Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

Get the Summary of Dan Miller & Dave Ramsey's 48 Days to the Work and Life You Love in 20 minutes. Please note: This is a summary & not the original book. "48 Days to the Work and Life You Love" by Dan Miller and Dave Ramsey challenges the traditional view of work as a burdensome necessity, advocating for a career that aligns with one's passions and talents. The book emphasizes that financial gain and job satisfaction are not mutually exclusive and that work can be as enjoyable as play when it reflects one's personal interests and abilities. Miller invites readers to create a workspace that suits their unique needs and to find joy in their vocation, rather than viewing retirement as an escape from an unfulfilling job...

Summary of Dave Ramsey's EntreLeadership InterVarsity Press

Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle—The Proximity Principle—can change everything you thought you knew about pursuing a career you love. In his latest book, *The Proximity Principle*, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading *The Proximity Principle*, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come—and you'll be prepared to take them.

Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction

Journal your way to contentment in just 90 days. #1 New York Times best-selling author Rachel Cruze guides you on a 90-day journey toward contentment—one where you actually love your life and not someone else's. Let's be honest: We've all compared ourselves to others. You scroll through social media and see someone's latest vacation and think, "Must be nice..." Just like that, you feel like your life isn't good enough. Rachel knows the struggle is real because she's experienced the same thing. So, she created a 90-day journal to help you stop comparing your life to others and be happier than you've ever been. *The Contentment Journal* is divided into 30-day increments: The first 30 days focus on gratitude - where you'll recognize the blessings in your life. The next 30 days focus on humility - where you'll think of others more and of yourself a little less.

The last 30 days focus on contentment - where you'll be happy for others and not want what they have. Study after study backs up that your relationships, health, decision-making skills, kindness, and even sleep can get better with gratitude. *The Contentment Journal* will help you grow and change in ways you can't yet imagine.
