DO YOU WANT TO TRANSFORM YOUR SEXUAL LIFE AND IMPROVE YOUR INTIMATE RELATIONSHIP? IF YES, THEN KEEP READING. Tantric massage is an erotic massage that encourages partners to get to know one another's bodies. In this way, partners can learn what the other finds arousing outside of the usual arousal spots. The encouragement of healthy relationships between partners occurs both in and out of the bedroom. The Kama Sutra recognizes that there is a connection between the intimate parts of a relationship as well as the everyday motions a couple goes through. Being able to connect in and outside of the bedroom helps a couple to establish a nurturing bond that cannot be broken. LEARNING HOW TO PLEASURE ONE ANOTHER IS AN EXCITING AND STIMULATING JOURNEY THAT ALLOWS NEW FEELINGS TO EMERGE IN THE RELATIONSHIP. Sex also aids in the production of hormones such as oxytocin, which keeps you

healthy and glowing. Engaging in one hour of sexual activity is equivalent to fifteen minutes of jogging and can burn up to two hundred calories per session. Sex is thought to fight stress, increase heart health, and those who engage in regular sex are said to be less impacted by arthritis, depression, anxiety, and stress. For many people, the act of making love becomes boring and tedious, and couples tend to get lost in the day to day routine of their lives. This was why the Kama Sutra spent a lot of time discussing foreplay. This book covers: WHAT IS TANTRA AND ITS BENEFITS THE BASICS OF TANTRIC SEX MULTIPLE ORGASM, FEMALE ORGASM, AND TANTRIC SEX TEACHINGS TIPS TO IMPROVE TANTRIC SEX PLEASURE WHAT IS KAMA SUTRA AND ITS BENEFITS KAMA SUTRA PREPARATION AND STEPS MANY EXAMPLES SEX POSITIONS WIYH PICTURES (EASY-INTERMEDIATE-ADVANCED) ...And many more! READING... The evolution of sex since the beginning of our life thousands of years ago, sex has always been a crucial part of our relationship and experiences with pleasure, in addition to being an important contributor to our romantic needs. It is also the most practical method by which we usually bring forward future generations of our kind. The way, techniques and concepts regulating sexual contact between the human race, however, have changed significantly over those thousands of years, and beyond our earlier comprehension. For instance, as recently as in the 1940s, it would have been offensive for a girl to publicly flirt a bikini or jean that reveals her butt's crease-line or even to wear a blouse that exposes much of her cleavage in public. Each man and woman today treat oral, anal and other forms of sex as a natural item and appropriate for their mutual pleasure. Additionally, sexual positions and role handling in bed is also a must, as nowadays it is said to be effective in helping to give both partners the gratification needed that can lead to an orgasm or some form of sexual climax that satisfies each other. All these several variables are arising directly from the rapid evolution of sexual practices over the years. In spite of our cultural habits, values and spiritual upbringings, we are now all caught up one way or the other in this human evolution. And those who live with the false believe this development does not affect their relationship or sex life, would have discovered sooner or later that they are nothing more than a silent sexual frustration and boredom to their bedroom partner. This book covers: Tantric sex How tantric massage should be performed Practicing tantric 12 benefits of tantric sex practices The basics of tantric sex What is the kama sutra? Benefits of kama sutra Kama sutra preparation and steps Kama sutra sex positions for ultimate pleasure and gratification Tantric techniques for addressing common mishaps in sex More than just sex Some helpful exercises Sparking the energy - how to suggest something new to your partner ...And much more Although sexual evolution would probably have been a natural phenomenon, technological advances in videography, animation, and internet communication have made it quite easy for people to know more about sexual satisfaction, and to communicate with other people who have the same sexual desires, thousands of miles away and without much effort. The now easy access to quality porn videos, pornography blogs, online sex dating, Twitter and other popular social networks has exposed mankind to a multitude of sexual practices and innovations throughout the world, breaking down cultural and other barriers that would have previously held back one's understanding of the level at which sex has developed since. Nevertheless, though new forms of sexual pleasure have changed, there is still a large section of women and men intentionally trapped in traditional sexual activities that often harm their relationships and marriages. The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the

mere physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally become speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." Want to know more and learn 101 exciting sex positions? You know what to do.

"A masterpiece. . . . It teaches us how not to fear and repress, but to rechannel and harness the most powerful energies of life toward freedom and bliss." —ROBERT THURMAN It is common in both Buddhism and Freudian psychoanalysis to treat desire as if it is the root of all suffering and problems, but psychiatrist Mark Epstein believes this to be a grave misunderstanding. In his controversial defense of desire, he makes clear that it is the key to deepening intimacy with ourselves, each other, and our world. Proposing that spiritual attainment does not have to be detached from intimacy or eroticism, *Open to Desire* begins with an exploration of the state of dissatisfaction that causes us to cling to irrational habits. Dr. Epstein helps readers overcome their own fears of desire so that they can more readily bridge the gap between self and other, cope with feelings of incompleteness, and get past the perception of others as objects. Freed from clinging and shame, desire's spiritual potential can then be opened up.

One of the best English translations of this ancient Indian treatise on politics, social mores, love, and intimacy are the Kama Sutra, which Mallanaga Vatsyayana wrote in the second century CE. Its clean presentation raised the bar for Sanskrit translation. The Kama Sutra is a unique combination of sexology, society, psychology. It has been hailed as a great work of Indian literature for more than 1,700 years and has served as a window for the West into the mysticism and culture of the East. The Kama Sutra, a prehistoric Indian literature, is regarded as the most important Sanskrit study of human sexuality. The Kama Sutra remains one of the most accessible and entertaining of all the ancient classics, having been written with frankness and unassuming simplicity. The Kama Sutra is so significant as a work of philosophy, psychology, sociology, theology, science, and sexology that it simultaneously had an impact on Indian civilization and remained a crucial component in understanding it.
