, while the fourth (De Syllaba Ventura) proposes some theoretical considerations .

of his life for  
the first time,  
a book that at  
last brings this  
fascinating  
Renaissance  
enigma to life.  
*Piero Della  
Francesca* 1st  
Book Library  
This edited  
collection  
presents an  
economic  
history of  
Catalonia and  
its economic  
crises, from  
Roman times  
to the political  
difficulties of  
the present

day. It  
considers how  
the strong  
identity of the  
Catalan  
people has  
been  
reinforced in  
critical  
episodes such  
as the  
commercial  
revolution of  
the Late  
Medieval Age,  
the 1640  
rebellion, the  
Succession  
War of  
1705-1714,  
the industrial  
revolution of  
the eighteenth  
and  
nineteenth  
centuries, and  
the strong  
repression  
during early  
Francoism.  
The book also  
explores how

historical  
parallels from  
Catalonia's  
past might  
shed light on  
the long-term  
consequences  
of the Great  
Recession of  
2007-9 and  
recovery in  
the EU,  
showing how  
the typical  
Mediterranean  
approach of  
adjusting to  
crises by  
depreciating  
currencies and  
expanding  
public deficits  
has been less  
straightforward  
during the  
most recent  
financial crisis.  
A particularly  
deep slump  
has  
contributed to  
fostering the

claim for independence of Catalonia in recent times, echoing larger dissatisfaction with EU monetary policy. With a comprehensive overview of major events in Catalonian economic history and their broader implications to European political economy and development, this book will be of interest to students and academics in economic history, social history, and monetary economics. *La guerra di*

*Piero Franco* Angeli  
A magisterial history of “Napoleon’s Vietnam”, by the highly acclaimed historian of Spain In this definitive account of the Peninsular War (1808-14), Napoleon’s six-year war against Spain, Ronald Fraser examines what led to the emperor’s devastating defeat against the popular opposition—the guerrillas—and their British and Portuguese allies. As well

as relating the histories of the great political and military figures of the war, Fraser brings to life the anonymous masses—the artisans, peasants and women who fought, suffered and died—and restores their role in this barbaric war to its rightful place while overturning the view that this was a straightforward military campaign. This vivid, meticulously researched book offers a

distinct and profound vision of “Napoleon’s Vietnam” and shows the reality of the disasters of war: the suffering, discontents and social upheaval that accompanied the fighting. With a new Introduction by Tariq Ali. Napoleon’s Cursed War Routledge Don Piero nació y creció a fines del siglo XIX en el Portello, un barrio popular de Padua. Hijo de una vendedora de frutas muy devota y de

un tabernero libertario, crece en la taberna que también es cueva de socialistas y anárquicos a los que la policia local vigila muy de cerca. Desde pequeño decide ser sacerdote. Después de su ordenación en los años de la guerra con Libia, y aunque firmemente contrario a la intervención de Italia en la Primera Guerra Mundial, tiene que alistarse en el arma de los alpinos y va a combatir

en las alturas del Pasubio. Enfrenta así la crueldad de la guerra, se hace querer por sus comilitones y se ofrece a sustituir un padre de familia condenado a muerte por desertor. Salvado in extremis vuelve a Padua en los días de Caporetto, con el grado Capellán Militar. Por encargo del obispo se ocupa tanto de soldados como de prófugos en la que mientras tanto se ha

convertido en la "capital del frente". Italia vencedora firma el armisticio en Villa Giusti, pero el destino de Don Piero es muy diferente. Crises and Transformation in the Mediterranean World Boydell & Brewer Italy is a country that exercises a hold on the imagination of people all over the world. Its long history has left an inexhaustible treasure chest of cultural achievement: Historic cities such as Rome,

Florence, and Venice are among the most sought-after destinations in the world for tourists and art lovers. Italy's natural beauty and cuisine are rightly renowned. It's history and politics are also a source of endless fascination. Modern Italy has consistently been a political laboratory for the rest of Europe. This third edition of Historical Dictionary of Modern Italy contains a

chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italy.

<i>National Myth and the First World War in Modern Popular Music</i> BoD – Books on Demand Ma l'assassino ha ucciso il pescatore? Come si chiamava la vera Marinella?
