As the magazine of the Texas Exes, The  
Alcalde has united alumni and friends of  
The University of Texas at Austin for  
nearly 100 years. The Alcalde serves as an  
intellectual crossroads where UT's  
luminaries - artists, engineers, executives,  
musicians, attorneys, journalists,  
lawmakers, and professors among them -  
meet bimonthly to exchange ideas. Its  
pages also offer a place for Texas Exes to

swap stories and share memories of Austin  
and their alma mater. The magazine's  
unique name is Spanish for "mayor" or  
"chief magistrate"; the nickname of the  
governor who signed UT into existence  
was "The Old Alcalde."

Street style blogging has experienced a  
meteoric rise in popularity over the last  
decade. Amateur photographers, often  
with no formal training in fashion, have  
become critical arbiters of taste and  
trends, influencing the representations

that appear in magazines and on runways, and putting new cities on the fashion world map. This cutting-edge book documents the evolution of street style photography, from the fieldwork photos of early anthropology to the glamorized snapshots that appear on blogs today, and explores the structural shifts in the global fashion industry that street style has helped bring about. Chronicling author and anthropologist Brent Luvaas' experience over three years of blogging through vivid street imagery and rich ethnographic detail, this book turns the lens of street style photography back onto anthropology itself, arguing that the phenomenon is a powerful mode of amateur ethnography. Bloggers blur the distinction between professional and amateur, insider and outsider, self and brand. This book documents that blur from the ground level—from the streets of Philadelphia to the sidewalks of New York Fashion Week. Street Style is an essential read for students and scholars of fashion, anthropology, sociology, media and cultural studies, and fans of street style photography alike.

A 100-year visual history of the magazine, showcasing the work of top interior designers and architects, and the personal spaces of numerous celebrities.

Architectural Digest at 100 celebrates the best from the pages of the international design authority. The editors have delved into the archives and culled years of rich material covering a range of subjects.

Ranging freely between present and past, the book features the personal spaces of dozens of private celebrities like Barack and Michelle Obama, David Bowie, Truman Capote, David Hockney, Michael Kors, and Diana Vreeland, and includes the work of top designers and architects like Frank Gehry, David Hicks, India Mahdavi, Peter Marino, John Fowler, Renzo Mongiardino, Oscar Niemeyer, Axel Vervoordt, Frank Lloyd Wright, and Elsie de Wolfe. Also included are stunning images from the magazine's history by photographers such as Bill Cunningham, Horst P. Horst, Simon Upton, Francois Dischinger, Francois Halard, Julius Shulman, and Oberto Gili.

"The book is really a survey of how Americans have lived—and how American life has changed—over the past 100

years." ?Los Angeles Times "A Must-Have Book!" ?Interior Design Magazines "Written in the elevated quality that only the editors of Architectural Digest can master so well, AD at 100: A Century of Style is the world's newest guide to the best and brightest designs to inspire your next big home project." ?The Editorist The Family Saga Penguin

*San Joaquin Power Magazine* Bloomsbury Publishing

New York magazine was born in 1968 after a run as an insert of the New York Herald

Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The family saga is made up of an accumulation of separate family legends. These are the stories of the old folks and the old times that are told among the family when they gather for funerals or Thanksgiving dinner. These are the "remember-when" stories the family tells about the time when the grownups were children.

Most documentaries deal with men, but

what do they actually say about masculinity? In this groundbreaking volume Sara Martín analyses more than forty 21st-century documentaries to explore how they represent American men and masculinity. From Jennifer Siebel Newsom's *The Mask You Live In* to Raoul Peck's *I Am Not Your Negro*, this volume explores sixteen different faces of American masculinity: the good man, the activist, the politician, the whistleblower, the criminal, the sexual abuser, the wrongly accused, the dependent man, the soldier, the capitalist, the adventurer, the sportsman, the architect, the photographer, the musician, and the writer. The collective portrait drawn by the documentaries discloses a firm critical stance against the contradictions inherent in patriarchy, which makes American men promises of empowerment it cannot fulfill. The filmmakers' view of American masculinity emphasizes the vulnerability of disempowered men before the abuses of the patriarchal system run by hegemonic men and a loss of bearings about how to be a man after the impact of feminism, accompanied nonetheless by a celebration of resilient masculinity and of

the good American man. Firmly positioning documentaries as an immensely flexible, relevant tool to understand 21st-century American men and masculinity, their past, present, and future, this book will interest students and scholars of film studies, documentary film, American cultural studies, gender, and masculinity.

When a golf club's first single female member is murdered, spunky club wife Judy Mills takes a swing at sleuthing in this "witty, well-plotted" mystery (Publishers Weekly). Judy Mills has it all: A handsome husband, a thriving career, and a landmark house on two sylvan acres. But when Judy is downsized by her company, her husband suggests she networks with members at The Oaks, the country club he reveres and she abhors. Judy knows the misogyny at the antiquated club is all par for the course, but she finds an unexpected ally in Claire Cox, a staunch feminist who has broken the club's ironclad rule against admitting single women. There are other things about The Oaks that Claire intends to change—until she's found dead in a sand trap on the golf course. When ruggedly handsome Det. Tom Cunningham asks Judy to secretly

investigate, she agrees to shed the role of complacent club wife to become an amateur sleuth. One willing to risk her life to bring a killer to justice, and just maybe bring her golf-obsessed husband to his senses . . . "Heller delivers perfect reading for the beach—or pool-side at the club."

**The Alcalde** National Geographic Books  
"We all get dressed for Bill," says "Vogue" editor-in-chief Anna Wintour. The Bill in question is "New York Times" photographer Bill Cunningham. For decades, this Schwinn-riding cultural anthropologist has chronicled fashion trends he spots emerging from Manhattan's sidewalks and high society charity soirees, for his popular Style section columns "On the Street" and "Evening Hours." The range of people he snaps includes uptown fixtures like Wintour, Brooke Astor, Tom Wolfe and Annette de la Renta, as well as downtown eccentrics and everyone in between. Rarely has anyone embodied contradictions as happily and harmoniously as Cunningham, who lived a monklike existence in the same Carnegie Hall studio for 50 years, never eats in

restaurants and gets around solely on his bike. "Bill Cunningham New York" is a delicate, funny and often poignant portrait of a dedicated artist whose only wealth is his own humanity and unassuming grace.

"Beautifully rendered and told, the book brings to life the work of a gifted 20th-century artist whose creative vision will always be in vogue." Kirkus Reviews, Starred review This is a moving and impassioned picture book about the iconic fashion photographer Bill Cunningham that will inspire young readers to go discover their own ideas of beauty and embolden the world with their own creativity! He found "sheer poetry" in the drape of an evening dress, delight in the swoosh of a knife-pleated skirt, and sartorial splendor in Jazz Age garb. Every day, Bill Cunningham pedaled his bike through New York City searching for beauty. As he took picture after picture, Bill found beauty not

in people, but in their clothes. Drawn to bold and creative choices, Bill's photos captured the attention of the New York Times. He traveled to Paris for Fashion Week, and admiration for his work grew. With his sense of creativity and daringness, his own personal style of photography came to be known as street art photography. His photos left a lasting impression on all those who came across his work and they continue to inspire creativity today. This is the story of the legend who created street fashion photography and left behind a legacy of glorious pictures. Bill Cunningham used his passion and talent to capture the beauty he saw in fashion and the ultimate freedom that it represents to each and every person. This is an inspiring picture book about finding your path and being creative.

Cunningham's classic introduction to Wicca is about how to live life magically, spiritually, and wholly attuned with nature. It is a book of sense and common sense, not only about magick, but about religion and one of the most critical issues of today: how to achieve the much needed

and wholesome relationship with our Earth. Cunningham presents Wicca as it is today: a gentle, Earth-oriented religion dedicated to the Goddess and God. Wicca also includes Scott Cunningham's own Book of Shadows and updated appendices of periodicals and occult suppliers. *Combinatorial Optimization* Abrams  
NEW YORK TIMES BESTSELLER • The first published collection of photographs by the icon of street style, bringing together favorites published in The New York Times alongside never-before-seen work across five decades. "A dazzling kaleidoscope from the gaze of an artist who saw beauty at every turn."—André Leon Talley  
Bill Cunningham's photography captured the evolution of style, of trends, and of the everyday, both in New York City and in Paris. But his work also shows that street style is not only about fashion; it's about the people and the changing culture. These photographs—many never before seen, others having originally appeared in The New York Times and elsewhere—move from decade to decade, beginning in the 1970s and continuing until Cunningham's death in 2016. Here you'll find Cunningham's distinctive chronicling of

the 1980s transit strike, the rise of 1990s casual Fridays, the sadness that fell over the city following 9/11, Inauguration Day 2009, the onset of selfies, and many other significant moments. This enduring portfolio is enriched by essays that provide a revealing portrait of Cunningham and a few of his many fascinations and influences, contributed by Cathy Horyn, Tiina Loite, Vanessa Friedman, Ruth La Ferla, Guy Trebay, Penelope Green, Jacob Bernstein, and a much favored subject, Anna Wintour. More than anything, *On the Street* is a timeless representation of Cunningham's commitment to capturing the here and now. "An absolute delight."—People

From the reviews: "About 30 years ago, when I was a student, the first book on combinatorial optimization came out referred to as "the Lawler" simply. I think that now, with this volume Springer has landed a coup: "The Schrijver". The box is offered for less than 90.- EURO, which to my opinion is one of the best deals after the introduction of this currency." OR-Spectrum

This book describes the turbulent transformation of South Carolina from a colony rent by sectional conflict into a state dominated by the South's most unified and politically powerful planter leadership. Rachel Klein unravels the sources of conflict and growing unity, showing how a deep commitment to slavery enabled leaders from both low- and backcountry to define the terms of political and ideological compromise. The spread of cotton into the backcountry, often invoked as the reason for South Carolina's political unification, actually

concluded a complex struggle for power and legitimacy. Beginning with the Regulator Uprising of the 1760s, Klein demonstrates how backcountry leaders both gained authority among yeoman constituents and assumed a powerful role within state government. By defining slavery as the natural extension of familial inequality, backcountry ministers strengthened the planter class. At the same time, evangelical religion, like the backcountry's dominant political language, expressed yet contained the persisting tensions between planters and yeomen. Klein weaves social, political, and religious history into a formidable account of planter class formation and southern

frontier development.

"Attracting thousands of New Yorkers and visitors every year, the elaborate windows at Bergdorf Goodman are one of New York's major spectacles. Legendary for their artistry, detail, and sly visual jokes, the surreal worlds conjured behind the glass are as varied and fully realized as a three-ring traveling circus, a Louis XIV confectionery, and an Edwardian portrait sitting. This volume presents the best of the past decade of these unforgettable sidewalk shadow boxes, in a covetable collector's edition."--Publisher's description.
