## **FINN FITZGERALD**

---

Pocket Bios: Anne Frank  
Sourcebooks, Inc.  
The author recounts his descent into despair and his discovery of spiritual nourishment in the works of Aristotle, Emerson, Ben Franklin, and Plato, and enumerates the

seventeen rules that helped transform his life. Og Mandino was one of the leading inspirational authors in the world. But once, he was a thirty-five-year-old derelict who nearly spent his last few dollars on a suicide gun. In *A Better Way to Live*, he describes the joyously redemptive process that turned a down-and-out alcoholic into a millionaire

and a happy man within ten years. Og Mandino is the only person who could tell this heartwarming tale of personal triumph—because it is his own true story. And it can profoundly influence your life. Here are the principles that turned Og Mandino’s life around: his seventeen “Rules to Live By.” These simple, easy-to-follow rules comprise a

sound, wise prescription for inner growth and for a fulfilling everyday life that will work for you—just as it worked for Og Mandino. You can avoid spending even one more day feeling failure, grief, poverty, shame, or self-pity. Here is a better way to live: a way that literally saved Og Mandino's life, a way that can help make your dreams come true.

### **I Am Nikola Tesla**

Ediciones Martínez Roca  
The Knight in Rusty Armor is a 1987 novella by Robert Fisher. It tells the tale of a knight obsessed

with being a knight, so much so that he spends all his time in his armor and completely alienates his family. One day, he discovers that he cannot take his armor off, not even able to lift his visor for meals. He learns that the wizard Merlin may be able to help him, so he sets out to find him.

### *Unicorn (and Horse)*

Picture Window Books  
I was sent here because of a boy. His name was Reeve Maxfield, and I loved him and then he died, and almost a year passed and no one knew

what to do with me. A group of emotionally fragile, highly intelligent teenagers gather at a therapeutic boarding school where they are mysteriously picked for 'Special Topics in English'. Here, they are tasked with studying Sylvia Plath's *The Bell Jar* and keeping a journal. Each time the teens write in their diaries they are transported to a miraculous other world called Belzhar, a world where they are no longer haunted by their trauma and grief - and each begins to tell their own

story. From internationally bestselling author Meg Wolitzer, and published by John Green's editor, Belzharis a breathtaking and surprising story about first love, deep sorrow, and the power of acceptance.

Entertainment Weekly's YA book of 2014 TIME Magazine's Top Ten YA of 2014 Kobo's best of 2014 Amazon's best books of 2014 'A story about what it means to lose someone, or something, you love. Twice.' Kirkus Reviews 'A welcome attack on continuing to live in the

past at the expense of the present...Dry humour accompanies each journey in this readable novel, already selling well in America and deservedly so' Independent 'Breathtaking' Glamourmagazine 'Wolitzer has imagined a world for young readers that celebrates the sacred, transcendent power of reading and writing' New York Times 'An engaging fable about literature's healing power' Financial Times *Maytalia y los inventores*

Bloomington : Indiana University Press  
From the creators of Mutant World! Ragemoor! A living castle, nurtured on pagan blood, harbored to deadly monsters! A fortress possessed of its own will and ability to change itself, with the power to add and destroy rooms and to grow without the help of any human hand. Its servants aren't human, its origins are Lovecraftian, and its keeper must fend off the castle walls from the terrible race of worm men! Collects the four-

issue miniseries. \* A gothic nightmare á la Poe and Lovecraft! "Richard Corben and Jan Strnad are like the Jack Kirby and Stan Lee of post-EC monster comics, responsible for classics like *The Last Voyage of Sindbad* and *Mutant World*. To see the two of them back together and a project like this is just exciting as hell." —Mike Mignola  
*Meet the Croods* Harper Collins  
 Unicorn is a unicorn. And Horse is, well . . . not. Horse is brown. Horse is

plain. And Horse can't stand the unicorn he shares a pen with. Unicorn dances. Tra la la! Horse does not. Blah blah blah. But when robbers kidnap Unicorn for a local circus, what will Horse decide to do? Packed with forty-eight pages of hilarious illustrations and deadpan wit, Unicorn (and Horse) is a funny yet endearing lesson on envy with one important truth: We are sometimes unicorns. We are sometimes horses. And happiness doesn't always come from pink cupcakes

for breakfast.

**A Better Way to Live**  
 Graphic Universe™

"Because we are sick they take away our liberty. We have obeyed the law. We have done no wrong. And yet they would put us in prison. Molokai is a prison. That you know. Niuli, there, his sister was sent to Molokai seven years ago. He has not seen her since. Nor will he ever see her. She must stay there until she dies. This is not her will. It is not Niuli's will. It is the will of the white men who rule the land. And who are these

white men?

*Harry Potter Paper Flyers*  
Penguin

Abel leaves his loving home to make his way in the world, builds a house near a woodland brook, and tries to make friends with the powerful, jealous, and angry wolf who owns the woods.

*The Sense of Wonder* DC Comics

Intelligent algorithms are already well on their way to making white collar jobs obsolete: travel agents, data-analysts, and paralegals are currently in the firing line. In the near

future, doctors, taxi-drivers and ironically even computer programmers are poised to be replaced by 'robots'. Without a radical reassessment of our economic and political structures, we risk the very implosion of the capitalist economy itself. In *The Rise of the Robots*, technology expert Martin Ford systematically outlines the achievements of artificial intelligence and uses a wealth of economic data to illustrate the terrifying societal implications. From health and

education to finance and technology, his warning is stark – all jobs that are on some level routine are likely to eventually be automated, resulting in the death of traditional careers and a hollowed-out middle class. The robots are coming and we have to decide – now – whether the future will bring prosperity or catastrophe.

*Ragemoor Chronicle*  
Books

Pablo could spend all day sliding down Dino's long neck. But what happens when the huge dinosaur

accidentally sends the cave boy flying? Find out in this wordless graphic novel where the artwork brings the story to life.

Rudolf Nureyev Random House

New in the critically acclaimed Little People, BIG DREAMS series, discover the life of Rudolf Nureyev, one of the greatest male ballet dancers of all time. Rudolf fell in love with dance as a child. But he was not allowed to go to ballet school until he was 17. There, he had to make up for lost time and hone his

skills to compete with the other dancers. As a professional, he dazzled audiences with sensational performances and star power. He went on to become a world-renowned choreographer and master of perfection in dance. This inspiring book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the dancer's life. Little People, BIG DREAMS is a bestselling series of books and educational

games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardback versions present expanded stories for beginning readers. Boxed gift sets allow you to

collect a selection of the books by theme. Paper dolls, learning cards, matching games and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

*Vampire Knight: Memories, Vol. 1* Frances Lincoln Children's Books  
A frail young girl flees a roaring forest fire in the middle of the night desperately taking refuge

in a cave where she quickly loses consciousness. She wakes up in a strange, tiny village populated by fairy-like creatures. Her hosts seem intrigued by the sparkles of light that seem to surround her. The village chieftain explains that one of their hunters found her passed out in the forest and brought her back here for treatment. He asks who she is, but she remembers nothing except for a wall and flames. The chief is baffled by her tale as there has not been any

fire in the forest lately, and yet the young woman does indeed show signs of burns. Somewhat recovered and dressed in woodland clothes made by the villagers, the young lady asks to meet the hunter who found her in the forest. She asks her savior to take her to where he found her, hoping that seeing the place will restore her memory. But Meliss refuses -- the rules of the village say that only hunters can enter the forest, and all of the sparkles surrounding the

girl would catch the eyes of predators living in these woods... What follows is a tale of discovery, magic, tragedy, and adventure, as the girl discovers powers that may or may not be borne of an ancient evil. She befriends a cunning, talking wolf along the way, and together the two set out on a journey that will not soon be easily forgotten. A beautifully illustrated, magical fairy tale sure to appeal to young teens and up, created by the award-winning team behind the

world-renowned LOVE series of wordless wildlife graphic novels. *English is Not Easy* Golden Books  
Now the littlest readers can learn about the White House--how it came to be, and what it's like to live there! In this engaging Little Golden Book, preschoolers will enjoy fascinating stories about the White House and some of the presidents, First Families, and even First Pets who have lived there. Simple words and bright artwork bring to life the story of how the White

House came to be, and how it has changed over time. Little ones will learn that George Washington himself chose the building site, and that nearly every president has left his mark--from Thomas Jefferson's introduction of "water closets"--early toilets!--to Michelle Obama's vegetable garden. And kids will gain a clear understanding of the role the White House plays in American life and culture. Fun anecdotes about the rowdy Roosevelt children riding metal trays down the

staircase, the annual Easter Egg Roll, and how the White House once kept cows for milk complete this charming nonfiction Little Golden Book.

*The Beats* Dark Horse Comics

Natalia y Mayden son grandes aficionados a los experimentos. Bajo su laboratorio se encuentra el del profesor Apolonio Villano, un inventor locoide y siempre malhumorado por el fracaso de sus inventos. Hasta que un día, y por error, los chicos y su gato

Arquímedes caerán en una extraña máquina que esta vez sí funcionará y los llevará en un asombroso viaje en el tiempo a conocer en persona y en su momento a los mayores inventores de nuestra civilización.

### **Dino and Pablo's Prehistoric Games**

Macmillan

Jack might be the only kid in the world who's dreading summer. But he's got a good reason: summer is when his single mom takes a second job and leaves him at home to watch his autistic kid

sister, Maddy. It's a lot of responsibility, and it's boring, too, because Maddy doesn't talk. Ever. But then, one day at the flea market, Maddy does talk—to tell Jack to trade their mom's car for a box of mysterious seeds. It's the best mistake Jack has ever made. In *Mighty Jack*, what starts as a normal little garden out back behind the house quickly grows up into a wild, magical jungle with tiny onion babies running amok, huge, pink pumpkins that bite, and, on one moonlit night that

changes everything...a dragon.

*The Jeweler's Shop*

Ballantine Books

In this witty graphic novel, a community of forest animals trades scary rumors about a nearby wolf. Some critters have even gone into business selling wolf traps and anti-wolf fences. But when the wolf appears in a pair of striped underpants, everyone rethinks their fears. This is a heartwarming story about understanding differences, told with an oddball sense of humor.

*Grumpy Doodle Book*

Simon and Schuster

For fans of *The Hunger Games*, *Battlestar Galactica*, and *Blade Runner* comes the first book in the *Partials Sequence*, a fast-paced, action-packed, and riveting sci-fi teen series, by acclaimed author Dan Wells. Humanity is all but extinguished after a war with *Partials*—engineered organic beings identical to humans—has decimated the population. Reduced to only tens of thousands by a weaponized virus to which only a fraction of

humanity is immune, the survivors in North America have huddled together on Long Island. But sixteen-year-old Kira is determined to find a solution. As she tries desperately to save what is left of her race, she discovers that that the survival of both humans and *Partials* rests in her attempts to answer questions about the war's origin that she never knew to ask. Playing on our curiosity of and fascination with the complete collapse of civilization, *Partials* is, at

humanity is immune, the survivors in North America have huddled together on Long Island. But sixteen-year-old Kira is determined to find a solution. As she tries desperately to save what is left of her race, she discovers that that the survival of both humans and *Partials* rests in her attempts to answer questions about the war's origin that she never knew to ask. Playing on our curiosity of and fascination with the complete collapse of civilization, *Partials* is, at

its heart, a story of survival, one that explores the individual narratives and complex relationships of those left behind, both humans and Partials alike—and of the way in which the concept of what is right and wrong in this world is greatly dependent on one's own point of view. Supports the Common Core State Standards

### **The Knight in Rusty**

**Armor** Simon and Schuster

After a fierce battle between humans and vampires, a temporary

peace was established, but Kaname continued to sleep within a coffin of ice... Yuki gave Kaname her heart to revive him as a human being. These are the stories of what happened during those 1,000 years of Kaname's slumber and at the start of his human life. -- VIZ Media
