Steven Universe: Punching Up Routledge

Middle school best friends Andrew and Foz's superhero comic adventure is all about saving the day! But what happens when Andrew's sister gets her hands on the sketchbook and unleashes a new and powerful villain? Fifth grade best friends Andrew and Foz are creating the perfect superhero crossover with the power of their imaginations! Andrew's laser-eyed heroes Drew and Jot team up to fight Foz's Doctor Danger, as the pair trade sketchbooks back and forth to create their action epic with new characters and new adventures. But what happens when Andrew's little sister doodles in his sketchbook and changes the world of Drew and Jot forever? Can Andrew and Foz work together to save their creation? Enter a brand new world of action and imagination with Eisner Award winner and New York Times bestseller Art Baltazar (Tiny Titans, Aw Yeah Comics) where every drawing has a life of its own.

Steven Universe: Art & Origins Dark Horse Books

Looney Tunes cartoons, writes celebrated television critic Jaime Weinman, are the high-water mark of American filmed comedy. Surreal, irreverent, philosophical, and riotously funny, they have maintained their power over audiences for generations and inspired such giants of the cinema as Mel Brooks, Steven Spielberg, and George Lucas. Here, finally, Weinman gives Bugs Bunny, Daffy Duck, Porky Pig, Yosemite Sam, Foghorn Leghorn, Tweety, Sylvester, and the whole cast of animated icons their long-awaited due. With meticulous research, he takes us inside the Warners' studio to unlock the mystery of how an unlikely band of directors and artists working in the shadow of Walt Disney created a wild, visually stunning and oh-so-violent brand of comedy that has never been matched for sheer volume of laughs. The result is an unexpected and fascinating story that matches the Looney Tunes themselves for energy, humor, and ingenuity.

Drawing Is Magic KaBOOM!

All the hits from Season 1 of Steven Universe! Steven Universe may have inherited his magical abilities from his mother, Rose Quartz, but there's no doubt that his love of music comes from his

father, Greg Universe. Now, fans can learn to sing and play all of Steven's favorite songs--from the tunes he learns on his ukulele, to his father's guitar hits, as well as original songs sung by each of the Crystal Gems. This music book also gives kids the tools and inspiration they need to write their own songs!

Adventure Time: The Art of Ooo Union Square & Company

One hot summer's day nine-year-old Sarah goes to the grocery store...and comes home with an elephant. Sarah's new elephant is not without its challenges, he has trouble fitting through doorways, knocks over everything in sight, is allergic to the neighbor's cat and cowers at the sight of a mouse. But he also has a knack for arranging flowers and keeping Sarah company. And it's because of the elephant that Sarah meets her new next-door neighbor and makes her first real friend. It's because of the elephant that Sarah's mother starts spending more time with her. In fact, despite the destruction, just about everything good that happens is because of the elephant. It turns out that every home, and every nine-year-old girl, does need an elephant. A story about friendship, adventure, and never being afraid to be yourself, this hybrid graphic novel is the perfect introduction to chapter books for all the young animal-lovers in your life.

Typography Sketchbooks National Geographic Books

An abundantly illustrated history of fantasy art, from the Old Masters to the present For hundreds of years, artists have been inspired by the imaginative potential of fantasy. Unlike science fiction, which is based on fact, fantasy presents an impossible reality—a universe where dragons breathe fire, angels battle demons, and magicians weave spells. Published to coincide with a major exhibition organized by the Norman Rockwell Museum, this handsome volume reveals how artists have brought to life mythology, fables, and fairy tales, as well as modern epics like The Lord of the Rings and Game of Thrones. The main text of Enchanted, by exhibition curator Jesse Kowalski, traces the emergence of the themes of fantasy in the world's civilizations, and the development of fantasy illustration from the Old Masters to the Victorian fairy painters, to Golden Age illustrators like Howard Pyle and Arthur Rackham, to classic cover artists like Frank Frazetta and Boris Vallejo, to emerging talents like Anna Dittmann and Victo Ngai. Additional essays by distinguished contributors address particular aspects of fantasy illustration, such as the relationship between science and fantasy in the nineteenth century, and the illustrators of Robert E. Howard. Enchanted features more than 180 color illustrations, including numerous stunning full-page reproductions. This handsome volume is a must-have reference for artists and illustrators, and a delight for all lovers of fantasy.
