Part No.CHINE - Automotive Equipment PartsPosted to Tool & Equipment Forum on 1/18/2013 18 Replies. Hi all, We have a Robinair 34788 a/c machine that is several years old. It has worked pretty well for us - up till now. It will not recover refrigerant at all. Charge and vacuum still work fine. When I select recover it will just sit there saying "recover in progress" - forever. Automatic Oil Drain - The unit

automatically drains system oil captured during recovery, and the display reminds you to empty the bottle. Graduations on the container clearly show you how much oil needs to be replaced.

Refrigerant Charging - Has never been this easy. Select a charge mode from either the low side, or low side and high side.
