 Une nouvelle série sur les médiums par un auteur de best-sellers (classements du New York Times et de USA Today) Tout le monde pense que je suis un génie. Tout le monde a tort. Oui, je suis sorti de Harvard

à dix-huit ans et je me remplis les poches dans un fonds spéculatif. Mais ce n'est pas parce que je suis extraordinairement intelligent ou travailleur. C'est parce que je triche. J'ai un talent unique, voyez-vous. Je peux sortir du temps pour entrer dans ma version personnelle de la réalité — un endroit que je nomme 'le Calme' — où je peux explorer mon environnement pendant que le reste du monde est immobile. Je pensais être le seul à pouvoir le faire — jusqu'à ce que je la rencontre. Je m'appelle Darren et voici comment j'ai appris que j'étais un Lecteur.

 Ruby Steele, 30 ans, jolie fille bien roulée semblable à n'importe quelle expatriée réfugiée aux Bahamas, tient le bar local. Les clients indécidés ont affaire à elle : Ruby est professionnelle en arts martiaux,

pas du genre à se laisser faire. Ruby serait devenue une championne si elle n'avait pas été contrainte de s'exiler et se planquer aux Bahamas. Ruby en sait trop. Elle sait où sont enterrés les cadavres. Elle sait qu'il vaut parfois savoir tirer sa révérence. Mais Ruby ignore ce que fabrique ce touriste mort dans la benne à ordures derrière son bar miteux. Ni pourquoi ça tombe sur elle. Ni ce que fichait ce type dehors à 3 heures du matin, alors que sa jolie fiancée l'attendait dans une chambre d'hôtel à un kilomètre de là. Ni pourquoi les flics lui collent l'affaire sur le dos. Ni pourquoi elle se voit contrainte de choisir entre identifier le tueur ou finir en prison. Faire le bon choix n'a jamais été le point fort de Ruby. Et sa décision ne va pas déroger à la règle ... Bienvenue aux Bahamas en compagnie de Ruby Steele, son bar à proximité du club de plongée local, son singe de compagnie rusé, son gros problème d'alcool, ses (trop) nombreuses bagarres, son incapacité à se tirer du pétrin et ses poings de boxeuse. La vie de Ruby est certes compliquée ... mais vous allez succomber ! **AVEC DES GLAÇONS (UN MYSTÈRE COSY DE RUBY STEELE—TOME 1)** est le premier tome d'une série de cozy mystery /thrillers, des heures de lecture captivante, de la première à la dernière page. Tomes n°2 (EXTRA DIRTY) et n°3 (FULL-BODIED) déjà disponibles.

His parents had six other children before him, but they died in infancy. His mother has difficulty bonding with the boy. Jody loves the outdoors and his family. Science is essentially a descriptive and experimental device. It observes nature, constructs hypotheses, plans experiments and proposes theories. The theory is never contemplated as the 'final truth', but remains ever subject to modifications, changes and rejections. The science of

allelopathy in a similar way has emerged, and exists on a similar footing; our endeavour should be to keep it fresh and innovative with addition of newer in formation and concepts with the rejection of older ideas and antiquated techniques. During the past few decades encouraging results have been obtained in various aspects of allelopathic researches. However, in addition to continuing efforts in all these directions, constant attempts are to be made to describe the mechanics of allelopathic activity in molecular terms and to discover ways and means to exploit it for the welfare of mankind. We feel that multidisciplinary efforts are the only tool to achieve this goal. It is the hope of the editors that this book will serve as a document which identifies an integrated approach, through which research both to understand and exploit allelopathy can be conducted. The present volume arose out of an attempt to bring together eminent scientists in allelopathy to describe their work, of a highly diverse nature, under one title.

This critically acclaimed play by Luis Valdez cracks open the depiction of Chicanos on stage, challenging viewers to revisit a troubled moment in our nation's history. From the moment the myth-infused character El Pachuco burst onto the stage, cutting his way through the drop curtain with a switchblade, Luis Valdez spurred a revolution in Chicano theater. Focusing on the events surrounding the Sleepy Lagoon Murder Trial of 1942 and the ensuing Zoot Suit Riots that turned Los Angeles into a bloody war zone, this is a gritty and vivid depiction of the horrifying violence and racism suffered by young Mexican Americans on the home front during World War II. Valdez's cadre of young urban characters struggle with the stereotypes and generalizations of America's dominant culture, the questions of assimilation and patriotism, and a desire to rebel against the mainstream pressures that threaten to wipe them out. Experimenting with brash forms of narration, pop culture of the war era, and complex characterizations, this quintessential exploration of the Mexican-American experience in the United States during the 1940's was the first, and only, Chicano play to open on Broadway. This collection contains three of playwright and screenwriter Luis Valdez's most important and recognized plays: Zoot Suit, Bandido! and I Don't Have to Show You No Stinking

Badges. The anthology also includes an introduction by noted theater critic Dr. Jorge Huerta of the University of California-San Diego. Luis Valdez, the most recognized and celebrated Hispanic playwright of our times, is the director of the famous farm-worker theater, El Teatro Campesino.
