Il segreto dei giganti EIFIS Editore

To stabilize the mind in one-pointed concentration is the basis of all forms of meditation. Gen Lamrimpa was a meditation master who lived in a meditation hut in Dharamsala and who had been called to teach by the Dalai Lama. He leads the meditator step-by-step through the stages of meditation and past the many obstacles that arise along the way. He discusses the qualities of mind that represent each of nine levels of attainment and the six mental powers. This book was previously titled Shamatha Meditation.

Wisdom for Everyday Life from the Tibetan Book of the Dead Snow Lion

Testo fondamentale della tradizione Nyingma del Buddhismo Tibetano in cui l'autore espone una serie di pratiche molto avanzate per la coltivazione dell'indagine e dell'osservazione profonda, o vipaśyanā, sulla natura dell'esistenza nel suo complesso. Gli insegnamenti offerti da Dūdjom Lingpa avvengono nella forma di un dialogo affascinante che ha luogo nello spazio della sua stessa mente: vari aspetti della sua mente pongono domande alla sua coscienza primordiale, che assume la forma archetipica del Maestro. Il dialogo che ne deriva esplora ogni fase del sentiero per la buddhità in questa vita, dai primi passi al risultato senza eguali del corpo arcobaleno, ovvero l'Illuminazione.

Journeys Out of the Body Routledge & Kegan Paul Books

The tradition of Tantra or Tantric Buddhism is known to have existed in India as early as the 5th century AD. Using his own unique blend of wisdom and humour, Osho talks about the mystical insight of Tantra that is to be found in these ancient writings. It is a refreshing perspective from one of the most provocative spiritual teachers of our time and introduces some difficult concepts to the widest possible audience.

Gateway to the Inner Self Columbia University Press

Wake up and dream. Imagine experiencing all the things that happen in dreams, but with one extraordinary difference: You are "lucid"--consciously, joyously in control. Not just an adventure (yes, you can fly), a lucid dream is a time ripe for creative thinking, healing, inspiration, and self-knowledge. This lively dream guide shows step-by-step how to become lucid, and then what to do once awake in the dream world. Here's how to reconnect with dreams, and the importance of keeping a journal and timing REM cycles. How to use simple reality checks to differentiate between waking and sleeping states. How to incubate a dream to solve a problem. With every dream we are washing up on the shores of our own inner landscape. Now, learn to explore this strange and thrilling world.

Mastering the Art of Oneironautics Seven Stories Press

The average person spends six years of their life dreaming. Wake up to your dreams, and learn how you can harness their power to help you live your best waking life! Set a goal or intention at the beginning of your 30-day journey, and see it achieved as you create a body of dream work, and become skilled in the art of using your dreams to achieve your life goals. Scribble, reflect and draw in this colourful workbook as you learn, through 120+ fun and simple activities, how to: * Dream journal * Improve your sleep hygiene * Decode and interpret your dreams * Return to that really good dream that you woke up from too soon ... and much more! Guided by your own personal dream guide, Tree Carr, allow your dreams to wow you with their power and potential. Join a community of like-minded dreamers and share tips, tricks and stories using the hashtag #consciousdreamer, connect with dreamers from around the world, and discover the amazing benefits of being more in touch with yourself and your dreams. Whether you're an artist looking to invite more creativity into your life, a busy parent looking to find calm and clarity from a good nightly routine, a student planning for the future, or just a person looking to get to know yourself better, this book will show you how to make the most of your dreams, and use them to dream and achieve big! Lucid Dreaming Red Wheel/Weiser

This is the first comprehensive analysis of the belief structure and historical background of the New Age Movement. "New Age Religion" emerges as a thoroughly secularized form of western-esoteric traditions which can be traced back to the period of the Renaissance.

Memorie di una Viaggiatrice dello Spirito Simon and Schuster

A visual presentation of Tibetan yoga, the hidden treasure at the heart of the Tibetan Tantric Buddhist tradition • Explains the core principles and practices of Tibetan yoga with illustrated instructions • Explores esoteric practices less familiar in the West, including sexual yoga, lucid dream yoga, and yoga enhanced by psychoactive substances • Draws on scientific research and contemplative traditions to explain Tibetan yoga from a historical, anthropological, and biological perspective • Includes full-color reproductions of previously unpublished works of Himalayan art Tibetan yoga is the hidden treasure at the heart of the Tibetan Tantric Buddhist tradition: a spiritual and physical practice that seeks an expanded experience of the human body and its energetic and cognitive potential. In this pioneering and highly illustrated overview, Ian A. Baker introduces the core principles and practices of Tibetan yoga alongside historical illustrations of the movements and beautiful, full-color works of Himalayan art, never before published. Drawing on Tibetan cultural history and scientific research, the author explores Tibetan yogic practices from historical, anthropological, and biological perspectives, providing a rich background to enable the reader to understand this ancient tradition with both the head and the heart. He provides complete, illustrated instructions for meditations, visualizations, and sequences of practices for the breath and body, as well as esoteric practices including sexual yoga, lucid dream yoga, and yoga enhanced by psychoactive plants. He explains how, while Tibetan yoga absorbed aspects of Indian hatha yoga and Taoist energy cultivation, this ancient practice largely begins where physically-oriented yoga and chi-gong end, by directing prana, or vital energy, toward the awakening of latent human abilities and cognitive states. He shows how Tibetan yoga techniques facilitate transcendence of the self and suffering and ultimately lead to Buddhist enlightenment through transformative processes of body, breath, and consciousness. Richly illustrated with contemporary ethnographic photography of Tibetan yoga practitioners and rare works of Himalayan art, including Tibetan thangka paintings, murals from the Dalai Lama's once-secret meditation chamber in Lhasa, and images of yogic practice from historical practice manuals and medical treatises, this groundbreaking book reveals Tibetan yoga's ultimate expression of the interconnectedness of all existence.

Understanding Our Mind Leonardo Paolo Lovari

Questo primo volume degli Annali di Meditazione e Neuroscienze include gli elaborati finali degli allievi della prima edizione del Master in Meditazione e Neuroscienze, svolto presso l'Università degli Studi di Udine nell'anno accademico 2017-2018. Gli articoli, alcuni presentati in forma breve e altri in forma estesa, trattano temi di storia delle religioni, di tecniche di meditazione, di medicina e psicologia. Sono il risultato dell'esperienza di un anno e mezzo di lezioni impartite dai maggiori esperti italiani nel campo della meditazione e delle neuroscienze, oltre che di studio personale e di pratica della meditazione di consapevolezza.

Shambhala John Wiley & Sons

This book is written in a simple and easy-to-understand language by scientist-biologist Dr. Vladimir Antonov. It covers the essential issues: what is God, the place of human being in the Evolution of the Universal Consciousness, principles of forming and correction of destiny, ways of attaining health and happiness, most effective methods of psychic self-regulation, about spiritual development and cognition of God.

Sognarsi svegli. Yoga tibetano del sogno & sogno lucido Llewellyn Worldwide

The average person spends nearly twenty-five years of their life sleeping. But in all that time you can get a lot more than just a healthy night's rest. With the art of lucid dreaming-or becoming fully conscious in the dream state-you can find creative inspirations, promote emotional healing, gain rich insights into your waking reality, and much more. Awakening in Your Dreams and in Your Life, Stephen LaBerge invites you on a guided journey to learn to use conscious dreaming in your life. Distilled from his more than twenty years of pioneering research at Stanford University and the Lucidity Institute—including many new and updated techniques and discoveries—here is the most effective and easy-to-learn tool available for you to begin your own fascinating nightly exploration into Lucid Dreaming.

Sulla via dello yoga, tra i sentieri dell'ermetismo, dell'alchimia e dello sciamanesimo. Shambhala Publications

The definitive work on the extraordinary phenomenon of out-of-body experiences, by the founder of the internationally known Monroe Institute. Robert Monroe, a Virginia businessman, began to have experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a "second body" to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbound by time or death. Praise for *Journeys Out of the Body* "Monroe's account of his travels, *Journeys Out of the Body*, jam-packed with parasitic goblins and dead humans, astral sex, scary trips into mind-boggling other dimensions, and practical tips on how to get out of your body, all told with wry humor, quickly became a cult sensation with its publication in 1971, and has been through many printings. Whatever their 'real' explanation, Monroe's trips made for splendid reading." —Michael Hutchinson, author of *Megabrain* "Robert Monroe's experiences are probably the most intriguing of any person's of our time, with the possible exception of Carlos Castaneda's." —Joseph Chilton Pierce, author of *Magical Child* "This book is by a person who's clearly a sensible man and who's trying to tell it like it is. No ego trips. Just a solid citizen who's been 'out' a thousand times now and wants to pass his experiences to others."

The Way of the Shaman Harper Collins

Adventures in the Afterlife is a powerful journey of spiritual awakening; a bold quest for answers and enlightenment. The old assumptions of heaven are confronted and an expansive new vision of our continuing life is presented. After being diagnosed with cancer, William Buhlman, author of *Adventures Beyond the Body*, pursued answers to the mysteries of our existence after death. Confronting his mortality, he experienced profound insights into what lies beyond our physical body. Our journey into the next life is the basis for *Adventures in the Afterlife*. The author chronicles his out-of-body experiences and lucid dreams through the eyes of a fictional character, Frank Brooks. The insights are sometimes surprising, but a clear message is always apparent; we are powerful, spiritual beings and we shape our reality now and in the future. The purpose of this book is to prepare us for the many thought responsive environments we will experience. William Buhlman teaches and lectures worldwide on the subjects of out-of-body experiences and spiritual empowerment. Visit the author at www.astralinfo.org.

Capture the Power of Your Dreams & Live Your Best Life Sognarsi svegli. Yoga tibetano del sogno & sogno lucido Esplorare le Profondità della Mente Vipasyana: indagine e osservazione sull'Essenza Vajra di Dudjom Lingpa

Understanding Our Mind is an accessible guide for anyone who is curious about the inner workings of the mind. Originally released as *Transformation at the Base*, a finalist for the 2001 Nautilus Award, this seminal work on Buddhist applied psychology features a new introduction by Dharma teacher Reb Anderson. *Understanding Our Mind* is based on fifty verses on the nature of consciousness taken from the great fifth-century Buddhist master Vasubandhu. With compassion and insight, Nhat Hanh reveals how these ancient teachings can be applied to the modern world. Nhat Hanh focuses on the direct experience of recognizing and embracing the nature of our feelings and perceptions. The quality of our lives, he says, depends on the quality of the seeds in our minds. Buddhism teaches us how to nourish the seeds of joy and transform the seeds of suffering so that our understanding, love, and compassion can flower.

Esotericism in the Mirror of Secular Thought W. W. Norton & Company

In this book the bestselling author and psychoanalyst Massimo Recalcati offers a fundamental re-examination of what 'being a mother' means today, in a world where new social and sexual freedoms mean that motherhood is no longer the sole destiny of women. Questioning the belief that a mother's love is natural and unconditional, he paints a more complex and troubling picture of the mother-child relationship, observing that mothers may even resent their children as a result of unresolved conflicts between different dimensions of love. The mother's hands not only nurture but can also potentially harm. Recalcati argues that it is precisely in these competing demands that motherhood fulfils its function: only if the mother is 'not-all-mother' can a child experience the absence that enables it to access the symbolic and cultural world. Recalcati cuts through conventional wisdom to offer a fresh perspective on the changing nature of motherhood today. An

international bestseller, this book will appeal to a wide general readership, as well as to students and scholars of gender studies, psychoanalysis and related disciplines.

Principles and Practices ReadHowYouWant.com

Lucid Dreaming: Gateway to the Inner Self is the account of an extraordinarily talented lucid dreamer who goes beyond the boundaries of both psychology and religion. In the process, he stumbles upon the Inner Self. While lucid (consciously aware) in the dream state and able to act and interact with dream figures, objects, and settings, dream expert Robert Waggoner experienced something transformative and unexpected. He was able to interact consciously with the dream observer - the apparent Inner Self - within the dream. At first this seemed shocking, even impossible, since psychology normally alludes to such theoretical inner aspects as the Subliminal Self, the Center, the Internal Self-Helper in vague and theoretical ways. Waggoner came to realize, however, that aware interaction with the Inner Self was not only possible, but actual and highly inspiring. He concluded that while aware in the dream state, one has both a psychological tool and a platform from which to understand dreaming and the larger picture of man's psyche as well. Waggoner proposes 5 stages of lucid dreaming and guides readers through them, offering advice for those who have never experienced the lucid dream state and suggestions for how experienced lucid dreamers can advance to a new level. *Lucid Dreaming* offers exciting insights and vivid illustrations that will intrigue not only avid dreamworkers but anyone who is interested in consciousness, identity, and the definition of reality.

Active Dreaming Shambhala Publications

"[A] solid how-to book...For amateur dream researchers, this is a must." *WHOLE EARTH REVIEW* This book goes far beyond the confines of pop dream psychology, establishing a scientifically researched framework for using lucid dreaming—that is, consciously influencing the outcome of your dreams. Based on Dr. Stephen LaBerge's extensive laboratory work at Stanford University mapping mind/body relationships during the dream state, as well as the teachings of Tibetan dream yogis and the work of other scientists, including German psychologist Paul Tholey, this practical workbook will show you how to use your dreams to: Solve problems; Gain greater confidence; improve creativity, and more. From the Paperback edition.

Stilling the Mind Simon and Schuster

What do Eastern Europe's booming sex trade, America's subprime mortgage lending scandal, China's fake goods industry, and celebrity philanthropy in Africa have in common? With biopirates trolling the blood industry, fish-farming bandits ravaging the high seas, pornography developing virtually in Second Life, and games like *World of Warcraft* spawning online sweatshops, how are rogue industries transmuting into global empires? And will the entire system be transformed by the advent of sharia economics? With the precision of an economist and the narrative deftness of a storyteller, syndicated journalist Loretta Napoleoni examines how the world is being reshaped by dark economic forces, creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism. Napoleoni reveals the architecture of our world, and in doing so provides fresh insight into many of the most insoluble problems of our era.

The Fundamental Tantra of Dzogchen Semde Kunjed Gyalpo Harmony

Some of the greatest of life's adventures can happen while you're sound asleep. That's the promise of lucid dreaming, which is the ability to alter your own dream reality any way you like simply by being aware of the fact that you're dreaming while you're in the midst of a dream. There is a range of techniques anyone can learn to become a lucid dreamer—and this book provides all the instruction you need to get started. But B. Alan Wallace also shows how to take the experience of lucid dreaming beyond entertainment to use it to heighten creativity, to solve problems, and to increase self-knowledge. He then goes a step further: moving on to the methods of Tibetan Buddhist dream yoga for using your lucid dreams to attain the profoundest kind of insight.
