Every Reason We Shouldn't by Sara Fujimura is a charming multicultural romance perfect for the many fans of Jenny Han and Rainbow Rowell.

Warning: Contains family expectations, delightful banter, great romantic tension, skating (all kinds!), Korean pastries, and all the feels. Sixteen-year-old figure skater Olivia Kennedy's Olympic dreams have ended. She's bitter, but enjoying life as a regular teenager instead of trying to live up to expectations of being the daughter of Olympians Michael Kennedy and Midori Nakashima...until Jonah Choi starts training at her family's struggling rink. Jonah's driven, talented, going for the Olympics in speed skating, completely annoying... and totally gorgeous. Between teasing Jonah, helping her best friend try out for roller derby, figuring out life as a normal teen and keeping the family business running, Olivia's got her hands full. But will rivalry bring her closer to Jonah, or drive them apart? "This book is like a warm hug filled with all the things I love. I started smiling from page one and couldn't put it down." —Courtney Milan At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. *Every Reason We Shouldn't* McFarland

Clorinda Matto de Turner was the first Peruvian novelist to command an international reputation and the first to dramatize the exploitation of indigenous Latin American people. She believed the task of the novel was to be the photograph that captures the vices and virtues of a people, censuring the former with the appropriate moral lesson and paying its homage of admiration to the latter. In this tragic tale, Clorinda Matto de Turner explores the relationship between the landed gentry and the indigenous peoples of the Andean mountain communities. While unfolding as a love story rife with secrets and dashed hopes, *Torn from the Nest* in fact reveals a deep and destructive class disparity, and criticizes the Catholic clergy for blatant corruption. When Lucia and Don Fernando Marin settle in the small hamlet of Killac, the young couple become advocates for the local Indians who are being exploited and oppressed by their priest and governor and by the gentry allied with these two. Considered meddling outsiders, the couple meet violent resistance from the village leaders, who orchestrate an assault on their house and pursue devious and unfair schemes to keep the Indians subjugated. As a romance blossoms between the a member of the gentry and the peasant girl that Lucia and Don Fernando have adopted, a dreadful secret prevents their marriage and brings to a climax the novel's exposure of degradation: they share the same father—a parish priest. *Torn from the Nest* was first published in Peru in 1889 amidst much enthusiasm and outrage. This fresh translation—the first since 1904—preserves one of Peru's most distinctive and compelling voices.

Has entertaining profiles larded with quotes from students."—Rolling Stone "The offbeat indexes, along with the chattily written descriptions of each school, provide a colorful picture of each campus." —The New York Times "A great book.... It's a bargain." —CNN "Our favorite college guidebook." —Seventeen "Provides the kind of feedback students would get from other students in a campus visit." —USA Today

*The Best 381 Colleges, 2017 Edition* Carina Press

At their basic level, sporting events are about numbers: wins and losses, percentages and points, shots and saves, clocks and countdowns. However, sports narratives quickly leave the realm of statistics. The stories we tell and retell, sometimes for decades, make sports dramatic and compelling. Just like any great drama, sports imply conflict, not just battles on the field of play, but clashes of personalities, goals, and strategies. In telling these stories, we create heroes, but we also create villains. This book is about the latter, those players who transgress norms and expectations and who we label the "bad boys" of sports. Using a variety of approaches, these 13 new essays examine the cultural, social, and rhetorical implications of sports villainy. Each chapter focuses on a different athlete and sport, questioning issues such as how notorious sports figures are defined to be "bad" within particular sports and within the larger culture, the role media play in creating antiheroes, fan reactions when players cross boundaries, and how those boundaries shift depending on the athlete's gender, sexuality, and race.

Text and illustrations demonstrate basic skating steps--skating forwards, skating backwards--through such advanced techniques as the double flip and the triple Salchow.

*Skiing* Princeton Review

We all talk about the "tube" or "box," as if television were simply another appliance like the refrigerator or toaster oven. But Cecilia Tichi argues that

TV is actually an environment--a pervasive screen-world that saturates almost every aspect of modern life. In *Electronic Hearth*, she looks at how that environment evolved, and how it, in turn, has shaped the American experience. Tichi explores almost fifty years of writing about television--in novels, cartoons, journalism, advertising, and critical books and articles--to define the role of television in the American consciousness. She examines early TV advertising to show how the industry tried to position the new device as not just a gadget but a prestigious new piece of furniture, a highly prized addition to the home. The television set, she writes, has emerged as a new electronic hearth--the center of family activity. John Updike described this "primitive appeal of the hearth" in Roger's Version: "Television is--its irresistible charm--a fire. Entering an empty room, we turn it on, and a talking face flares into being." Sitting in front of the TV, Americans exist in a safety zone, free from the hostility and violence of the outside world. She also discusses long-standing suspicions of TV viewing: its often solitary, almost autoerotic character, its supposed numbing of the minds and imagination of children, and assertions that watching television drugs the minds of Americans. Television has been seen as treacherous territory for public figures, from generals to presidents, where satire and broadcast journalism often deflate their authority. And the print culture of journalism and book publishing has waged a decades-long war of survival against it--only to see new TV generations embrace both the box and the book as a part of their cultural world. In today's culture, she writes, we have become "teleconscious"--seeing, for example, real life being certified through television ("as seen on TV"), and television constantly ratified through its universal presence in art, movies, music, comic strips, fabric prints, and even references to TV on TV. Ranging far beyond the bounds of the broadcast industry, Tichi provides a history of contemporary American culture, a culture defined by the television environment. Intensively researched and insightfully written, *The Electronic Hearth* offers a new understanding of a critical, but much-maligned, aspect of modern life.

**Wisconsin's Best: 365 Unique Adventures** Time Home Entertainment

Of all winter sports, none is so widely watched and commented upon by the media as figure skating, which is often considered the Winter Olympics' centerpiece. This critical text examines the ways in which media attention has gradually altered and affected the sport, from the early appearances of Sonja Henie, to skating's gradual audience growth via television, and to the ramifications of the scandals in the 1994 and 2002 Olympics. The topic is illuminated by more than 30 interviews with commentators, skaters, producers, directors and others. In addition to numerous photos, illustrations show the compulsory figures for which "figure skating" got its name, as well as a sample of the charted-out "camera blocking" for TV directors. Appendices include collected anecdotes from early broadcasting experiences; a profile of broadcaster Jim McKay; and commentary from Carol Heiss on her 1961 musical *Snow White and the Three Stooges*.

*All the Year Round* Amadeus Press

Figure skating is the most popular televised sport at the Olympic Winter Games and is the oldest of the winter sports, having first been contested at the Games of the fourth Olympiad in London in 1908. No other sport creates such a perfect balance between athleticism and artistry, and the athletes—many of them household names like Oksana Baiul, Brian Boitano, Nancy Kerrigan, Evan Lysacek, Katarina Witt, and Kristi Yamaguchi—spend years in training to make it look effortless. The *Historical Dictionary of Figure Skating* relates the history of the sport through a chronology, an introductory essay, an extensive bibliography, appendixes, and over 800 cross-referenced dictionary entries on hundreds of skaters, past and present, but also on skating countries, governing bodies, skating disciplines, technical elements, skating styles, and many other subjects. This book is an excellent access point for students, researchers, and anyone wanting to know more about the history of figure skating.

*The Best 385 Colleges, 2020 Edition* ABDO

American figure skater Carrie Parker's Winter Games dreams were dashed when her philandering partner caused one of the greatest scandals in skating history. Blacklisted from competing in the United States, her career is over...until she receives a mysterious invitation and is paired with the most infuriating, talented—and handsome—skater she's ever met. Russian champion Anton Belikov knows sacrifice. He gave up a normal life and any hope of a meaningful relationship to pursue his dream. And he's come close—with a silver medal already under his belt, the next stop is the gold. All he needs is a partner. While he's never forgotten the young American skater he seduced one long-ago night in Amsterdam, he never expected to be confronted with their past...never mind share the ice with her. When what starts as a publicity stunt grows into something real, Carrie and Anton's partnership will test their loyalties to family, country and each other. With only a few months to train for the competition of a lifetime, can they master technique and their emotions, or will they lose their footing and fall victim to the heartaches of their pasts? 96,000 words

**PEOPLE The Best of Olympic Figure Skating** Chicago Review Press

The Truth About Colleges—from the REAL Experts: Current College Students Inside this book, you'll find profiles of 135 great colleges in the Northeast, including schools you've heard about and great colleges that aren't as widely recognized. There is simply no better way to learn about a college than by talking to its students, so we asked thousands of them to speak out about their schools. Sometimes hilarious, often provocative, and always telling, the students' opinions will arm you with rare insight into each college's academic load, professors, libraries, dorms, social scene, and more.

[Figure Skating School](#) Willowdale, Ont. : Firefly Books

"A how-to book on the art, craft and practice of lighting for film & video for students and filmmakers"--

*Electronic Hearth* Princeton Review

New York has always attracted artists--because it is electric with passion, endeavor, and hustle, and because they know they will find others of like mind there. The city is a vibrant center of the international art world; no wonder then that both resident and sojourning painters have long felt compelled to capture, interpret, and evoke the place on canvas. Bruce Weber faced a daunting amount of works for inclusion in *Paintings of New York*. But he chose well, producing a book that combines solid scholarship in history and the arts, warmly readable prose, and gorgeous color images. Artwork included by Piet Mondrian, Ernest Lawson, Maurice Prendergast, William Glackens, Georgia O'Keeffe, Childe Hassam, Raphael Soyer, Charles Frederic Ulrich, Albertus Del Orient Browere, Thomas Moran, Joseph Stella, Elsie Driggs, George Bellows, Otto Boetticher, Robert Henri, George Tooker, Francis Guy, Thomas Hart Benton, and Ben Shahn.

**Best in Beauty** Eburon Uitgeverij B.V.

Previous biographies of Willa Cather have either recycled the traditional view of a writer detached from social issues whose work supported a

wholesome view of a vanished America, or they have focused solely on revelations about her private life. Challenging these narrow interpretations, Janis P. Stout presents a Cather whose life and quietly modernist work fully reflected the artistic and cultural tensions of her day. A product of the South--she was born in Virginia--Cather went west with her family at an early age, a participant in the aspirations of Manifest Destiny. Known for her celebrations of immigrants on the prairie, she in fact shared many of the ethnic suspicions of her contemporaries. Loved by a popular audience for her pieties of family and religion, she was in her youth a freethinker who resisted traditional patterns for women's lives, cutting her hair like a boy's and dressing in men's clothing. Seen by critics since the 1930s as a practitioner of an escapist formalism, she was, in Stout's view, profoundly ambivalent about most of the important questions she faced. Cather structured her writing to control her uncertainty and project a serenity she did not in fact feel. Cather has at times been viewed as a writer preoccupied with the past whose literary project had little to do with the intellectual currents of her time. On the contrary, Stout argues, Cather was a full participant in the doubts and conflicts of twentieth-century modernity. Only in recoil from her distress at these conflicts did she turn to overt celebrations of the past and construct a retiring, crotchety persona. The Cather that emerges from Stout's treatment is a modernist conservative in the mold of T. S. Eliot, though more responsive to her time and simultaneously less assured in her pronouncements. Cather's sexuality, too, is more complicated in Stout's version than previous biographers have allowed. *Willa Cather: The Writer and Her World* presents a woman and an artist who fully exemplifies the ambivalence, the foreboding, and above all the complexity that we associate with the twentieth-century mind.

**Night+Day Chicago** Jack and Kitty Media Group

Profiles the sport of figure skating and discusses how to find the right equipment, what coaches look for, how spins and jumps are done, and who the best skaters in the world are.

**Pairing Off** Oxford University Press

A focus on both travel and life in Holland sets the guidebook apart from other publications. The guidebook includes travel destinations and first-hand tips for touring well known and less familiar sites - all the practical stuff including opening times, websites and directions on how to get there. And all the resources needed about life in Holland for short and long-term visits, making the guidebook the bible for expats. Chapters include a calendar of yearly events and entertainment; inside information about custom and culture; characteristic Dutch crafts and products; biking and shopping opportunities; eating out; sports venues; markets; living in Holland; special activities and resources for children.
