When I first picked up Harry Potter and the Sorcerer's Stone I had no idea that my relationship with the wizarding world was about to be changed forever. I fell deeply in love with the magical world that I found myself in. Now years on I am still so frequently returning to explore and further my knowledge of all areas of this universe. After years of obsession I realised that I was constantly returning to the same notes I had long since made. These notes were a list of spells, pronunciations and their definitions. I then had the idea to collate these notes into a spellbook so that I could share my knowledge with the world. This was the start of a life long obsession with the world that J.K. Rowling has brought into existence. I have spent countless hours meticulously studying each book, film and game to compile this spellbook. I hope you enjoy it.
