On the last day of second grade, twins Spencer and Maggie Parker come home from school to find a camper van in their driveway. And not just any camper; a magic camper that can transport them to every state in the continental US. This is perfect for Maggie, who loves geography and is a star student, and for Spencer, who's been failing his geography quizzes and could use the real life extra credit. Together, the twins travel to a surprising new place--the rolling fields of Colorado! There they get suited up in cowboy gear, eat a hearty breakfast in the Mess Hall, and join a cattle drive. But when the group takes a moment to rest, the ranch's prized cow, Snowflake, is stolen by a band of rogue cowboys. The twins must discover how to work together in order to save Snowflake, and find their way home again.

Fuzzy Takes Charge (Class Pets #2) Tiger Tales

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are

fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

"One day, a witch's cat found a dusty old cookbook, and it gave him the most marvellous idea..." The witch has gone out and inspired by the old cookbook, the cat is determined to knock up a super-scrumptious surprise lunch for her. But unfortunately, his enthusiasm far exceeds his cooking abilities, and he carelessly overlooks some rather important information. But hey, what's the worst that could happen? Reviews: "A fabulously charming story with beautiful illustrations. I have a feeling we'll be reading this one again (and again, and again...)" Fran Grant "This is a super book - it's got everything! Magic, potions, a lovely witch, and of course a cheeky cat - and with such beautiful illustrations, it's one that my little ones ask for over and over." Rebecca C "I love this book because it is really funny and made me laugh out loud. I woke up the next day and made a play with my sister, I was the witch and she was the cat. I like how the cat ends up reading her own book about spells, she is a clever cat!". Words from my daughter who was captured by this delightful storybook that has clearly made an impact! Highly recommended read! Kirstie Watson is a gifted author and the illustrations are adorable." Mrs Sumudu Edirisinghe "We love the Witch's Cat - my nearly 3yr old granddaughter asks for it almost every day and knows what's going to happen on every page - she still laughs at each bit though!! This is a really well written and beautifully illustrated story which I thoroughly recommend." Kindle Customer
