In the twenty-first century, we are continually confronted with the existential side of technology—the relationships between identity and the mechanizations that have become extensions of the self. Focusing on one of humanity's most ubiquitous machines, *Automotive Prosthetic: Technological Mediation and the Car in Conceptual Art* combines critical theory and new media theory to form the first philosophical analysis of the car within works of conceptual art. These works are broadly defined to encompass a wide range of creative expressions, particularly in car-based conceptual art by both older, established artists and younger, emerging artists, including Ed Ruscha, Martha Rosler, Richard Prince, Sylvie Fleury, Yael Bartana, Jeremy Deller, and Jonathan Schipper. At its core, the book offers an alternative formation of conceptual art understood according to technology, the body

moving through space, and what art historian, curator, and artist Jack Burnham calls “relations.” This thought-provoking study illuminates the ways in which the automobile becomes a naturalized extension of the human body, incarnating new forms of “car art” and spurring a technological reframing of conceptual art. Steeped in a sophisticated take on the image and semiotics of the car, the chapters probe the politics of materialism as well as high/low debates about taste, culture, and art. The result is a highly innovative approach to contemporary intersections of art and technology.

Long before vacationers discovered BC's Sunshine Coast, the Sliammon, a Coast Salish people, called the region home. In

this remarkable book, Sliammon elder Elsie Paul collaborates with a scholar, Paige Raibmon, and her granddaughter, Harmony Johnson, to tell her life story and the history of her people, in her own words and storytelling style. Raised by her grandparents who took her on their seasonal travels, Paul spent most of her childhood learning Sliammon ways, teachings, and stories and is one of the last surviving mother-tongue speakers of the Sliammon language. She shares this traditional knowledge with future generations in *Written as I Remember It*.

When Eli de Villiers, a boy from a fractured family in Cape Town, goes to India with his mother, an astonishing adventure awaits him. He is kidnapped and lands in a brothel in Delhi, at the mercy of the diabolical madam and child

trafficker, Auntie Lakshmi. Eli escapes with other children, fleeing through India's fantastical landscapes towards Nepal – Eli to find his father, the others to return home. In hot pursuit are Lakshmi's henchmen, as well as her nemesis, the irrepressible Inspector V.J. Gupta. A band of Maoist rebels, enlisted by Eli's father to help find his son, follows their trail. In this evocative coming-of-age saga, a boy's quest to reunite his family collides with the bittersweet realisation that he cannot remain in the garden of dreams forever, and that a broader, bolder life is impossible without accepting the world as an imperfect place.

Gordon Korman's classic, bestselling series

celebrates its 35th

anniversary! Macdonald

Hall's ivy-covered

buildings have housed

and educated many fine young Canadians. But

Bruno Walton and Boots

O'Neal are far from being fine young Canadians. The

roommates and best

friends are nothing but

trouble! Together they've snuck out after lights-out, swapped flags, kidnapped mascots . . . and that's only the beginning.

Macdonald High is having some serious cash flow problems. Everything is being cut back — evening snack is gone, the lab equipment is decrepit and the dorms are freezing at night. Worst of all, Bruno Walton and Boots O'Neal are being moved in with Elmer Drimdsdale — the science geek. There's even talk of Macdonald Hall being put up for sale! Could this be the end of Canada's finest boarding school or do Bruno and Boots have a plan? Join two of Gordon Korman's most memorable characters in seven side-splitting, rip-roaring adventures! Macdonald Hall is the series that started it all, and thirty-five years later it remains a must-read for old fans and new, the young — and the young at heart.

In 2017, Myanmar's military launched a campaign of violence against the Rohingya minority that UN experts later said amounted to a genocide. More than seven hundred thousand civilians fled to Bangladesh in what became the most concentrated flight of refugees since the Rwanda genocide of 1994. The warning signs of impending catastrophe that had built over years

were downplayed by Western backers of the political transition, and only when the exodus began did the world finally come to acknowledge a catastrophe that had been long in the making. In this updated edition of the book that foreshadowed a genocide, Francis Wade explores how the manipulation of identities by an anxious ruling elite laid the foundations for mass violence. It asks: who gets to define a nation? How can democratic rights be weaponised against a minority? And why, at a time when the majority of citizens in Myanmar had begun to experience freedoms unseen for half a century, did much-lauded civilian leaders like Aung San Suu Kyi become complicit in the most heinous of crimes? *Blue Ridge Folklife* Marvel Entertainment 1876-1891 include reports on the internal commerce of the United States, referred to in letters of transmittal as "the volume on commerce and navigation." *Surveying and Mapping* ACCÈS Éditions Portable and user-friendly, this Thai dictionary, phrasebook, and language guide is the

Garden of Dreams University of Texas Press Situated in the middle of the Irish Sea, the Isle of Man is like a stepping-stone between the lands that surround it. In medieval times, it played an important role in the histories of Ireland, Scotland, England and Wales. This book explores the first part of that turbulent era, tracing the story of the Isle of Man from the fifth to the thirteenth centuries. It looks at the ways in which various peoples – Britons, Scots, Irish, English and Scandinavians – influenced events in Man over a period of more than 800 years. A large portion of the book is concerned with the Vikings, a group whose legacy – in place names, old burial mounds and finely carved stones – is such a vivid element in the Manx landscape today.

Dans cette deuxième partie, Florence Dupré la Tour continue de raconter la grande histoire d'amour de sa vie : celle qu'elle a vécu avec sa jumelle. Mais après la fusion de l'enfance et le sentiment unique d'avoir trouvé son âme sœur à la naissance, vient le drame de la séparation au moment de l'adolescence. D'abord, parce que quand on a une sœur jumelle, l'altérité sera toujours décevante, et ensuite, parce qu'il faut nécessairement se séparer, pour se construire, et peut-être un jour mieux se retrouver ? Avec ce récit sans concession, Florence Dupré la Tour achève d'explorer son enfance.
