 Spaghetti in aspic, anyone? Revel in astonishing dishes from yesteryear: Stuffed Cocktail Grapes, Savoury Sausage Salad, a spunky Shrimp-Salmon Mould and so much more. Anna Pallai was brought up on 1970s stalwarts of stuffed peppers, meatloaf and platters of slightly greying hardboiled eggs. When she rediscovered her mother's grease-stained 70s cookbooks, she knew she needed to share them with the world, and so the hit Twitter account @70s_Party was born. Harking back to a simpler pre-Instagram, pre-clean-eating era, when the only concern for your dinner party was whether your aspic would set in time, this is a joyful celebration of food that can give you gout just by looking at it. Covering all the essentials, from starters through to desserts, dinner party etiquette (just how does one start to eat a swan fashioned from a hardboiled egg?) and the dreaded 'foreign' food, there's no potato-fashioned-as-a-stone left unturned.

Donner Dinner Party (Nathan Hale's Hazardous Tales #3) Chronicle Books LLC

George and Tamsen Donner and their children, among the very first to leave from Illinois, joined emigrants headed to California in the spring of 1846. Beyond Fort Bridger, Captain Donner led a large party through a much-advertised shortcut. Delays and difficulties caused them to be snowbound in the High Sierras, facing the grim specter of starvation and extreme suffering. Though only four years old at the time of the expedition, the captain's youngest daughter, Eliza Donner, would never forget the excitement of crossing the prairies—or the horror of that winter. Details impressed on her young mind were later substantiated by the recollections of her older sisters and other survivors. Her book, originally published in 1911, is an intimate and authoritative account of the Donner disaster. George and Tamsen Donner and those who shared their fate are fully humanized in the telling. Eliza also relates what happened to her and a sister after being rescued and what it was like to grow up in a world that turned the Donners into a grisly legend.

"These books are, quite simply, brilliant. . . . Thrilling, bloody, action-packed stories from American history." —New York Times Ships are great for transport, but when they are made of wood they tend to start leaking when cannons fire upon them. But what if the ship is covered with iron? Assuming it doesn't sink to the bottom of the ocean, wouldn't it be stronger and better than any other ship out there? This is the question that begins a race between the North and the South to come up with the biggest, best ironclad warships. The Donner Party Applewood Books

In late October 1846, the last wagon train of that year's westward migration stopped overnight before resuming its arduous climb over the Sierra Nevada Mountains, unaware that a fearsome storm was gathering force. After months of grueling travel, the 81 men, women and children would be trapped for a brutal winter with little food and only primitive shelter. The conclusion is known: by spring of the next year, the Donner Party was synonymous with the most harrowing extremes of human survival. But until now, the full story of what happened, what it tells us about human nature and about America's westward expansion, remained shrouded in myth. Drawing on fresh archaeological evidence, recent research on topics ranging from survival rates to snowfall totals, and heartbreaking letters and diaries made public by descendants a century-and-a-half after the tragedy, Ethan Rarick offers an intimate portrait of the Donner party and their unimaginable ordeal: a mother who must divide her family, a little girl who shines with courage, a devoted wife who refuses to abandon her husband, a man who risks his life merely to keep his word. But Rarick resists both the gruesomely sensationalist accounts of the Donner party as well as later attempts to turn the survivors into archetypal pioneer heroes. "The Donner Party," Rarick writes, "is a story of hard decisions that were neither heroic nor villainous. Often, the emigrants displayed a more realistic and typically human mixture of generosity and selfishness, an alloy born of necessity." A fast-paced, heart-wrenching, clear-eyed narrative history, *A Desperate Hope* casts new light on one of America's most horrific encounters between the dream of a better life and the harsh realities such dreams so often must confront.

All the Frequent Troubles of Our Days HMH

"Compulsive reading—a wonderful account, both scholarly and gripping, of a horrifying episode in the history of the west."

—Arthur M. Schlesinger Jr. The tragedy of the Donner party constitutes one of the most amazing stories of the American West. In 1846 eighty-seven people—men, women, and children—set out for California, persuaded to attempt a new overland route. After struggling across the desert, losing many oxen, and nearly dying of thirst, they reached the very summit of the Sierras, only to be trapped by blinding snow and bitter storms. Many perished; some survived by resorting to cannibalism; all were subjected to unbearable suffering. Incorporating the diaries of the survivors and other contemporary documents, George Stewart wrote the definitive history of that ill-fated band of pioneers; an astonishing account of what human beings may endure and achieve in the final press of circumstance.

"Soon we will eat the frozen cattle.... And then, when that is gone, what shall we eat? Shall we eat the snow? Shall we eat the ice? Shall we eat the bark on the frozen trees? What shall we eat?" Spring, 1846: Douglas Allen Deeds dreams of starting a new life out West. When the opportunity to join the Donner Party Expedition arises, he leaves the life he's known behind to set out on the nearly 2,000-mile trek from Independence, Missouri to sunny California. But progress is slow. Brutal heat, poisoned water, and rough terrain slows the expedition down. Soon they have a choice: continue on the known but grueling trail, or take a shortcut that would cut 350 miles from their journey—but take them through unknown territory. Is it worth the risk? Winter comes quickly in the mountains, and the wrong choice could leave them stranded in the Sierra Mountains when the snow comes, with no shelter, supplies, or even food. Newbery Honor-winning author Rodman Philbrick brings to life the excitement, danger, and horrors of the Donner Party's journey west.
