CONRAD ERICKSON

Livres de France Fordham University Press
 A celebrated French pianist's poignant story of her journey from her early days as a student in Paris to her life as the founder of a wolf conservation center in upstate New York. A gifted pianist from a young age, Hilhne Grimaud made her first recording at the age of fifteen and won the French equivalent of a Grammy at sixteen. She is a classical music star whose concerts continue to draw sellout crowds all over Europe and North America. But it wasn't until she met her first wolf that she discovered there was something missing in her life. Late one night in 1991, Grimaud encountered a wolf-dog hybrid in Florida

and felt an immediate, instinctual connection to the animal-one that the wolf also seemed to share. Determined to do what she could to protect this threatened species, she committed her time and resources to becoming certified to found her own wolf preserve on the grounds of her home in New York State. Today, the master pianist acts as a tireless advocate for wolves, a species she believes has been unfairly demonized throughout history. In turn, the animals have given her a sense of freedom that she has never before experienced, even as an artist. In a beautifully rendered personal story that weaves the tale of a musical prodigy's rise to stardom with one of an animal lover learning to communicate on a level as primal as music, Hilhne Grimaud touches, astonishes, and delights with her remarkable insight and passion.

The Witch in the Broom Cupboard and Other Tales Pushkin Press

The guide to English language reviews of all music recorded on compact discs. *Seduced By Moonlight* Pegasus Crime
 There once was a witch who lived a broom cupboard. She was a wicked witch, and very grumpy too, as you might be if you had to live in a broom cupboard. To be precise, she was the sort of witch would use her magic to make you her prisoner for ever and ever. In fact, that's exactly what she threatened to do to Uncle Pierre, and if it wasn't for his friend Bashir, along with his magic fish and translating mouse, she would have succeeded! Elsewhere in this collection a giant loses his socks, a doll looks into the future and a potato falls in love with a sultan. In these tales, clever young people find nifty ways to overcome wicked witches, outwit their parents and

save their friends. And there's a big dash of magic to help them on the way!

Witch Hat Atelier, Volume 5 Simon and Schuster

Elizabeth Martin explores the impact of globalization on the language of French advertising, showing that English and global imagery play an important role in tailoring global campaigns to the French market, with media companies undeterred by the attempts through legislation to curb language mixing in the media.

"Spectacular . . . drops the reader through one trapdoor into another" A.J. FINN It all starts with an innocuous curiosity: at the Hotel de Verbier, a luxury hotel in the Swiss Alps, there is no Room 622. This anomaly piques the interest of Joël Dicker, Switzerland's most famous literary star, who flees to the Verbier to recover from a bad breakup, mourn the death of his publisher, and begin his next novel. Before he knows it, he's coaxed out of his slump by a fellow guest, who quickly uncovers the reason behind Room 622's erasure: an unsolved murder. The attendant circumstances: a love triangle and a power struggle at the heart of Switzerland's largest private bank, a mysterious counter-intelligence unit known only as P-30, and a shadowy émigré with more money than God. A Russian doll of a mystery crafted with the precision of a Swiss watch, *The Enigma of Room 622* is Joël Dicker's most diabolically addictive thriller yet. Praise for Joël Dicker "It's that most engaging of treats, a big, fat, intelligent thriller" SIMON MAYO "Dicker has the first-rate crime novelist's ability to lead his readers up the garden path" Sunday Express Translated from the French by Robert Bononno

Winter in Sokcho Kodansha America LLC
The international bestseller and award-winning thriller that takes its reader on a richly imaginative journey to the depths of Mont-Saint-Michel. Rising out of the sea on a rocky isle off the coast of France, the church and abbey of Mont-Saint-Michel have withstood the harsh northern weather--and withheld its darkest medieval mysteries--for one thousand years. Until now. Now a young, brilliant archeologist, Johanna, has begun to uncover and explore secrets that have long lain buried at the sacred site. In ancient ritual, in foreboding visions, in an expedition at once metaphysical and archeological, Johanna ardently researches the past only to discover that its bizarre, murderous history has begun to be repeated in the present. Reality becomes an elusive, dangerous place, and it leaves Joanna with no one she can fully trust.

Although the novel, *Voyages et aventures de Jacques Masse*, caused some thing of a stir during the first half of the eighteenth century, its author, Simon Tyssot de Patot (1655-1738), remained largely unknown in his lifetime, and it is only in this century that he has been recognized as one of the countless soldiers in the vast army of philosophes that assaulted the bastions of religious, political and sodallife in Europe of the late seven 1 teenth and early eighteenth centuries. Tyssot was a Huguenot who lived most of his life in Holland where he pursued a career as professor of mathematics in the sodal and cultural 1 Tyssot and his work seem to have been first brought to the attention of modem writers by the German critics during their investigation of the type of desert island or robinsonade literature that preceded and followed Defoe's *Robinson Crusoe*. The earliest reference I have found occurs in A. Kippenberg, *Robinson in Deutschland bis zur Insel Felsenburg* (1713-43), Hanover, 1892, pp. 66-67. Tyssot's name and work appear to have been first linked with the development of socialism in A. Lichtenberger, *Le Socialisme au XVIIIe siecle*, Paris, 1895, p.

44. Tyssot's *Voyages et aventures de Jacques Masse* was discussed for its literary merits in A. LeBreton, *Le Roman au dix huitieme siecle*, Paris, 1898. LeBreton did not know that Tyssot was the author.

"People stay together, fall apart, come back together, altered. It is a book about work, about grief, about thick ongoing love" from the bestselling author (*The Boston Globe*). In the midst of a nearly perfect life, Doris Senter is thankful but wary. "We can't ever know what will come," she says. When an unimaginable tragedy turns the family of five into a family of four, everything the Senters held faith in is shattered. The family is consumed by sorrow and guilt. Slowly, the surviving family members find their way to forgiveness—of themselves and of each other. Few writers know the human heart and the burden of grief as well as New York Times-bestselling author Meredith Hall (*Without a Map*). This is a radiant novel of goodness and love—both its gifts and its obligations—that will stay with readers long after the last page. With a rare tenderness and compassion, *Beneficence* shows broken hearts becoming whole as this family reclaims their love and peace. "If the word 'luminous' didn't already exist, you'd have to invent it to describe Meredith Hall's radiant new novel." —Richard Russo, Pulitzer Prize-winning author "A modern American masterpiece." —Dani Shapiro, New York Times-bestselling author "A quiet but steady book, one that echoes ancient and important rhythms." —The Washington Post "One of the best books I've ever read." —Simon Van Booy, award-winning author "Spare but decked with moments of crystalline beauty . . . A family flounders in grief, but finds their way home through forgiveness and acceptance, in *Beneficence*, Meredith Hall's gorgeous and moving new novel." —Foreword (starred review)

Sounds Senses takes sound as a point of departure for engaging the francophone postcolonial condition. Offering a synthetic overview of sound studies, the book dismantles the oculo-centrism and retinal paradigms of francophone postcolonial studies. It introduces two primary theoretical thrusts - the unheard and the unintegrated - to the project of analyzing, extending, and rejuvenating francophone postcolonial studies.

A missed phone call. A misheard word. An indiscernible noise. All these can make the difference between life and death. Failures

to listen are frequently at the root of the marginalization and exclusion of certain forms of life. Audibility decides livability. *Shattering Biopolitics* elaborates for the first time the intimate and complex relation between life and sound in recent European philosophy, as well as the political stakes of this entanglement. Nowhere is aurality more pivotal than in the dialogue between biopolitical theory and deconstruction about the power over and of life. Closer inspection of these debates reveals that the main points of contention coalesce around figures of sound and listening: inarticulate voices, meaningless sounds, resonant echoes, syncopated rhythms, animal cries, bells, and telephone rings. *Shattering Biopolitics* stages a series of “over-hearings” between Jacques Derrida and Giorgio Agamben who often mishear or completely miss hearing in trying to hear too much. Notions of power and life are further diffracted as Hélène Cixous, Catherine Malabou, and Jean-Luc Nancy join in this high-stakes game of telephone. This self-destructive character of aurality is akin to the chanciness and risk of death that makes life all the more alive for its incalculability. Punctuating the book are a series of excursions on sound-art projects that interrogate aurality’s subordination and resistance to biopower from racialized chokeholds and anti-migrant forensic voice analysis to politicized speech acts and activist practices of listening. *Shattering Biopolitics* advances the burgeoning field of sound studies with a new, theoretically sophisticated analysis of the political imbrications of its object of inquiry. Above all, it is sound’s capacity to shatter sovereignty, as if it were a glass made to vibrate at its natural frequency, that allows it to amplify and disseminate a power of life that refuses to be mastered. *Love and Other Words* Legare Street Press

After a decade apart, childhood sweethearts reconnect by chance in New York Times bestselling author Christina Lauren’s touching, romantic novel *Love and Other Words*...how many words will it take for them to figure out where it all went wrong? The story of the heart can never be unwritten. Macy Sorensen is settling into an ambitious if emotionally tepid routine: work hard as a new pediatrics resident, plan her wedding to an older, financially secure man, keep her head down and heart tucked away. But when she runs into Elliot Petropoulos—the first and only love of her life—the careful bubble she’s constructed begins to dissolve. Once upon a time, Elliot was Macy’s entire world—growing from her gangly bookish friend into the man who

coaxed her heart open again after the loss of her mother...only to break it on the very night he declared his love for her. Told in alternating timelines between Then and Now, teenage Elliot and Macy grow from friends to much more—spending weekends and lazy summers together in a house outside of San Francisco devouring books, sharing favorite words, and talking through their growing pains and triumphs. As adults, they have become strangers to one another until their chance reunion. Although their memories are obscured by the agony of what happened that night so many years ago, Elliot will come to understand the truth behind Macy’s decade-long silence, and will have to overcome the past and himself to revive her faith in the possibility of an all-consuming love.

Jody Blake demonstrates in this book that although the impact of African-American music and dance in France was constant from 1900 to 1930, it was not unchanging. This was due in part to the stylistic development and diversity of African-American music and dance, from the prewar cakewalk and ragtime to the postwar Charleston and jazz. Successive groups of modernists, beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists and Purists in the 1920s, constructed different versions of *la musique* and *la danse negre*. Manifested in creative and critical works, these responses to African-American music and dance reflected the modernists’ varying artistic agendas and historical climates.

In a world where everyone takes wonders like magic spells and dragons for granted, Coco is a girl with a simple dream: She wants to be a witch. But everybody knows magicians are born, not made, and Coco was not born with the gift for magic. She’s resigned to her un-magical life, until a traveling magician passes through her village, and Coco learns what everybody “knows” might not be the truth. *Letopis Matice srpske* Feral House

The Wanderer opens with a group of people fleeing the Terror. Among them is the protagonist, who refuses to identify herself. No one can place her socially—even her nationality and race are in doubt. As Burney scholar Margaret Doody explains, “the heroine thus arrives as a nameless Everywoman: both black and white, both Eastern and Western, both high and low, both English and French.” She asks for help from the group, but because she knows no one, she is refused.

Tyssot De Patot and His Work 1655 - 1738 Hachette UK

I am Meredith Gentry, P.I. and Princess Merry, heir to the throne of Fairie. Now there are those among me who whisper I am more. They fear me even as they protect me. And who can blame them? I’ve awakened the dazzling magic that’s slumbered in them for thousands of years. But the thing is, I can’t figure out why. My aunt, the Queen of Air and Darkness, is no longer distracted by her usual sadistic hobbies. Her obsession has turned unwaveringly to me. The mission to get me pregnant and beat my cousin Prince Cel to the crown is taking longer than expected. Even though I spend each night with the Queen’s Ravens, my immortal guards, no child has come of our decadent pleasures. But something else is happening. My magic courses through me uncontrollably. And as I lock my half-mortal body with their full-Sidhe blooded ones, the power surges like never before. It all began with the chalice. I dreamed of it, and it appeared, cool and hard, beside me when I awoke. My guards know the ancient relic well—its disappearance ages ago stripped them of their vital powers. But it is here with us now. My touch resonates with its force, and they’re consumed with it, their Sidhe essences lit up by it. But even as they cherish me for this unexpected gift, there are those who loathe me for it. Me, a mongrel, only half fey and part mortal. The Unseelie court has suffered for so long, and there are

some who would not have it weakened further by an impure queen. My enemies grow in number every day. But they do not know what I am capable of. Nor, for that

matter, do I. . . . In *Seduced by Moonlight*, Laurell K. Hamilton brings the dark, erotic reign of the immortal fey to a startling new depth. Full of sensuality and the consuming anticipation of latent powers

unleashed, this world of gods, shapeshifters, and immortal souls is unveiled in all of its supreme magnificence and its treacherous deceptions.
