Winner of the 2003 Trillium Book Award "Stories are wondrous things," award-winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous."

Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other North American culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well.

A brand-new standalone novel in the New York Times bestselling Briar U series! She's about to put this player in his place . . . What I learned after last year's distractions cost my hockey team our entire season? No more screwing up. No more screwing, period. As the new team captain, I need a new philosophy: hockey and school now, women later. Which means that I, Hunter Davenport, am

officially going celibate . . . no matter how hard that makes things. But there's nothing in the rulebook that says I can't be friends with a woman. And I won't lie - my new classmate Demi Davis is one cool chick. Her smart mouth is hot as hell, and so is the rest of her, but the fact that she's got a boyfriend eliminates the temptation to touch her. Except three months into our friendship, Demi is single and looking for a rebound. And she's making a play for me. Avoiding her is impossible. We're paired up on a yearlong school project, but I'm confident I can resist her. We'd never work, anyway. Our backgrounds are too different, our goals aren't aligned, and her parents hate my guts. Hooking up is a very bad idea. Now I just have to convince my body - and my heart. Praise for Elle Kennedy: 'Delicious, complicated and drama-filled . . . I read it in one sitting, and you will, too' L. J. Shen, USA Today bestselling author 'A deliciously sexy story with a wallop of emotions that sneaks up on you' Vi Keeland, No.1 New York Times bestselling author 'Elle Kennedy delivers another sexy and addictive read, and my latest personal favourite from her!' First published in 1948, *Nothing but the Night* marked the auspicious beginning of John Williams' career as a novelist--a career that would go on to include the classics *Stoner* and the National Book Award winning *Augustus*. In the person of Arthur Maxley, Williams investigates the terror and the waywardness of a man who has suffered an early traumatic experience. As a child, Maxley witnessed a scene of such violence and of such a nature that the evocation of Greek tragedy is inescapable. Now, years later, we move through a single significant day in the grown Arthur Maxley's life, the day when he is to meet his father, who has been absent for many years. With rare economy and clarity, the story moves at an ever-increasing pace to its unforgettable end.

INSTANT NATIONAL BESTSELLER A critically acclaimed, intimate and no-holds-barred memoir by Canada's top defence lawyer, *Nothing But the Truth* weaves Marie Henein's personal story with her strongly held views on society's most pressing issues. Marie Henein, arguably the most prominent

lawyer in the country, has written a memoir that is at once raw, beautiful, and altogether unforgettable. Her story, as an immigrant from a tight-knit Egyptian-Lebanese family, demonstrates the value of strong role models—from her mother and grandmother, to her brilliant uncle Sami who died of AIDS. She learned the value of hard work, being true to herself and others, and unapologetically owning it all. Marie Henein shares here her unvarnished view on the ethical and practical implications of being a criminal lawyer, and how the job is misunderstood and even demonized. Ironically, her most successful cases made her a “lightning rod” in some circles, confirming her belief that much of the public’s understanding of democracy and the justice system is based on popular culture and social media, and decidedly not the rule of law. As she turns fifty and struggles with the corrosive effect becoming invisible has on women, Marie doubles down on being even more highly visible and opinionated as she deconstructs, among other things, the otherness of the immigrant experience (Where are you really from?), the pros and cons of being a household name in this country, opening her own boutique law firm, and the commoditization of women’s previously unpaid labour popularized by the likes of Martha Stewart. *Nothing But the Truth* is refreshingly unconstrained and surprising—an account by a woman at the top of her game in a male-dominated world.

An anonymous barrister offers a shocking, darkly comic and very moving journey through the legal system – and explains how it’s failing all of us. The Sunday Times number one bestseller. Winner of the Books are My Bag Non-Fiction Award. Shortlisted for Waterstones Book of the Year. Shortlisted for Specsavers Non-Fiction Book of the Year. You may not wish to think about it, but one day you or someone you love will almost certainly appear in a criminal courtroom. You might be a juror, a victim, a witness or – perhaps through no fault of your own – a defendant. Whatever your role, you’d expect a fair trial. I’m a barrister. I work in the criminal justice system, and every day I see how fairness is not guaranteed. Too often the system fails those it is meant to protect. The innocent are wronged and the guilty allowed to walk free. In *The Secret Barrister: Stories of the Law and How It’s Broken* I want to share some stories from my daily life to show you how the system is broken, who broke it and why we should start caring before it’s too late. "The balm for the soul that I needed. We women don’t need to smile more or look pretty or conform to expectations...we just need to read this, buy a copy for our best friends, and toast to the truth."—Jodi Picoult, New York Times bestselling author of *Wish You Were Here* In this sparkling, page-turning debut, Lucy Green learns that when you make a wish, you don't always get what you want...but you might just get exactly what you need. It's the eve of Hollywood publicist Lucy Green's thirtieth birthday, a day she hopes will bring the promotion she deserves and a proposal from her boyfriend. But he stands her up for a date, not for the first time, leaving Lucy alone at the bar—or at least, alone with the handsome bartender on the other side of the counter—so she makes a rueful wish over her cocktail for a perfect birthday. But when Lucy's wish is granted in the most unexpected way, things go terribly awry, as things often do when wishes come true.... When Lucy wakes up on her big day, she can't seem to force herself to go through her rigorous fitness and beauty routines—things she usually tells herself she likes. She has no desire to eat only a spoonful of yogurt for breakfast and she simply can't bear to put on the uncomfortable shapewear needed for the power outfit she had planned for work. Then Lucy arrives at the office, and she realizes that not only can she no longer lie to herself, she can't lie to anyone else, either. Not her clients, not her boyfriend, not her creep of a boss. Now that she can't hide how she feels, Lucy must confront all the injustices—small and large—she's faced on a daily basis at work, in her relationship, and in every other aspect of her life...and the truth is going to come out in a big way. This sharp, bighearted, and magical novel tackles all the lies women are encouraged to tell just to get by in today's world—in life, in love, and in the workplace—and the liberation that can come from telling nothing but the truth.

The Sense of an Ending Scholastic Inc.

NATIONAL BESTSELLER SHORTLISTED for the 2022 Rakuten Kobo Emerging Writer Prize A GLOBE AND MAIL BEST BOOK OF THE YEAR "Unreconciled is one hell of a good book. Jesse Wenté's narrative moves effortlessly from the personal to the historical to the contemporary. Very powerful, and a joy to read." —Thomas King, author of *The Inconvenient Indian* and *Sufferance* A prominent Indigenous voice uncovers the lies and myths that affect relations between white and Indigenous peoples and the power of narrative to emphasize truth over comfort. Part memoir and part manifesto, *Unreconciled* is a stirring call to arms to put truth over the flawed concept of reconciliation, and to build a new, respectful relationship between the nation of Canada and Indigenous peoples. Jesse Wenté remembers the exact moment he realized that he was a certain kind of Indian—a stereotypical cartoon Indian. He was playing softball as a child when the opposing team began to war-whoop when he was at bat. It was just one of many incidents that formed Wenté's understanding of what it means to be a modern Indigenous person in a society still overwhelmingly colonial in its attitudes and institutions. As the child of an American father and an Anishinaabe mother, Wenté grew up in Toronto with frequent visits to the reserve where his maternal relations lived. By exploring his family's history, including his grandmother's experience in

residential school, and citing his own frequent incidents of racial profiling by police who'd stop him on the streets, Wenté unpacks the discrepancies between his personal identity and how non-Indigenous people view him. Wenté analyzes and gives voice to the differences between Hollywood portrayals of Indigenous peoples and lived culture. Through the lens of art, pop culture, and personal stories, and with disarming humour, he links his love of baseball and movies to such issues as cultural appropriation, Indigenous representation and identity, and Indigenous narrative sovereignty. Indeed, he argues that storytelling in all its forms is one of Indigenous peoples' best weapons in the fight to reclaim their rightful place. Wenté explores and exposes the lies that Canada tells itself, unravels "the two founding nations" myth, and insists that the notion of "reconciliation" is not a realistic path forward. Peace between First Nations and the state of Canada can't be recovered through reconciliation—because no such relationship ever existed.

Imagine a world where babies are born and their names are instantly turned into corporations. Where birth certificates are worth millions. Where colonists took the law of the seas and imposed it onto the land. Corporations were classified as 'Persons' and had the ability to control, imprison and extract money from people. Where for certain groups of people, it was illegal to learn how to read and write or even own property. This isn't an imaginary world...this is the 20th century in the UNITED STATES OF AMERICA...allow me to explain.

The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.
