There's a fine line between lust and hate. I don't care that Drew Merritt spent the last year transforming himself from grungy slob to sexy playboy. With messy, dirty blond hair and gorgeous eyes, his looks aren't the problem. His mouth is. And the stupid things that come out of it. But after an emergency strands us together, and he does his damndest to take care of me... Let's just say there's one thing we don't clash on. And it doesn't involve talking. I've despised Drew since I met him years ago. One weekend can't change us that much, can it? Spoiler alert: It doesn't. Except he left me a little keepsake. And in nine months, I'll have a surprise for Portland's most notorious player.

“Cunningly crafted stories full of wonder and intelligence. VanderMeer proves again why he is so essential and why everybody should be reading him.” —Junot Diaz, Pulitzer Prize-winning author of *The Brief Wondrous Life of Oscar Wao*  
Featuring “The Situation,” a story set in the universe of VanderMeer’s bestseller, *Borne*. Compared by critics to Borges, Nabokov, and Kafka, contemporary fantasist Jeff VanderMeer (*The Southern Reach Trilogy*) continues to amaze with this surreal, innovative, and absurdist gathering of award-winning short fiction. Exotic beasts and improbable travelers roam restlessly through these darkly diverting and finely honed tales. In “The Situation,” a beleaguered office worker creates a child-swallowing manta-ray to be used for educational purposes (once described as Dilbert meets Gormenghast). In “Three Days in a Border Town,” a sharpshooter seeks the truth about her husband in an elusive floating city beyond a far-future horizon; “Errata” follows an oddly familiar writer who has marshaled a penguin, a shaman, and two pearl-handled pistols with which to plot the end of the world. Also included are two stories original to this collection, including “The Quickening,” in which a lonely child is

torn between familial obligation and loyalty to a maligned talking rabbit. Chimerical and hypnotic, VanderMeer leads readers into a new literature of the imagination.

Everyone lies. When working for a sex mage, it's the only way to stay safe. That's the first thing Jaeda learns when she's named as the Chosen. The mage needs a sacrifice, and she's willing to give it. Maybe too willing. After all, this man is lust incarnate; a woman would have to be insane not to want him, even if he is dangerous. But desiring someone's body is very different from falling in love. In her line of work, the two must never be confused. She doesn't even know his name! He's simply The Jackal, a terrifyingly powerful sex mage, and she's his altar. Her lust fuels him. He needs it. And that puts her in control. Now, she gets to spend her days with a mage who wields sex like a weapon and his assistant who's as irresistible as some long-lost god brought to life. The things they do to her body are amazing, and the rest? These men want to spoil her with the kind of riches she's always dreamed of. It's the best job she can imagine. Unfortunately, it's never that easy. This is supposed to be about making magic - that's it. Feelings have no place in a mage's temple. Affection is a curse. But when the enemy decides she'll make the perfect weapon to steal the Jackal's power, what's she supposed to do? After all, she's just a stupid girl caught in the middle. Her job is to just lie back and take it. Except, someone's been lying. It might even be her. *POWER OF LIES* is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of vulgar language - as well as some potentially triggering

violence since the bad guys don't always play nice. While this is a love story, it may not be right for all readers.

\*\*\*Now a complete series\*\*\* What do a heartless Dragon Shifter, a cold-blooded Basilisk, an arrogant Lion Shifter and a brooding, tattooed Harpy have in common...? Me. Elise Callisto. Vampire. Angel of vengeance. And a girl on a mission to destroy one of them for murdering my brother. I just don't know which one did it yet. When I interrogated/accidentally killed a Werewolf who was high on a new and dangerous drug called Killblaze, his final words painted a dark reality for me. The King of Aurora Academy killed my brother. The trouble is, there's four kings at the academy and each of them have motive and bloodthirsty natures. Aurora Academy isn't a place for the faint of heart. To put it lightly, my town is the cesspit of Solaria where the most cutthroat Fae in the kingdom reside. The school itself is divided by the two gangs who run this city. The Lunar Brotherhood and the Oscura Clan. And guess what? Two of the kings run the gangs at the academy, their hatred for each other so fierce I hear a day doesn't go by without blood being spilled in the halls. I might be a petite, lilac-haired girl who looks like I couldn't hurt a fly, but they haven't been introduced to my fangs yet. And they don't know why I'm really here. Or that I'll do whatever it takes to bring down the Fae who took my flesh and blood from me. I don't believe in fate, but I do know this... the King who killed my brother is a dead man walking. And I'm prepared to sacrifice my heart, body and soul to ensure I get my revenge.
