There's a Storm Front coming! Four years after he was presumed dead, Derrick Storm—the man who made Richard Castle a perennial bestseller—is back in this rip-roaring, full-length thriller. From Tokyo, to London, to Johannesburg, high-level bankers are being gruesomely tortured and murdered. The killer, caught in a fleeting glimpse on a surveillance camera, has been described as a psychopath with an eye patch. And that means Gregor Volkov, Derrick Storm's old nemesis, has returned. Desperate to figure out who Volkov is working for and why, the CIA calls on the one man who can match Volkov's strength and cunning—Derrick Storm. With the help of

a beautiful and mysterious foreign agent—with whom Storm is becoming romantically and professionally entangled—he discovers that Volkov's treachery has embroiled a wealthy hedge-fund manager and a U.S. senator. In a heated race against time, Storm chases Volkov's shadow from Paris, to the lair of a computer genius in Iowa, to the streets of Manhattan, then through a bullet-riddled car chase on the New Jersey Turnpike. In the process, Storm uncovers a plot that could destroy the global economy—unleashing untold chaos—which only he can stop. Richard Castle is the author of numerous bestsellers, including Heat Wave,

Naked Heat, Heat Rises, and the Derrick Storm eBook original trilogy. His first novel, In a Hail of Bullets, published while he was still in college, received the Nom DePlume Society's prestigious Tom Straw Award for Mystery Literature. Castle currently lives in Manhattan with his daughter and mother, both of whom infuse his life with humor and inspiration.

Heat Wave Kingswell From Tom Straw, the author of seven New York Times Bestsellers writing as Richard Castle, comes BUZZ KILLER, his first mystery since the Nikki Heat series. New York City public defender Macie Wild takes the homicide case of a burglar the tabloids nickname the Buzz Killer for his MO

of lobby-buzzing apartments to select his targets. But when he is the victim of an attempted jailhouse killing and then someone tries to kill Macie, her murder case is suddenly something bigger-and more dangerous. Stonewalled by a hostile DA and shut down by a code of silence from the Buzz Killer's criminal circle, she crosses paths with Gunnar Cody, an ex-detective dismissed from the NYPD's elite surveillance unit. The brash former police spy is now a freelance video journalist trampling all over Macie's case, shooting a documentary. In spite of her misgivings about his methods, Macie and Gunnar form an uneasy partnership fraught with moral conflicts

and romantic sparks. In constant danger from a ruthless contract killer, they collide with an unscrupulous pharmaceutical CEO, a playboy prince, rogue FBI agents, a high-tech cat burglar, a sadistic callgirl, plus a scheme to launder illegal Russian billions through Manhattan luxury real estate. In an emotional climax they expose a deadly conspiracy that reaches the highest halls of power, culminating in a shocking twist that's anything but a buzz killer.

Of Cinder and Bone

Cambridge University Press

It's been six months since Dr. Rhett "Jack" Jackson and Dr. Kamala Anjali had their dragon cloning project shut down by the

government. Just when they think they've gotten their lives back together, an agency within the government hits them with another suckerpunch: a criminal organization has cloned dozens of dragons in order to hold vicious dragon fighting rings. The government recruits Jack and Kamala to help them track down the organization. Jack and Kamala set out to put a stop to the illegal fights before any more dragons die...or worse, escape. Of Dawn and Embers is the third novel in Kyoko M's sci-fi/contemporary fantasy series, following *Of Cinder and Bone* and *Of Blood and Ashes*.

Derrick Storm, the guy the CIA calls on when it wants something investigated domestically, is thirty-three thousand feet in the air, returning from a rock climbing vacation in the Swiss Alps, when the plane spirals into a nose-dive. Storm uses his climbing gear to tether himself to the wing and heroically save the plane and all the people on board. Sadly, Storm is not available to come to the aid of the three other planes that have crashed under similar circumstances, killing everyone on board. Interestingly, many of the victims are powerful people in politics, business and religious groups. The always elusive Jedidiah Jones, leader of the National

Clandestine Service

that has no name, calls on Storm to investigate. Storm determines that an unknown extremist has secured enough of the rare earth element promethium to create a laser with the power to shoot down planes from the ground. The problem swiftly becomes a global one as four more planes crash in the Arabia Desert. Details, intuition and courage lead Storm to Monaco, Panama City and Egypt as he meets beautiful women, rides angry camels and rescues innocent victims in his valiant effort to track down the maniacal mind behind the terrorism.

Naked Heat Marvel

Entertainment

For use in schools and

libraries only. In New York Times Bestselling author Richard Castle's newest novel, an illegal immigrant falls from the sky and NYPD Homicide Detective Nikki Heat's investigation into his death quickly captures the imagination of her boyfriend the Pulitzer Prize-winning journalist, Jameson Rook. When he decides to work the case with Heat as his next big story, Nikki is at first happy to have him ride along. Yes, she must endure Rook's usual wild conspiracy speculations and adolescent wisecracks, but after reuniting following his recent assignment abroad, she's glad for the entertainment, the chance to bounce ideas, and just to be close to him again and

feel the old spark rekindle. But when Rook's inquiry concludes that Detective Heat has arrested the wrong man for the murder, everything changes. Balancing her high stakes job with a complicated romance has been a challenge ever since Nikki fell for the famous reporter. Now, her relationship lurches from mere complexity into sharp conflict over the most high-risk case of her career. Set against the raging force of Hurricane Sandy as it pounds New York, Heat battles an ambitious powerbroker, fights a platoon of urban mercenaries, and clashes with the man she loves. Detective Heat knows her job is to solve murders. She just worries that

solving this one will be the death of her relationship.

Of Dawn and Embers

Large Print Press

After centuries of being the most dangerous predators on the planet, dragons were hunted to extinction.

That is, until Dr. Rhett "Jack" Jackson and Dr. Kamala Anjali cracked the code to bring them back. Through their research at MIT, they resurrected the first dragon anyone has seen alive since the 15th century. There's just one problem.

Someone stole it.

Caught between two ruthless yakuza clans who want to clone the dragon, Jack and Kamala brave the dangerous streets of Tokyo to steal their dragon back in a race against time before the world is taken over by

mutated, bloodthirsty monsters that will raze it to ashes. *Of Cinder and Bone* was a second round finalist in Hugh Howey's 2021 Self-Published Science Fiction Contest.

Storm Front Titan Books

The bizarre murder of a parish priest at a New York bondage club opens Nikki Heat's most thrilling and dangerous case so far, pitting her against New York's most vicious drug lord, an arrogant CIA contractor, and a shadowy death squad out to gun her down. And that is just the tip of an iceberg that leads to a dark conspiracy reaching all the way to the highest level of the NYPD. But when she gets too close to the truth, Nikki finds herself disgraced, stripped of her badge,

and out on her own as a target for killers with nobody she can trust. Except maybe the one man in her life who's not a cop. Reporter Jameson Rook. In the midst of New York's coldest winter in a hundred years, there's one thing Nikki is determined to prove: Heat Rises.

Complicating Heat's mission to bring the rogue spy to justice and thwart the looming terror event, a serial killer begins menacing the Twentieth Precinct and her homicide squad is under pressure to stop him,

and soon. The frightening murderer, known for his chilling stealth, not only has singled out Nikki as the exclusive recipient of his taunting messages, he then boldly names his next victim: Detective Heat.

Reimagining Black Masculinities Titan Books

This text on the theory and applications of network science is aimed at beginning graduate students in statistics, data science, computer science, machine learning, and mathematics, as well as advanced students in business, computational biology, physics, social science, and engineering working with large, complex relational data sets. It provides an exciting array of analysis tools,

including probability models, graph theory, and computational algorithms, exposing students to ways of thinking about types of data that are different from typical statistical data. Concepts are demonstrated in the context of real applications, such as relationships between financial institutions, between genes or proteins, between neurons in the brain, and between terrorist groups. Methods and models described in detail include random graph models, percolation processes, methods for sampling from huge networks, network partitioning, and community detection. In addition to static networks the book introduces dynamic networks such as epidemics, where

time is an important component.

A Dangerous Crossing
Marvel

"Chronicles the heyday of the Chicago Heights subsidiary of Al Capone's infamous Prohibition-breaking criminal organization" (Time Out Chicago). Chicago Heights was long the seat of one of the major street crews of the Chicago Outfit, but its importance has often been overlooked and misunderstood. The crew's origins predate Prohibition,

when Chicago Heights was a developing manufacturing center with a large Italian immigrant population. Its earliest bosses struggled for control until a violent gang war left the crew solidified under the auspices of Al Capone. For the remainder of the twentieth century, the boys from Chicago Heights generated large streams of revenue for the Outfit through its vast gambling enterprises, union infiltration, and stolen auto rackets. For the first time, the history of the Chicago Heights street crew is traced from its inception through its last known boss. Includes photos! "I recommend this book to anyone who is interested in the Chicago Heights Street

Crew. It not only provides a well researched history of the crew, but also explains how the boys from Chicago Heights

became an important, yet little known, part of the Chicago Outfit.”
