 Brayton Polka's book, *On Poetry and Philosophy: Thinking Metaphorically with Wordsworth and Kant*, is unique in bringing poetry and philosophy together in a single study. The poet and the philosopher whom he makes central to his project are both revolutionary founders of modernity, Wordsworth of romantic poetry and Kant of critical philosophy. Both the poet and the philosopher, as the author makes clear in his study, found their principles, at once poetically metaphorical and philosophically critical, on the religious values that are central to the Bible--that all human beings are equal before God.

Poetry, Its Origin, Nature, and History Indiana University Press
 This book includes poems about many things that happen in life. I have written these poems from experiences that I have lived, things that my friends, co-workers and others have passed on to me and things that have just popped out of my head. I feel that at least one of the poems in this book should bring back one or more memories of something that has happened in your life or somebody you know. It could bring back memories of joy and happiness or memories that you have tried to forget. I hope that the poems in this book bring you joy and happiness plus some add a few moments of humor to your life. If a poem happens to bring back bad memories, I hope the way that the poem is written will help you put your thoughts behind you and let you enjoy the rest of your life. When you are reading this book, you will find yourself changing the name(s) in a poem or multiple poems with the name of one person or many people that you know. I enjoyed bringing the words in these poems to life for your reading. I want to thank you for purchasing this book so that I may share my feelings and observations with other people.

The American Cyclopaedia AuthorHouse
 "Essays by several contributors represent a marriage between traditional textual scholarship and issues raised by contemporary theory and criticism. Jonathan Wordsworth discusses the making and remaking of *The Prelude*, along with other examples of the long poem in English; he emphasizes the shifting nature of both the text and the self and questions traditional assumptions about authorial intention and the possibility of producing authoritative texts. Pamela Woof brings an awareness of recent developments in feminist theory and gender studies to bear on her exploration

of the role of Dorothy Wordsworth in the engendering of her brother's poetry, while Jared Curtis uses close textual analysis of a poem that was originally drafted by William, revised by Dorothy, and published by Coleridge, to raise issues of intertextuality and collective authorship." "Such accommodation between traditional scholarship and contemporary trends is by no means universal, and the present volume closes with Helen Vendler's fierce attack on the New Historicism, which she sees as hostile to the lyric impulse. Academic revolutions, as we know, can generate violent debate, but such debate should surely be welcomed as a guarantee of the continuing vitality of the discipline."--BOOK JACKET.

The Revolutionary 'I' Bucknell University Press

My desire is to remain alive in generations beyond my lifetime. Much of my work is experiential. Feeling empathy towards people's grief and pain was conveyed to poetry. My poetry speaks to thoughtless, cruel treatment of animals not treated as sentient beings, even those feeling and trusting creatures of the sea. Nature, love, friendships, retirement, African American men, birth and death are reflected in "Legacy of Poems". Downsizing elicited stinging rebuke from my pen. Subtle advice is expended, but the last poem becomes overt. I received merit awards for the *Sound of Poetry* and was included in *Best Poetry of the Year* four times and also in *Celebration of Poets*, a showcase edition. Book Review Reviewer: Cindy Skelton, High School Teacher Skelton4@earthlink.net 650.343.7269 Angela Kiel Willoughby's *Legacy of Poems* spring from her life experiences and observations. The first section of poems feel familiar as she writes about her family and growing up in Illinois. "Memories" and "My Mother" particularly remind me of stories my father told me about growing up on a farm in Roseville, Illinois. They hearken back to a simpler time or perhaps a more difficult one: picking down for a featherbed, gathering eggs, feeding chickens in addition to a myriad of other daily chores. Through the poems, we learn of strong character traits inherent in her family; an example of the strength required to raise seven children. For several years, Ms. Willoughby worked as a labor and delivery nurse, giving her a great insight into health care issues (and what could be more timely) whether it was delivering babies or considering an ailing relative in a nursing home. She honors colleagues both doctors and nurses and shares definite opinions on those that have a poor bedside manner. Assisting in all those deliveries, her writings

acknowledge the trauma of a stillborn birth, the agony of carrying a baby to term and giving him up for adoption and the difficulty of a pre-mature birth. These poems, written when Ms. Willoughby was still working, must have been a way for her to cope with the often tragic events associated with her profession. She takes the opportunity to write scathing poems about health care "professionals" who were not so professional. In "Mildred Marie's Final Hospital Days" and "Mildred Marie Willoughby" the reader completely understands her anger at the poor way Mildred was treated during her final days and we can only hope that we never encounter a nurse as horrible as the one described in these poems. Over the years, she has developed a passion for animal rights advocacy. Included in this volume is a letter/poem to President Clinton urging him to uphold the U.S. Marine Mammal Protection Act a letter she sent to members of congress and the senate as well. She writes a poem to the CEO of Proctor and Gamble, "Praying for World Enlightenment", urging him to ban animal testing. These poems are passionate pleas to honor and protect the lives of animals. On a final note, the layout of this book is particularly comforting. Ms. Willoughby takes care to have only one poem per page, often with a corresponding picture from her own collection. The reader is allowed to linger and savor each poem as it is discovered. We are fortunate that Angela Willoughby chose to compile some of her best poems into this volume. She writes each poem with a thoughtfulness and deliberate point of view, enabling the reader to experience clear snapshots of these moments in her life.

In the winter of 1798-99, shut up in the freezing German town of Goslar, William Wordsworth began producing a series of lyrical fragments that appeared first in letters written to Coleridge and emerged eventually as source texts for *The Prelude*. These lyrics are revolutionary because they construct a new version of the autobiographical 'I'. The *Revolutionary 'I'* explores the numerous voices of the poetic speaker 'Wordsworth' and their relationship to the historical figure who shared the same name.

Drawing upon historicist and cultural studies approaches to literature, this book argues that the Romantic construction of the self emerged out of the growth of commercial print culture and the expansion and fragmentation of the reading public beginning in eighteenth-century Britain. Arguing for continuity between eighteenth-century literature and the rise of Romanticism, this groundbreaking book traces the influence of new print market conditions on the development of the Romantic poetic self.

Thy Will Be Done is a lesson Hannah had to learn after her mothers death in September, 1969. She couldnt accept her mothers death and lost her faith in God. I know I had a struggle with God, but he wouldnt let me go. I had to learn that as I was praying, I was saying to God to Let Thy Will Be Done but what I really wanted was for my will to be done. My prayers were answered but the answer was no. This was something I had to learn and my struggle with God taught me a lesson that I will never forget. As Hannah learned to accept Gods will so evolved her talent for writing poetry and so was created Emotions in Poetry.

This book examines major issues in theory and research related to leader succession. It looks at the persistent problems

confronted by people assigned to lead established social and professional groups like those found in schools. The author demonstrates how interaction between new leaders and established school organizations shape succession events (with illustrations drawn from educational administration) and provides a framework for understanding succession as a dynamic and interactive process.
