In her bestselling autobiography *Bedsit Disco Queen*, Tracey Thorn recalled the highs and lows of a thirty-year career in pop music. But with the touring, recording and extraordinary anecdotes, there wasn't time for an in-depth look at what she actually did for all those years: sing. She sang with warmth and emotional honesty, sometimes while battling acute stage-fright. Part memoir, part wide-ranging exploration of the art, mechanics and spellbinding power of singing, *NAKED AT THE ALBERT HALL* takes in Dusty Springfield, Dennis Potter and George Eliot; Auto-tune, the microphone and stage presence; *The Streets* and *The X Factor*. Including interviews with fellow artists such as Alison Moyet, Romy Madley-Croft and Green Gartside of Scritti Politti, and portraits of singers in fiction as well as Tracey's real-life experiences, it offers a unique, witty and sharply observed insider's perspective on the exhilarating joy and occasional heartache of singing.

This survey of Roman satire locates its most salient possibilities and effects at the center of every Roman reader's cultural and political self-understanding. This book describes the genre's numerous shifts in focus and tone over several centuries (from Lucilius to Juvenal) not as mere 'generic adjustments' that reflect the personal preferences of its authors, but as separate chapters in a special, generically encoded story of Rome's lost, and much lionized, Republican identity. Freedom exists in performance in ancient Rome: it is a 'spoken' entity. As a result, satire's programmatic shifts, from 'open' to 'understated' to 'cryptic' and so on, can never be purely 'literary' and 'apolitical' in focus and/or tone. In *Satires of Rome*, Professor Freudenburg reads these shifts as the genre's unique way of staging and agonizing over a crisis in Roman identity. Satire's standard 'genre question' in this book becomes a question of the Roman self.

Featuring sixteen pages of never-before-seen photos, *Finding Your Harmony* takes readers behind-the-scenes of her proudest musical accomplishments, solo success, and her time on *Dancing with the Stars*. Ally Brooke burst onto the music scene as a member of Fifth Harmony, and quickly became a fan favorite with her infectious positivity and approachable attitude – not to mention her incredible voice. Following the band’s meteoric rise to fame, she embarked on a solo career, releasing her own hit singles, joining the twenty-eighth season of *Dancing with the Stars*, and showing people everywhere the rewards of hard work and faith. Now in this moving and inspirational memoir, Ally opens up about the experiences that led her to the spotlight, offering lessons from the heart and revealing how her tight-knit, Mexican-American family have helped her to live fearlessly since she was first catapulted into stardom. Tracing her success from its beginnings in San Antonio, Texas, Ally details the passion for music that took hold of her at a young age, and how with the help of her family she pushed herself to achieve her dreams, no matter how impossible they seemed. While her rise to fame was rapid, it wasn’t always smooth, and Ally candidly discusses the challenges she faced along the way, sharing how she navigated tough moments by staying true to herself and her beliefs. Opening up about her journey since Fifth Harmony disbanded, Ally recalls her tireless efforts to make music on her terms, charting back to back singles in the top 40 and amassing over 200 million collective worldwide streams. She also delves into her time on *Dancing with the Stars*, demonstrating how she conquered her fears and insecurities on her way to a top three finish and further established herself as a role model for young people the world over. Infused with the positive approach to life and spiritual openness that have fueled Ally’s journey, *Finding Your Harmony* uses her stories to help others follow their inner voices—even when the outside world makes it hard. Wise, grounded, and filled with sixteen pages of never-before-seen photos, *Finding Your Harmony* is a fascinating glimpse into the life and heart of one of popular music’s rising stars.

The long-awaited sequel to *Songwriters on Songwriting*, often called "the songwriter's bible," *More Songwriters on Songwriting* goes to the heart of the creative process with in-depth interviews with many of the world's greatest songwriters. Covering every genre of popular music from folk, rock 'n' roll, Broadway, jazz, pop, and modern rock, this is a remarkable journey through some sixty years of popular songwriting: from Leiber & Stoller's genius rock 'n' roll collaborations and Richard Sherman's Disney songs to Kenny Gamble's Philly Sound; Norman Whitfield's Motown classics; Loretta Lynn's country standards; expansive folk music from Peter, Paul, and Mary; folk-rock from Stephen Stills; confessional gems from James Taylor; poetic excursions from Patti Smith; Beatles magic from Ringo Starr; expansive brilliance from Paul Simon; complex melodic greatness from Brian Wilson; the most untrustworthy narrator alive in Randy Newman; the dark rock theater of both Alice Cooper and Rob Zombie; the sophisticated breadth of Elvis Costello; the legendary jazz of Herbie Hancock; the soulful swagger of Chrissie Hynde; the funny-poignant beauty of John Prine; the ancient wisdom fused with hip-hop and reggae of Matisyahu; and much more. In all of it is the collective wisdom of those who have written songs for decades, songs that have impacted our culture forever.

This book demonstrates that silence is eloquent, powerful, beautiful and even dangerous. It surrounds and permeates our daily lives. Drawing on a wide range of cross-cultural, literary and historical sources, the author explores the uses and abuses of silence. He explains how silence is not associated with solitude alone but has a much broader value within society. The main themes of *The Power of Silence* are positive and negative uses of silence, and the various ways in which silence has been understood culturally, socially and spiritually. The book's objectives are to equip people with a better appreciation of the value of silence and to enable them to explore its benefits and uses more easily for themselves.

America is a nation making itself up as it goes along—a story of discovery and invention unfolding in speeches and images, letters and poetry, unprecedented feats of scholarship and imagination. In these myriad, multiform, endlessly changing expressions of the American experience, the authors and editors of this volume find a new American history. In more than two hundred original essays, *A New Literary History of America* brings together the nation’s many voices. From the first conception of a New World in the sixteenth century to the latest re-envisioning of that world in cartoons, television, science fiction, and hip hop, the book gives us a new, kaleidoscopic view of what “Made in America” means. Literature, music, film, art, history, science, philosophy, political rhetoric—cultural creations of every kind appear in relation to each other, and to the time and place that give them shape. The meeting of minds is extraordinary as T. J. Clark writes on Jackson Pollock, Paul Muldoon on Carl Sandburg, Camille Paglia on Tennessee Williams, Sarah Vowell on Grant Wood’s *American Gothic*, Walter Mosley on hard-boiled detective fiction, Jonathan Lethem on Thomas Edison, Gerald Early on Tarzan, Bharati Mukherjee on *The Scarlet Letter*, Gish Jen on *Catcher in the Rye*, and Ishmael Reed on *Huckleberry Finn*. From Anne Bradstreet and John Winthrop to Philip Roth and Toni Morrison, from Alexander Graham Bell and Stephen Foster to Alcoholics Anonymous, Life, Chuck Berry, Alfred Hitchcock, and Ronald Reagan, this is America singing, celebrating itself, and becoming something altogether different, plural, singular, new.

From the bestselling author of *The Sex Lives of Cannibals*, the laugh-out-loud true story of his years on the islands of Vanuatu and Fiji, among cannibals, volcanoes . . . and the world’s best narcotics. With *The Sex Lives of Cannibals*, Maarten Troost established himself as one of the most engaging and original travel writers around. *Getting Stoned with Savages* again reveals his wry wit and infectious joy of discovery in a side-splittingly funny account of life in the farthest reaches of the world. After two grueling years on the island of Tarawa, battling feral dogs, machete-wielding neighbors, and a lack of beer on a daily basis, Maarten Troost was in no hurry to return to the South Pacific. But as time went on, he realized he felt remarkably out of place among the trappings of twenty-first-century America. When he found himself holding down a job—one that might possibly lead to a career—he knew it was time for he and his wife, Sylvia, to repack their bags and set off for parts unknown. *Getting Stoned with Savages* tells the hilarious story of Troost’s time on Vanuatu—a rugged cluster of islands where the natives gorge themselves on kava and are still known to “eat the man.” Falling into one amusing misadventure after another, Troost struggles against typhoons, earthquakes, and giant centipedes and soon finds himself swept up in the laid-back, clothing-optional lifestyle of the islanders. When Sylvia gets pregnant, they decamp for slightly-more-civilized Fiji, a fallen paradise where the local chiefs can be found watching rugby in the house next door. And as they contend with new parenthood in a country rife with prostitutes and government coups, their son begins to take quite naturally to island living—in complete contrast to his dad.

Thoughttrave is the immediate and most detailed archive of Lady Gaga's emotional, intellectual, philosophical, and spiritual evolution, a reclaiming of her art (and humanity) from within the center of her celebrity during one of the most difficult transitions of her career: Summer 2013-Fall 2014. Lady Gaga: I don't like being used to make money. I feel sad when I am overworked and that I just become a money making machine and that my passion and my creativity take a backseat. That makes me unhappy. So, what did I do? I started to say no. Not doing that. I don't want to do that. I'm not taking that picture. Not going to that event. Not standing by that because that's not what I stand for. Thoughttrave marks perhaps the most important (and unconditional, unpublished, unencumbered) insights into the music industry, the personal battles that accompanied her transition from Stefani to Gaga. "It's one of those rare moments in life when you ask a question of someone you've admired for many years and receive the most honest of answers leading both people into a relationship that was and remains one of the most important of my life," says Baum, a professor, producer, composer, writer, editor, and activist for adjunct professors. As Baum explains to Stefani in one of the many interviews published here for the first time, Robert Craig Baum: It's uncanny for me to look back at 2008-2011 - when I was intensely meditating on the problem "Why is there any being at all?" - to find evidence of your intervention here with me...to find you, back then...before I knew you. It was almost as if I was playing the Bruce Willis character in *Twelve Monkeys*, overshooting my mark in time/space, aiming for this particular conversation but speaking through Ereignis (life gives) to a moment I (and many others) call "headphones on." As George Elerick writes in his Introduction to the book, "In Hand-to-Hand Battle for the Users," "The book you hold in your hands easily falls into the category of a transgression. It's as though we are breaking into somewhere we are not meant to be (like a rave) and are invited into the mind of one of today's musical geniuses. Maybe we can even equivocate the experience to that of being a member of the paparazzi. Their whole mode of employment is based on breaking social codes and entering into the lives of everyday-people-turned-rock-stars. That's what this book is, a disruptive invitation to break into the life and mind of Lady Gaga, the person, not just the persona."

From the very first lessons in Book 1, students are making music as they explore the piano keyboard through fun improvisation pieces called My Own Song. The beginning of the book introduces finger numbers, the black-key and white-key groups, and basic rhythm patterns. Directional reading is taught first by finger number, then by note name, and then by interval (stop, skip, and repeat). Once the students are introduced to the staff, they learn reading guides Bass F and Treble G and read by interval in several different hand positions.
