Yoga, tantra and other forms of Asian meditation are practised in modernized forms throughout the world today, but most introductions to Hinduism or Buddhism tell only part of the story of how they developed. This book is an interpretation of the history of Indic religions up to around 1200 CE, with particular focus on the development of yogic and tantric traditions. It assesses how much we really know about this period, and asks what sense we can make of the evolution of yogic and tantric practices, which were to become such central and important features of the Indic religious scene. Its originality lies in seeking to understand these traditions in terms of the total social and religious context of South Asian society during this period, including the religious practices of the general population with their close engagement with family, gender, economic life and other pragmatic concerns.

"Vintage Iacocca . . . He is fast-talking, blunt, boastful, and unabashedly patriotic. Lee Iacocca is also a genuine folk hero. . . . His career is breathtaking."—Business Week He's an American legend, a straight-shooting businessman who brought Chrysler back from the brink and in the process

became a media celebrity, newsmaker, and a man many had urged to run for president. The son of Italian immigrants, Lee Iacocca rose spectacularly through the ranks of Ford Motor Company to become its president, only to be toppled eight years later in a power play that should have shattered him. But Lee Iacocca didn't get mad, he got even. He led a battle for Chrysler's survival that made his name a symbol of integrity, know-how, and guts for millions of Americans. In his classic hard-hitting style, he tells us how he changed the automobile industry in the 1960s by creating the phenomenal Mustang. He goes behind the scenes for a look at Henry Ford's reign of intimidation and manipulation. He recounts the miraculous rebirth of Chrysler from near bankruptcy to repayment of its \$1.2 billion government loan so early that Washington didn't know how to cash the check.

Who is not in distress in the present era? Some are anguished mentally some physically some by children some by spouse. There is no harmony in the family as before. Everybody wants to cook one's meal separately. The tradition of the joint family has already been shattered. One who is in trouble primarily wants freedom from it be it only a minor wound. His first priority remains to get relief from the pain whatsoever it may cost. The author of Lal Kitab had understood this principle much earlier and created trials or remedies imbuing good conduct righteousness and fundamental code of social and universal conduct along with the interweave of astrology so that the person might secure relief from the pain as well as remain connected with the societal customs. Most of the people in India are very well acquainted with the name of 'Lal Kitab' Originally this book was written by Shri. Girdhari Lal Sharma in Urdu language. Subsequently it was translated into Hindi language. Some adulteration is quite natural in the translated version of the original text. Primarily our rishi-maharshis godmen astrologers fortune-tellers like Narad

Parashar Kalidas Varahmihir Jaimini Bhrigu etc. and the contemporary saints had prescribed yajna hawan worship chanting God's name rituals and donations to mitigate the bad effect of planets. Later on acknowledging the paucity of money and time Shri Girdhari Lal Sharma the author of the original Lal Kitab proposed remedies that were simple and required least expense of money. These easy remedies became very popular in India. Keeping in mind a code of conduct dharma practical aspects good conduct and the basic principles of life and the need for proper discipline in society the author had suggested the remedies which were accepted by the common men by heart. For example respect of elders service to parents offering grass to cow offering bread to dog feeding monkeys with gram and jaggery etc. are such remedies that can easily be done by everybody. The principality of twelve signs and nine planets of Indian astrology has also been accepted by Lal Kitab. The mere difference is that whereas in the prevalent astrology the ascendant is determined by the time of birth Lal Kitab always keeps it between Aries and Pisces.
