## **MYA KOLE**

---

*Sacred Pathways*  
Springer  
The volume is based  
on papers given at the  
London Symposium  
'Vienna Meets Berlin:  
Culture in the  
Metropolis Between the  
Wars' which took place

at the Institute of  
Germanic Studies in  
December 2001. The  
book surveys the  
cultural links between  
Vienna and Berlin with  
a focus on the inter-  
war years and some  
post-1945 continuities.  
It includes a centenary  
tribute to Ödön von  
Horváth and  
contributions on

theatre, film, journalism (the feuilleton in particular), literature, music and socio-political issues. Together, the studies can be read as a narrative of interaction between the two capital cities. The industrial and modern Berlin of the 1920s proves an irresistible magnet for many Viennese, whose letters and journalism time and again reflect on the differences between the cities. The year 1933 marks the political cut-off point, when in many cases exile becomes the predominant theme.

*Wallensteins Tod*

Candle Books

From one of the world's biggest selling authors comes another million-copy worldwide bestseller: A beautiful and tender fable seen

through the eyes of a Jewish child living in Belgium under the Nazi occupation. It is 1942 and the Jews are being deported from Belgium. Separated from his parents, seven-year-old Joseph must go into hiding. He is taken in the dead of night to an orphanage, the Villa Jaune, where the benign and enigmatic Father Pons presides over a motley assortment of children. With the ever-present threat of the Gestapo growing closer, Joseph learns that the secret of survival is to conceal his Jewish heritage. Soon Joseph also discovers that Father Pons has a secret of his own: he is risking his life not only for the boys in his care, but for the Jewish faith itself. Sensitive, funny and deeply humane, Noah's

Child is a simple fable that reveals the complexities of faith, bravery and the human condition.

Reconceiving Infertility

Random House (NY)  
Specially commissioned studies of popular pilgrimages - East and West, past and present, religious and 'secular - ranging from Shikoku (Japan), to Santiago de Compostela (Spain), Kosovo (Yugoslavia), Glastonbury, Anfield (UK), Flanders fields, Graceland and military pilgrimages in the USA. The book asks in what ways all these can be called pilgrimages and what their relation is to tourism and to entertainment, highlighting the enduring popularity not only of pilgrimage but also of saints and heroes.

**Candle Bible Atlas**

Canongate Books  
A more complete picture of how procreation and childlessness are depicted in the Bible In the Book of Genesis, the first words God speaks to humanity are "Be fruitful and multiply." From ancient times to today, these words have been understood as a divine command to procreate. Fertility is viewed as a sign of blessedness and moral uprightness, while infertility is associated with sin and moral failing. Reconceiving Infertility explores traditional interpretations such as these, providing a more complete picture of how procreation and childlessness are depicted in the Bible. Closely examining texts and themes from

both the Hebrew Bible and the New Testament, Candida Moss and Joel Baden offer vital new perspectives on infertility and the social experiences of the infertile in the biblical tradition. They begin with perhaps the most famous stories of infertility in the Bible—those of the matriarchs Sarah, Rebekah, and Rachel—and show how the divine injunction in Genesis is both a blessing and a curse. Moss and Baden go on to discuss the metaphorical treatments of Israel as a "barren mother," the conception of Jesus, Paul's writings on family and reproduction, and more. They reveal how biblical views on procreation and

infertility, and the ancient contexts from which they emerged, were more diverse than we think. *Reconceiving Infertility* demonstrates that the Bible speaks in many voices about infertility, and lays a biblical foundation for a more supportive religious environment for those suffering from infertility today. [Kärntner Volksstimme](#) Princeton University Press  
Philology—the discipline of making sense of texts—is enjoying a renaissance within academia after decades of neglect. *World Philology* charts the evolution of philology across the many cultures and historical time periods in which it has been practiced, and demonstrates how this

branch of knowledge, like philosophy and mathematics, is an essential component of human understanding. Every civilization has developed ways of interpreting the texts that it produces, and differences of philological practice are as instructive as the similarities. We owe our idea of a textual edition for example, to the third-century BCE scholars of the Alexandrian Library. Rabbinical philology created an innovation in hermeneutics by shifting focus from how the Bible commands to what it commands. Philologists in Song China and Tokugawa Japan produced startling insights into the nature of linguistic signs. In the early modern period, new

kinds of philology arose in Europe but also among Indian, Chinese, and Japanese commentators, Persian editors, and Ottoman educationalists who began to interpret texts in ways that had little historical precedent. They made judgments about the integrity and consistency of texts, decided how to create critical editions, and determined what it actually means to read. Covering a wide range of cultures—Greek, Roman, Hebrew, Arabic, Sanskrit, Chinese, Indo-Persian, Japanese, Ottoman, and modern European—World Philology lays the groundwork for a new scholarly discipline. The Happy-go-lucky Morgans Pan Macmillan Beethoven composed

far more folksong settings than any other type of composition. Most are British songs, including Auld Lang Syne and the The Miller of Dee, with text by such authors as Burns, Byron and Scott. Yet Beethoven's settings, commissioned by George Thomson of Edinburgh, have been neglected by performers and scholars alike, and nearly all accounts of them are both superficial and startlingly inaccurate. This book is based on a very elaborate study of a wide range of sources, and dispels the many myths that have been circulating about this music. Every one of the 179 settings is dated to within a few weeks and an account is given of the sources of the melodies and

texts, the difficulties of sending the music across Europe during the Napoleonic Wars (smugglers were even called upon to assist!), the fees Beethoven received, and when and how the texts were added. By comparing Beethoven's settings with those of his predecessors Pleyel, Haydn and Kozeluch, the author demonstrates that Beethoven comprehensively transcended the bounds of convention, producing settings of extra-ordinary quality and originality. Suggestions are also made for overcoming the problems of presenting these songs in performance.

BONDDU BOOKS  
Sacred Pathways

reveals nine distinct spiritual temperaments--and their strengths, weaknesses, and tendencies--to help you improve your spiritual life and deepen your personal walk with God. It's time to strip away the frustration of a one-size-fits-all spirituality and discover a path of worship that frees you to be you. Experienced spiritual directors, pastors, and church leaders recognize that all of us engage with God differently, and it's about time we do too. In this updated and expanded edition of Sacred Pathways, Gary Thomas details nine spiritual temperaments and--like the Enneagram and other tools do with personality--encourages you to

investigate the ways you most naturally express yourself in your relationship with God. He encourages you to dig into the traits, strengths, and pitfalls in your devotional approach so you can eliminate the barriers that keep you locked into rigid methods of worship and praise. Plus, as you begin to identify and understand your own temperament, you'll soon learn about the temperaments that aren't necessarily "you" but that may help you understand the spiritual tendencies of friends, family, and others around you. Whatever temperament or blend of temperaments best describes you, rest assured it's not by accident. It's by the design of a Creator

who knew what he was doing when he made you according to his own unique intentions. If your spiritual walk is not what you'd like it to be, you can change that, starting here. Sacred Pathways will show you the route you were made to travel, marked by growth and filled with the riches of a close walk with God. *The Hidden History of Elves and Dwarfs* Oxford University Press on Demand Hughes's last collection of poems commemorates the experience of Black Americans in a voice that no reader could fail to hear—the last testament of a great American writer who grappled fearlessly and artfully with the most compelling issues of his time. “Langston Hughes is a titanic

figure in 20th-century American literature ... a powerful interpreter of the American experience.” —The Philadelphia Inquirer From the publication of his first book in 1926, Langston Hughes was America's acknowledged poet of color. Here, Hughes's voice—sometimes ironic, sometimes bitter, always powerful—is more pointed than ever before, as he explicitly addresses the racial politics of the sixties in such pieces as "Prime," "Motto," "Dream Deferred," "Frederick Douglas: 1817-1895," "Still Here," "Birmingham Sunday." "History," "Slave," "Warning," and "Daybreak in Alabama." *Irische Segenswünsche für jeden Tag des*

Verlagshaus*

A comprehensive examination of the intertwined mythology, folklore, and literary history of the little people • Explores the pagan roots of dwarfs and elves and their evolution in myth and literature • Reveals the role the church played in changing them from fearless, shape-shifting warriors with magical powers into cheerful helpmates and cute garden gnomes • Traces their history from ancient Celtic and Germanic lore through their emergence in the literature of the Middle Ages to their modern popularization by the Brothers Grimm and Walt Disney Most people are familiar with the popular image of elves as Santa's helpers and dwarfs as

little bearded men wearing red caps, who are mischievous and playful, helpful and sly, industrious and dexterous. But their roots go far deeper than their appearance in fairy tales and popular stories. Elves and dwarfs are survivors of a much older belief system that predates Christianity and was widespread throughout Western Europe. Sharing his extensive analysis of Germanic and Norse legends, as well as Roman, Celtic, and medieval literature, Claude Lecouteux explores the ancient, intertwined history of dwarfs and elves. He reveals how both were once peoples who lived in wild regions as keepers of the secrets of nature. They were able

to change their size at will and had superhuman strength and healing powers. They were excellent smiths, crafting swords that nothing could dull as well as magical jewelry, and often entered into the service of lords or heroes. They were a part of the everyday life of our ancestors before they were transformed by fairy tales and church texts into the mythical creatures we know today. Lecouteux shows how, in earlier folklore, elves and dwarfs were interchangeable, gradually evolving over time to express very different kinds of beings. “Dwarf,” “giant,” and even “elf” did not necessarily connote size but referred to races with

different skills. Elves were more ethereal, offering protection and kindness, while dwarfs reflected a more corporeal form of spirit, often appearing as messengers from the underworld. Yet dwarfs and elves could be bargained with, and our ancestors would leave a broken object outside the door at night with the hope that a dwarf or elf (or other local spirit) would repair it. Revealing the true roots of these helpful and powerful beings, including an in-depth exploration of one of the most famous dwarf/elf/fairy beings of the Middle Ages, Auberon or Oberon, also known as Alberich, Lecouteux shows how the magic of dwarfs and elves can be rekindled if we recognize their signs

and invite them back into our world.

*Who's Who in Classical Mythology* Simon and Schuster

Former chancellor of West Germany Helmut Schmidt writes a candid account of his encounters and confrontations with key leaders of the United States, the Soviet Union and China. 32 pages of halftones and

5 maps.

*Vienna Meets Berlin*

Atlantic Books

The most complete and detailed reference book of its kind, *Who's Who in Classical Mythology* contains over 1200 extensive entries, covering both Greek and Roman characters.

*Pilgrimage in Popular Culture* Vintage

In remembrance of the 75th anniversary of the liberation of Auschwitz and the Nazi concentration camps, this award-winning, bestselling work of Holocaust fiction, inspiration for the classic film and “masterful account of the growth of the human soul” (Los Angeles Times Book Review), returns with an all-new introduction by the author. An “extraordinary” (New

York Review of Books) novel based on the true story of how German war profiteer and factory director Oskar Schindler came to save more Jews from the gas chambers than any other single person during World War II. In this milestone of Holocaust literature, Thomas Keneally, author of *The Book of Science and Antiquities* and *The Daughter of Mars*, uses the actual testimony of the Schindlerjuden—Schindler's Jews—to brilliantly portray the courage and cunning of a good man in the midst of unspeakable evil. "Astounding...in this case the truth is far more powerful than anything the imagination could invent" (Newsweek). *At Grattan Road*  
Harvard University

Press

This book sheds light onto the following questions: What is life? What are paradise and hell? What is the key to happiness and how can we find it? Humour is one of the important features in this book. The book will appeal to all those who are interested to know the depth of human psychology and also who are willing to change their life for the better. The author has expressed his thoughts and actions in an easy manner through stories and folklore. Therefore, it will not be wrong to say that life will indeed be a paradise, once you read this book.

[Abandoned Spain](#)

Vandenhoeck & Ruprecht

The story of God's people in the Bible is set in a particular place

and at a particular time. It is linked to the land: The land you are crossing [the Jordan] to occupy is a land of hills and valleys, watered by rain from the sky, a land that the Lord your God looks after. (Deuteronomy 11:11-12). The Bible is full of journeys. Abraham took an epic journey from his father's home in Ur to the land of Canaan. The Hebrews journeyed from slavery in Egypt to the Promised Land. The kingdom of Israel expanded under King David. Later the Jews were taken into exile in distant Babylon and Persia. Jesus journeyed around Galilee and Judea, while Paul took an epic series of missionary journeys throughout the Mediterranean world. It

is very helpful to have maps to show where these places were, and where the journeys led. This atlas provides a clear set of annotated maps offering an accessible background to the Bible story. Tim Dowley, *A companion to the Candle Bible Handbook*, with newly commissioned maps. Börsenblatt Peter Lang WINNER OF THE CWA GOLD DAGGER AWARD FOR BEST CRIME NOVEL OF THE YEAR. Amos, Mississippi, is a quiet town. Silas Jones is its sole law enforcement officer. The last excitement here was nearly twenty years ago, when a teenage girl disappeared on a date with Larry Ott, Silas's one-time boyhood friend. The law couldn't prove Larry guilty, but Amos' residents have

shunned him ever since. Then the town's peace is shattered when someone tries to kill the reclusive Ott, another young woman goes missing, and the town's drug dealer is murdered. Woven through the tautly written mystery is the unspoken secret that hangs over the lives of two men - one black, one white. Crooked Letter, Crooked Letter, winner of the CWA Gold Dagger Award for Best Crime Novel of the Year, is a masterful novel, sizzling with deep Southern menace.

*A History of Austrian Literature 1918-2000*

Salmon Publishing

An exceptional photographic report of the dramatic fate of Spain's abandoned heritage and its forgotten beauty.

Christian Apocrypha

Camden House

In very different ways the writings of the New Testament have shaped cultures until today. The Novum Testamentum Patristicum project will give a full documentation of ancient Christian receptions of the New Testament in late antiquity. This volume focuses on the different mainly narrative receptions of New Testament texts in ancient Christian apocryphal literature. While it has been accepted for a long time that apocryphal writings mainly wanted to fill the gaps of New Testament texts in more or less fantastic ways, the articles in this volume discover a rich and very different variety of re-writings,

relectures, and  
receptions of New

Testament texts,  
motifs and ideas.
