Traveling with their faithful Pop-up
Camper, 6 kids in tow (15- 3 years old),

America has left them with a deeply enriching experience. A full colour, 300 page book with many stunning and inspiring photographs taken by their eldest son Asher (who was 15 at the time of the trip), this travelogue attempts to chronologically record the family's epic 43 state journey around the USA. The whole family contributes many candid thoughts and learning moments being on a daily shifting schedule and of their encounters in a vast country so different from their own. As exciting as any unscripted adventure could go-expect the unexpected. There were many ups and downs in the course of their journey. The Ongs give an insight into some of their Christian guiding principles on how their family of eight co-exist together in loving relationships,

and how they overcame obstacles and difficulties they encountered. School was everywhere they camped, Education was lived out, America was their textbook, and God, their Master Teacher!

The most important legacy a person can leave behind is reflected in the lives they touch for Christ during their lifetime.

After serving the Seventh-day Adventist Church for more than 100 years in

different capacities, the Wilson family has left quite a legacy that continues on today. The legacy began when William Henry Wilson gave his heart to the Lord after hearing Ellen White preach at a camp meeting in California. Although his time on earth was short, he dedicated himself to studying God's word, and before he passed away, he asked his sons to promise him that they would commit their lives to serving the church. Nathaniel Wilson gave his word that he would serve the Lord, and he did so in a mighty way, working in various conferences in the States and serving overseas in Africa, Asia, Australia, and India. Neal C. Wilson carried his father's legacy forward and served in the Middle East and North America before accepting the call to lead the world church. Along

the way, Neal mentored his son, Ted N. C. Wilson, who followed in his father's footsteps and ministered in Africa, Russia, and currently at the General Conference as president of the Adventist Church. Four generations of Wilsons, along with their wives and families, have stood firm in their commitment to God and their church. Highly Committed traces the history of the Wilson family from William Henry and Isabella Wilson through Ted N. C. and Nancy Wilson. Their family's story is one of providential guidance and unwavering commitment. May you be blessed as you read the story of this God-fearing family, and may you be inspired to commit your life to following God and making a difference for the kingdom!

As a teenage Mennonite girl, Amanda lives with her close-knit family in south central Pennsylvania. Life revolves around hard work, faith, and commitment to the family. She doesnt question the daily routine; its the only life shes known. Her father talks about buying a farm out west with a lot of land in one block. Not only will the family farm there together, but the parents hope to begin a new Mennonite community. To a fifteen-year-old girl,

this move begins as an exciting adventure. In *If You Leave This Farm*, Amanda shares the story of her family's relocation to Minnesota and the subsequent challenges they face as farmers, a family, and Mennonites. She tells how the first crop year was a huge failure and her father alone makes the decision to expand the new dairy in an attempt to recoup the losses. This memoir chronicles the years of struggle as Amanda and her younger brother Joseph seek to escape their father's suffocating and controlling behavior. Intermingled with the struggle on the farm is the effort to become an accepted member of the Minnesota Mennonite community. The change in Amanda's father's behavior and attitude during the first years in Minnesota alienates him

and his family from others of the same faith. She shares a mix of emotions as she wrestles with the shame of her family's standing with the Mennonites and the crushing weight of constant submission to her father's misguided use of his God-given authority.

On Saturday 15th August, 1998, a massive bomb placed by the so-called Real IRA ripped through the town of Omagh, killing twenty-nine people, including eleven children, and injuring over two hundred. It was the worst massacre in Northern Ireland's modern history- yet from it came a most

extraordinary tale of human resilience, as the families of ten of the dead channelled their grief into action. Taking for their motto, 'For evil to triumph, all that is necessary is for good men to do nothing', they decided to pursue the men whom the police believed responsible for the atrocity through the civil courts, where the burden of proof is lower. This is the remarkable account of how these families- who had no knowledge of the law and no money- became internationally recognised, formidable campaigners and surmounted countless daunting obstacles to win a famous victory. During the 1930s many Americans avoided thinking about war erupting in Europe, believing it of little relevance to their own lives. Yet, the Warner Bros. film studio embarked on a virtual crusade to alert Americans to the growing menace of Nazism. Polish-Jewish immigrants Harry and Jack Warner risked both reputation and fortune to inform the American public of the insidious threat Hitler's regime posed throughout the world. Through a score of films produced during the 1930s and early 1940s-including the pivotal *Sergeant York*-the Warner Bros. studio marshaled its forces to influence the American conscience and push toward intervention in World War II. *Celluloid Soldiers* offers a compelling historical look at Warner

Bros.'s efforts as the only major studio to promote anti-Nazi activity before the outbreak of the Second World War.
