For the first time, all five novels in the epic fantasy series that inspired HBO's Game of Thrones are together in one eBook bundle. An immersive entertainment experience unlike any other, A Song of Ice and Fire has earned George R. R. Martin—dubbed “the American Tolkien” by Time magazine—international acclaim and millions of loyal readers. Now this bundle collects the entire monumental cycle in the most convenient format available: A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS A DANCE WITH DRAGONS “One of the best series in the history of fantasy.”—Los Angeles Times Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.”—The New York Times

[The Unofficial Guide to Game of Thrones](#) Taylor & Francis

We Can Know the Nature of RealityOur understanding of the nature of reality is undergoing an important shift from mostly supposition and belief to actionable facts based on important developments in parapsychology and transcommunication. This means the emergence of new tools which are helping us better understand our nature and the nature of the world we live in.To be sure this shift involves theory and research, but it ultimately comes down to who we are and what we can become. The best way to describe this future paradigm is in terms of mindfulness and the middle way of mindful living. This is not the mindfulness of living in the moment based on the belief that we are our body. It is the mindfulness of experiencing life from the perspective of your immortal self.This book is written to show you the evidence of survival and the implications of that evidence as an important model for future research. While your personal progression depends a lot on understanding the evidence, the community sharing your journey is equally important. To help you learn where to look for help, a comprehensive survey of our paranormalist community is included.Mindfulness can lead to important growth in your ability to work with nature, to sense the subtle fields influencing your life and more confidently commune with your loved ones on the other side. But it is important to understand how this paradigm shift is changing our understanding of the

phenomena of transcommunication and interconnectedness in our community. The last part of this book includes a comprehensive discussion of the phenomena, including EVP-ITC, healing intention and mediumship transcommunication phenomena.

[The Art of Game of Thrones, the Official Book of Design from Season 1 to Season 8](#) Chronicle Books This dynamic poster book joins Insight Editions' hugely successful Game of Thrones: The Poster Collection series with forty new posters from seasons five and six. [The Broken Eye](#) Orbit

The perfect gift for fans of HBO's Game of Thrones—a boxed set featuring the first four novels! George R. R. Martin's A Song of Ice and Fire series has become, in many ways, the gold standard for modern epic fantasy. Martin—dubbed the "American Tolkien" by Time magazine—has created a world that is as rich and vital as any piece of historical fiction, set in an age of knights and chivalry and filled with a plethora of fascinating, multidimensional characters that you love, hate to love, or love to hate as they struggle for control of a divided kingdom. This bundle includes the following novels: A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS [A Dance with Dragons](#) Voyager

For eight seasons the hit HBO series Game of Thrones painted a picture of a fantasy world filled with images such as white walkers (the undead), a three-eyed raven, and dragons. All these elements set the series visually apart, far distant from our realities. And yet, after each episode and season, viewers were left pondering about the wars, political games, diplomacy, and human rights violations that somehow resonated with the world today. Laura D. Young and Nusta Carranza Ko's groundbreaking book provides the answers to these questions that international relations scholars, historians, and fans have been wanting to know. How does Game of Thrones mirror international politics and how may the series provide a useful tool for better understanding the theories, concepts, and thematic issues in international relations? Game of Thrones and the Theories of International Relations connects the prominent international relations theories—realism, liberalism, constructivism, and critical identity theories—to the series, providing examples from various characters whose actions reflect applied scenarios of decision-making and strategizing.

[The Ballad of Songbirds and Snakes \(A Hunger Games Novel\)](#) Bantam

Rediscover all the reasons you love The Matrix with this unique guide to the cult 90s sci-fi classic, filled with trivia, essays, and behind the scenes looks at characters, production, and so much more. Whether you saw the movie in theaters in 1999 or watched it for the first time at home, there is no denying that The Matrix has had an immense impact on pop culture. A "must-see" of the science fiction genre and [Why We Love The Matrix](#) is the first and only guide that combines entertaining information about the history and making of the film with a celebratory look at all the different aspects that have helped solidify this as a beloved favorite of sci-fi fans. Offering entertaining essays about the key features that have helped the film become the classic it is today—like the origins of the plot and characters, film techniques, and the philosophy behind the story—plus quotes, sidebars, and eye-catching two-color illustrations throughout, [Why We Love The Matrix](#) is a great gift for both

casual and more serious fans of the movie and, let's face it, Keanu Reeves.

Inside HBO's Game of Thrones: Seasons 3 & 4 Cambridge University Press

I Dreamt of a Man By: Bridget René Everson A woman of color survives after being subjected to lifelong trials of narcissistic abuse. There was an evil, vile, vicious, and violent demonic presence that had been sent to destroy her, a child of the King on high. Written with a mix of free verse poetry, biblical scriptures, and pertinent letters. Bridget René Everson captures her experiences beautifully and poetically. As we walk through Everson's agonizing journey into the deepest, darkest places in her life, watch her run, not walk, into the marvelous light of God!

As the old gods awaken and satrapies splinter, the Chromeria races to find the only man who can still end a civil war before it engulfs the known world in the third novel of the NYT bestselling Lightbringer series by Brent Week. As the old gods awaken and satrapies splinter, the Chromeria races to find the only man who can still end a civil war before it engulfs the known world. But Gavin Guile has been captured by an old enemy and enslaved on a pirate galley. Worse still, Gavin has lost more than his powers as Prism -- he can't use magic at all. Without the protection of his father, Kip Guile will face a master of shadows as his grandfather moves to choose a new Prism and put himself in power. With Teia and Karris, Kip will have to use all his wits to survive a secret war between noble houses, religious factions, rebels, and an ascendant order of hidden assassins called The Broken Eye. Read the third book in Brent Weeks's blockbuster epic fantasy series that had Peter V. Brett saying, "Brent Weeks is so good, it's starting to tick me off!".

Mockingjay (Hunger Games, Book Three) Corgi

This book reflects the different levels of exploration that women may be harder hit by the crisis than men.

Uhura's Song Bantam

THE BOOK BEHIND THE SECOND SEASON OF GAME OF THRONES, AN ORIGINAL SERIES NOW ON HBO. A SONG OF ICE AND FIRE: BOOK TWO In this thrilling sequel to *A Game of Thrones*, George R. R. Martin has created a work of unsurpassed vision, power, and imagination. A Clash of Kings transports us to a world of revelry and revenge, wizardry and warfare unlike any we have ever experienced. A comet the color of blood and flame cuts across the sky. And from the ancient citadel of Dragonstone to the forbidding shores of Winterfell, chaos reigns. Six factions struggle for control of a divided land and the Iron Throne of the Seven Kingdoms, preparing to stake their claims through tempest, turmoil, and war. It is a tale in which brother plots against brother and the dead rise to walk in the night. Here a princess masquerades as an orphan boy; a knight of the mind prepares a poison for a treacherous sorceress; and wild men descend from the Mountains of the Moon to ravage the countryside. Against a backdrop of incest and fratricide, alchemy and murder, victory may go to the men and women possessed of the coldest steel . . . and the coldest hearts. For when kings clash, the whole land trembles.

Game of Thrones: Three-Eyed Raven Penguin UK

An essential guide to *Games of Thrones* seasons 1-5, profiling the noble houses of Westeros through their history, family tree, character profiles, photos, and much more. *Game of Thrones: The Noble Houses of Westeros Seasons 1-5* serves as a guide to the key houses as their constant struggle for power persists and as the hierarchical structure of the kingdom evolves. Game of Thrones: The Noble Houses of Westeros Bantam

The everything-you-missed, wanted-to-know-more-about, and can't-get-enough guide to the *Game of Thrones* television series—from the first episode to the epic finale. Valar morghulis! Spanning every episode across all eight seasons, INSIDER's entertainment correspondent Kim Renfro goes deep into how the show was made, why it became such a phenomenon and explores every detail you want to know. It's the perfect book to look back at all you may have missed or to jump-start you on a second viewing of the whole series. As an entertainment correspondent, Renfro has covered the show's premieres, broken down key details in scenes, explored characters' histories, and interviewed the cast, directors, and crew. In this book, she sheds new light on the themes, storylines, character development, the meaning of the finale, and what you can expect next. Some of the questions answered here include: What was the Night King's ultimate purpose? How did the show effect George R.R. Martin's ability to finish the book series? Why were the final seasons shorter? Why did the direwolves get shortchanged? How were the fates of Jon Snow and Daenerys Targaryen foretold from the start? Was that really a bittersweet ending? Winter may have come and gone, but there is still plenty to discover and obsess over in this behind-the-scenes fan guide to the *Game of Thrones* HBO series.

Fire & Blood Bantam

A graphic novel edition of *The Mystery Knight*, one of the thrilling Dunk and Egg novellas from George R. R. Martin's *A Knight of the Seven Kingdoms* and a prequel of sorts to *A Game of Thrones*

"Every wedding needs a singer, and every tourney needs a mystery knight." Westeros is eerily peaceful. King Aerys I sits on the Iron Throne. A ravaging plague has abated. Yet beneath the surface, tensions linger sixteen years after a failed rebellion. In these restless times, noble hedge knight Ser Duncan the Tall—Dunk, to his friends—and his precocious boy squire, Egg, travel the Seven Kingdoms performing chivalrous deeds, though Egg's bloodline must be concealed at all costs. After heading north for Winterfell, Dunk and Egg are lured off the kingsroad by a wedding feast—and an unusually lucrative tournament. The champion jouster will claim a rare trophy indeed: a dragon's egg. Dunk, always better in a melee, would be satisfied with a hot meal, a cup of wine, and a purse full of coins. But a treasonous plot is more likely to hatch before another dragon ever stretches its wings. Someone's on to Egg. And a mystery knight with designs on an even bigger prize soon throws the entire affair into chaos.

The Lands of Ice and Fire RP Minis

Filled with gorgeous illustrations and artwork from HBO's hit series, *The Art of Game of Thrones* is the definitive collection. A Feast for Crows Bloomsbury Publishing

"This book is organized around three concepts fundamental to OS construction: virtualization (of CPU and memory), concurrency (locks and condition variables), and persistence (disks, RAIDS, and file systems)"--Back cover.

I Dreamt of a Man McFarland

The greatly anticipated final book in the New York Times bestselling *Hunger Games* trilogy by Suzanne Collins. The greatly anticipated final book in the New York Times bestselling *Hunger Games* trilogy by Suzanne Collins. The Capitol is angry. The Capitol wants revenge. Who do they think should pay for the unrest? Katniss Everdeen. The final book in *The Hunger Games* trilogy by Suzanne Collins will have hearts racing, pages turning, and everyone talking about one of the biggest and most talked-about books and authors in recent publishing history!

A Game of Thrones 4-Book Bundle Bantam

This book explores the concept that, as participation in traditional religion declines, the complex and fantastical worlds of speculative television have become the place where theological questions and issues are negotiated, understood, and formed. From bodies, robots, and souls to purgatories and post-apocalyptic scenarios and new forms of digital scripture, the shows examined – from *Buffy the Vampire Slayer* to *Westworld* – invite their viewers and fans to engage with and imagine concepts traditionally reserved for religious spaces. Informed by recent trends in both fan studies and religious studies, and with an emphasis on practice as well as belief, the thematically focused narrative posits that it is through the intersections of these shows that we find the reframing and rethinking of religious ideas. This truly interdisciplinary work will resonate with scholars and upper-level students in the areas of religion, television studies, popular culture, fan studies, media studies, and philosophy.

Game of Thrones: Longclaw Collectible Sword Scholastic Inc.

THE BOOK BEHIND THE FOURTH SEASON OF THE ACCLAIMED HBO SERIES *GAME OF THRONES* Few books have captivated the imagination and won the devotion and praise of readers and critics everywhere as has George R. R. Martin's monumental epic cycle of high fantasy. Now, in *A Feast for Crows*, Martin delivers the long-awaited fourth book of his landmark series, as a kingdom torn asunder finds itself at last on the brink of peace . . . only to be launched on an even more terrifying course of destruction. A FEAST FOR CROWS It seems too good to be true. After centuries of bitter strife and fatal treachery, the seven powers dividing the land have decimated one another into an uneasy truce. Or so it appears. . . . With the death of the monstrous King Joffrey, Cersei is ruling as regent in King's Landing. Robb Stark's demise has broken the back of the Northern rebels, and his siblings are scattered throughout the kingdom like seeds on barren soil. Few legitimate claims to the once desperately sought Iron Throne still exist—or they are held in hands too weak or too distant to wield them effectively. The war, which raged out of control for so long, has burned itself out. But as in the aftermath of any climactic struggle, it is not long before the survivors, outlaws, renegades, and carrion eaters start to gather, picking over the bones of the dead and fighting for the spoils of the soon-to-be dead. Now in the Seven Kingdoms, as the human crows assemble over a banquet of ashes, daring new plots and dangerous new alliances are formed, while surprising faces—some familiar, others only just appearing—are seen emerging from an ominous twilight of past struggles and chaos to take up the challenges ahead. It is a time when the wise and the ambitious, the deceitful and the strong will acquire the skills, the power, and the magic to survive the stark and terrible times that lie before them. It is a time for nobles and commoners, soldiers and sorcerers, assassins and sages to come together and stake their fortunes . . . and their lives. For at a feast for crows, many are the guests—but only a few are the survivors.
