*The Story of Randy Grim and His Fight to Save America's Abandoned Dogs* Baltimore : PublishAmerica  
 "I have no wish to play the pontificating fool, pretending that I've suddenly come up with the answers to all life's questions. Quite that contrary, I began this book as an exploration, an exercise in self-questing. In other words, I wanted to find out, as I looked back at a long and complicated life, with many twists and turns, how well I've done at measuring up to the values I myself have set." —Sidney Poitier  
 In this luminous memoir, a true American icon looks back on his celebrated life and career. His body of work is arguably the most morally significant in cinematic history, and the power and influence of that work are indicative of the character of the man behind the many storied roles. Sidney Poitier here explores these elements of character and personal values to take

his own measure—as a man, as a husband and a father, and as an actor. Poitier credits his parents and his childhood on tiny Cat Island in the Bahamas for equipping him with the unflinching sense of right and wrong and of self-worth that he has never surrendered and that have dramatically shaped his world. "In the kind of place where I grew up," recalls Poitier, "what's coming at you is the sound of the sea and the smell of the wind and momma's voice and the voice of your dad and the craziness of your brothers and sisters...and that's it." Without television, radio, and material distractions to obscure what matters most, he could enjoy the simple things, endure the long commitments, and find true meaning in his life. Poitier was uncompromising as he pursued a personal and public life that would honor his upbringing and the invaluable legacy of his parents. Just a few years after his introduction to indoor plumbing and the automobile, Poitier broke racial barrier after racial barrier to launch a pioneering acting career. Committed to the notion that what one does for a living articulates to who one is, Poitier played only forceful and affecting characters who said something positive, useful, and lasting about the human condition. Here is Poitier's own introspective look at what has informed his performances and his life. Poitier explores the nature of sacrifice and commitment, pride and humility, rage and forgiveness, and paying the price for artistic integrity. What emerges is a picture of a man in the face of limits—his own and the world's.

A triumph of the spirit, *The Measure of a Man* captures the essential Poitier. **A Conversation About the 10 Issues Men Say Matter Most** Cambridge University Press  
 Huey, a young eagle in the Gulf of Alaska, has an accident that injures his foot. On the small island near Kodiak, a man named Dave comes to his rescue. He protects Huey from the animals that see the helpless, injured eagle as prey. He leaves food for Huey in his yard. Gradually, the young eagle begins to heal and to realize that this man is his friend. When he next returns to visit Dave, he brings a female eagle with him. She learns of the kindness of Dave, his family, and his pets first hand. The eagles develop a rare and fond relationship with Dave and his family that becomes an important and unique part of all their lives. Now Huey has a son that he wants to introduce to Dave. The eagle family returns to the small island where the young eagle is scared and also curious. The young eagle does not know what to expect, but he trusts his father. Join this eagle family as they make the journey to see their human friends.

 The book is basically quotes and thoughts of mine as well men I've come across in my life. Topics covered include religion, politics, pop culture, philosophy, belief systems, drug and alcohol issues, relationship issues, mental and emotional issues, raising kids, homosexuality and sex of almost

every kind. All three books in the series are intense, raw, very funny, very hot, insightful, touching and very anti establishment. The basic premise is that a man can pick up this book and see that he is not alone in with his thoughts, feelings, fears, pain and desires. A woman can read it and see what's going on in the minds of men. They can learn about thoughts and feelings that men often keep to themselves and even rarely share with other men. Not everyone loves every quote, but there is something for everyone in these books and they are guaranteed to have you laughing out loud, grossed out, pissed off, thinking deeply, touched emotionally or stimulated sexually.

Throughout the years, there may have been equally charismatic performers, comparable athletes, and even better interviews, but none were blessed with the same combination of talents to manage to stay on top for over three decades. To wrestling fans, the Nature Boy is a platinum-blond deity, a sixteen-time world champion who accurately boasted that he could have a five-star match with a broom. No matter how limited the opponent, Flair had the skill and determination to bounce all over the mat, transforming his rival into a star. When the camera light went on, "Slick Ric" could convince viewers that, if they missed an upcoming match, a momentous life experience would pass them by. Flair's opponents were challenged with this simple taunt: "To be the man, you have to beat the man." Away from the arena, Richard Morgan Fliehr spent years struggling with his own concept of what it meant to be a man. He suffered periods of crushing self-doubt, marital strife and—in a profession where there was room for only one Ric Flair—broken friendships. Ric Flair: To Be the Man, cowritten with Keith Elliot Greenberg, chronicles the anguish and exhilaration of Flair's life and career—in painfully honest detail. In addition to his own words, Flair's story is enriched by anecdotes from ring greats like Superstar Billy Graham, Ricky "The Dragon" Steamboat, Harley Race, Sgt. Slaughter, David Crockett, Arn Anderson, Bobby "The Brain" Heenan, "Mean" Gene Okerlund, Shawn Michaels, Triple H, Undertaker and Brock Lesnar. To Be the Man traces the rise of one of wrestling's most enduring superstars to the pinnacle of the sports entertainment universe, and is a must-read for every wrestling fan.

A 2019 Caldecott Honor Book What's in a name? For one little girl, her very long name tells the vibrant story of where she came from — and who she may one day be. If you ask her, Alma Sofia Esperanza José Pura Candela has way too many names: six! How did such a small person wind up with such a large name? Alma turns to Daddy for an answer and learns of Sofia, the grandmother who loved books and flowers; Esperanza, the great-grandmother who longed to travel; José, the grandfather who was an artist; and other namesakes, too. As she hears the story of her name, Alma starts to think it might be a perfect fit after all — and realizes that she will one day have her own story to tell. In her author-illustrator debut, Juana Martinez-Neal opens a treasure box of discovery for children who may be curious about their own origin stories or names.

In these previously uncollected stories, Shawl explores the unexpected horizons (and corners) opened up by science fiction and fantasy's new diversity. In her worlds, sex can be both business and religion, complete with ancient rites, altars, and ointments ("Women of the Doll"); a virtual reality high school is a proving ground for girlpacks and their unfortunate adversaries ("Walk like a Man"); and a British rock singer finds an image in a mirror that reflects both future hits and ancient horrors ("Something More"). With her trademark wit passing for wisdom, Shawl lights up our Outspoken Interview and then, in a talk given at Duke University, explores the connections between ancient Ifa and modern science fiction.

A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

No man fails on purpose. Quite the opposite. When our feet hit the floor every morning, we're looking for a win. But these are turbulent times to be a man. In gathering material for this book, Morley interviewed many men. Their input was powerful. And transparent. They agreed that it's increasingly difficult to juggle all their responsibilities as men, husbands, fathers, friends, workers, churchmen, and citizens. As Nick put it, "It feels almost impossible to live out a biblical model of manhood." We all feel it, don't we? Something about this world just isn't right. There are so many voices phishing to get inside our heads. It feels like we're being "hacked." Spiritually hacked. No one understands what you're going through more than men's expert Patrick Morley, author of the landmark bestseller *The Man in the Mirror*, which has sold over 4 million copies. And now, Morley has put together a game plan so you can get that win you're looking for. *The Christian Man* is filled with powerful stories and refreshingly practical answers to questions like: How can I lead a more balanced life? How can I have a deeper walk with God? What makes a great husband? How can I become a dad who makes a difference? How should I think about my work? What's the right way to deal with lust? By the end of this must-read book, you will know how to intentionally release the power of God on the issues that matter most to you. You'll be able to walk with confidence in the one identity that matters most: The Christian Man.

For the first time in published form 'The Men Will Talk to Me: Galway Interviews' chronicles the experiences of the Galway-based survivors of the War of Independence and the Civil War, recorded in the hand-written notebooks of Ernie O'Malley. Many of the individuals would not talk about their experiences, even to their own families, but were willing to talk to Commandant General O'Malley, the senior surviving Republican military commander, who took on the task of preserving the memories of these participants. The resulting O'Malley notebooks provide an unrivaled insight into this important period of Irish history, including the attack on Clifden and life 'on the run' for the Galway IRA volunteers.

A GRIPPING, FEARLESS EXPLORATION OF MASCULINITY The effects of traditionally defined masculinity have become one of the most prevalent social issues of our time. In this engaging and

provocative new book, beloved actor, director, and social activist Justin Baldoni reflects on his own struggles with masculinity. With insight and honesty, he explores a range of difficult, sometimes uncomfortable topics including strength and vulnerability, relationships and marriage, body image, sex and sexuality, racial justice, gender equality, and fatherhood. Writing from experience, Justin invites us to move beyond the scripts we've learned since childhood and the roles we are expected to play. He challenges men to be brave enough to be vulnerable, to be strong enough to be sensitive, to be confident enough to listen. Encouraging men to dig deep within themselves, Justin helps us reimagine what it means to be man enough and in the process what it means to be human.

In the instant number one New York Times bestseller *Act Like a Lady, Think Like a Man*, Steve Harvey gave millions of women around the globe insight into what men really think about love, intimacy, and commitment. In his new book he zeros in on what motivates men and provides tips on how women can use that knowledge to get more of what they need out of their relationships, whether it's more help around the house, more of the right kind of attention in the bedroom, more money in the joint bank account, or more truth when it comes to the hard questions, such as: Are you committed to building a future together? Does my success intimidate you? Have you cheated on me? In *Straight Talk, No Chaser: How to Find, Keep, and Understand a Man*, Steve Harvey shares information on: How to Get the Truth Out of Your Man Tired of answers that are deceptive? Harvey lays out a three-tier, CIA-style of questioning that will leave your man no choice but to cut to the chase and deliver the truth. *Dating Tips, Decade by Decade* Whether you're in your twenties and just starting to date seriously, in your thirties and feeling the tick of the biological clock, or in your forties and beyond, Steve provides insight into what a man, in each decade of his life, is looking for in a mate. How to Minimize Nagging and Maximize Harmony at Home He said he'd cut the lawn on Saturday, and you may have been within reason to think that that meant Saturday before ten in the evening, but exploding at him is only going to ruin the mood for everyone, which means no romance. Steve shows you how to talk to your man in a way that moves him to action and keeps the peace. And there's much more, including Steve's candid answers to questions you've always wanted to ask men. Drawing on a lifetime of experience and the feedback women have shared with him in reaction to *Act Like a Lady, Think Like a Man*, Harvey offers wisdom on a wealth of topics relevant to both sexes today. He also gets more personal, sharing anecdotes from his own family history. Always direct, often funny, and incredibly perceptive, media personality, comedian, philanthropist, and (finally) happily married husband, Steve Harvey proves once again that he is the king of relationships.

A journalist's provocative and spellbinding account of her eighteen months spent disguised as a man. Norah Vincent became an instant media sensation with the publication of *Self-Made Man*, her take on just how hard it is to be a man, even in a man's world. Following in the tradition of John Howard Griffin (*Black Like Me*), Vincent spent a year and a half disguised as her male alter ego, Ned, exploring what men are like when women aren't around. As Ned, she joined a bowling team, took a high-octane sales job, went on dates with women (and men), visited strip clubs, and even managed to infiltrate a monastery and a men's therapy group. At once thought-provoking and pure fun to read, *Self-Made Man* is a sympathetic and thrilling tour de force of immersion journalism.

Andy Kaufman defied explanation. Between 1978 and 1979, acclaimed novelist and New Yorker short story writer Julie Hecht attempted to arrange an interview with him, hoping to discover how he came to do what he did. The one-hour interview turned into innumerable surreal meetings and phone conversations with her subject; but she couldn't always tell when his act was on. Whether driving recklessly on icy roads or drawing the author unawares into his schemes and Dada-esque pranks on unsuspecting waiters and college students, Andy Kaufman never seemed to separate himself from his stage personality -- or personalities. Was *This Man a Genius?* is the culmination of a series of bizarre, frequently hilarious meetings. In describing them, Hecht, herself a master of wit and observation, illuminates the enigma of Andy Kaufman's work and life.

David Hughes enjoyed a long career as a secondary-school teacher and his pupils used to say of him that although he was not always right, by golly he was never wrong. He is certainly never one to follow fashions blindly or to accept without thinking the views of those around him. He is always prepared to listen carefully to the arguments of others. He likes a good debate. He is always asking

questions. Here he expounds the common-sense ideas he has formed about humankind and the world of today and he attempts to explain why so many of the changes he has seen during his lifetime have not been for the better.
