Michael Jackson challenged the power structure of the American music industry and struck at the heart of blackface minstrelsy, America's first form of mass entertainment. The response was a derisive caricature that over time Jackson subverted through his art. In this expanded, all-new edition, Michael Jackson and the Blackface Mask argues for the tangible relationship between Jackson and blackface minstrelsy. It reveals the dialogue at minstrelsy's core and, in its broader sense, tracks a centuries-long pattern of racial oppression and its resistance and how that has been played out in popular theatre. Michael Jackson and the Blackface Mask explores Jackson's early talent and fame and the birth and escalation of 'Wacko Jacko'. In relation to all this, the book examines Jackson's dynamic art as it evolved, from his live performances and short films to the very surface of his own body. Scholarly and interdisciplinary, this work is suitable for readers across a diverse spectrum of academic fields, including African American studies, popular music studies and cultural theory, media and communication, gender studies and performance and theatre studies. Academic but accessible, this book will also be an engaging read for anyone interested in Michael Jackson and especially in his role as an icon of difference, in America's dynamics of

race and his mass media image.

Rose Spenser was surprised by the Black Mask, a rogue searching for what she supposed was the ruby ring she'd inherited from her godfather. But Rose had need of the infamous thief, wishing to retrieve her brother Rupert's IOUs from Sir Niles Alardyce. The thief was not averse to this plan, as his aim was to expose the sins of society's blackguards. *Regency Romance* by Cynthia Bailey Pratt; originally published by Zebra **The Black Mask** Univ of California Press Professor Hagemann, for many years interested in the hard-boiled, tough-guy writers, has completed this comprehensive index to Black Mask magazine. A task that took many years as a labor of love, this study is a thorough and accurate index to a magazine that furnished a publishing place for many of the writers of hard-boiled detective fiction.

Black Mask was one of Gotham City's most ruthless crime lords. He had money, power and respect. But after months in the Teen Titans' secret prison, Roman Sionis is finally free. Given a new purpose and new abilities thanks to Lex Luthor's offer, he's found a new racket. Corporate crime not only pays better, but it's far less dangerous. At least until Batwoman discovers what he's up to and plans to put an end to Black Mask's latest power grab. Is Black Mask the same crime boss he's always been, or has time and a new approach made him something far more unstoppable than he's ever been?

The rise of the Auntie Sewing Squad, a massive mutual-aid network of volunteers who provided free masks in the wake of US government failures during the COVID-19 pandemic. In March 2020, when the US government failed to provide personal protective gear during the COVID-19 pandemic, the Auntie Sewing Squad emerged. Founded by performance artist Kristina Wong, the mutual-aid group sewed face masks with a bold social justice mission: to protect the most vulnerable and most neglected. Written and edited by Aunties themselves, *The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice* tells a powerful story. As the pandemic unfolded, hate crimes against Asian Americans spiked. In this climate of fear and despair, a team of mostly Asian American women using the familial label "Auntie" formed online, gathered momentum, and sewed masks at home by the thousands. The Aunties nimbly made and funneled masks to asylum seekers, Indigenous communities, incarcerated people, farmworkers, and others disproportionately impacted by COVID-19. When anti-lockdown agitators descended on state capitals—and, eventually, the US Capitol—the Aunties dug in. And as the nation erupted in rebellion over police violence against Black people, the Aunties supported and supplied Black Lives Matter protesters and organizations serving Black communities. Providing hundreds of thousands of homemade masks met an

urgent public health need and expressed solidarity, care, and political action in a moment of social upheaval. The Auntie Sewing Squad is a quirky, fast-moving, and adaptive mutual-aid group that showed up to meet a critical need. Led primarily by women of color, the group includes some who learned to sew from mothers and grandmothers working for sweatshops or as a survival skill passed down by refugee relatives. The Auntie Sewing Squad speaks back to the history of exploited immigrant labor as it enacts an intersectional commitment to public health for all. This collection of essays and ephemera is a community document of the labor and care of the Auntie Sewing Squad.

Blackface minstrelsy, the nineteenth-century performance practice in which ideas and images of blackness were constructed and theatricalized by and for whites, continues to permeate contemporary popular music and its audience. Harriet J. Manning argues that this legacy is nowhere more evident than with Michael Jackson in whom minstrelsy's gestures and tropes are embedded. During the nineteenth century, blackface minstrelsy held together a multitude of meanings and when black entertainers took to the stage this complexity was compounded: minstrelsy became an arena in which

black stereotypes were at once enforced and critiqued. This body of contradiction behind the blackface mask provides an effective approach to try and understand Jackson, a cultural figure about whom more questions than answers have been generated. Symbolized by his own whiteface mask, Jackson was at once 'raced' and raceless and this ambiguity allowed him to serve a whole host of others' needs - a function of the mask that has run long and deep through its tortuous history. Indeed, Manning argues that minstrelsy's assumptions and uses have been fundamental to the troubles and controversies with which Jackson was beset.

Fanon, born in Martinique and educated in France, is generally regarded as the leading anti-colonial thinker of the 20th century. His first book is an analysis of the impact of colonial subjugation on the black psyche. It is a very personal account of Fanon's experience being black: as a man, an intellectual, and a party to a French education.--Adapted from wikipedia.org.

The first hard-boiled detective Race Williams, runs up against the Klan in his premiere adventure, which leads him to fast and tragic action. Plus two other

early Daly hard-boiled classics: "The False Burton Combs" and "Dolly." Story #1 in the Race Williams series. Carroll John Daly (1889–1958) was the creator of the first hard-boiled private eye story, predating Dashiell Hammett's first Continental Op story by several months. Daly's classic character, Race Williams, was one of the most popular fiction characters of the pulps, and the direct inspiration for Mickey Spillane's Mike Hammer.

"Up Against the Real is an exciting book about anti-art in the Sixties. It is the first comprehensive study of the group Black Mask and their acrimonious relationship to the New York art world in that decade. Now cited as originators of the protest aesthetics common today, Black Mask employed incendiary modes of direct action against racism, colonialism, and the museum system. They forced their way into the Pentagon during a political protest, threw rotten eggs and blood at Secretary of State Dean Rusk, dumped garbage into the fountain at Lincoln Center during a gala at the Metropolitan Opera, published a broadside, made films, tormented Andy Warhol, and much more, all covered in Nadja Millner-Larsen's book. Black Mask is an important example of the kind of organized art activism in the middle of this century. The group was active until 1968, when it went underground and changed its name to Up Against the Wall Motherfuckers (after a poem by Amiri Baraki). Its activities and strategies influenced the Black Arts Movement and the Art Workers' Coalition, which took over and trashed the Museum of Modern Art. Abbie Hoffman described the group in its second manifestation, Up Against the WallMF, as "the middle-class nightmare....an anti-media media

phenomenon simply because their name could not be printed."--

John Fowles presents a remarkable translation of a nineteenth-century work that provided the seed for his acclaimed novel *The French Lieutenant's Woman* and that will astonish and haunt modern readers. Based on a true story, Claire de Duras's *Ourika* relates the experiences of a Senegalese girl who is rescued from slavery and raised by an aristocratic French family during the time of the French Revolution. Brought up in a household of learning and privilege, she is unaware of her difference until she overhears a conversation that suddenly makes her conscious of her race--and of the prejudice it arouses. From this point on, *Ourika* lives her life not as a French woman but as a black woman who feels "cut off from the entire human race." As the Reign of Terror threatens her and her adoptive family, *Ourika* struggles with her unusual position as an educated African woman in eighteenth-century Europe. A best-seller in the 1820s, *Ourika* captured the attention of Duras's peers, including Stendhal, and became the subject of four contemporary plays. The work represents a number of firsts: the first novel set in Europe to have a black heroine; the first French literary work narrated by a black female protagonist; and, as Fowles points out in the foreword to his translation, "the first serious attempt by a white novelist to enter a black mind."

This book is an examination of race,

Black African objects, identity, museums at the turn of the 19th century in the U.S. via the history of the earliest collectors of Black African objects in the U.S.. *Misrepresenting Black Africa in American Museums* explores black identity as a changing, nuanced concept. Focusing on racial history in the United States, this book examines two of the earliest collectors of Black African objects in the United States. First, there is a history of race and ideas of primitiveness is presented. Next, there is a discussion of western concepts of race. Then there is an examination of Karl Steckelmann, the first collector who is a united states citizen. After which there is a critical account of William H. Sheppard, the second collector who is also a black Presbyterian Minister from Virginia. Then a broader discussion of public appearances of Black African images in public. This is followed by a detailed look at museum formation and practices. Next, there is a theoretical discussion of identity and race, and finally, a look at the impact of historical practices that continue into the 21st century. This book will be of interest to scholars of race and racism, African visual culture, heritage and museum studies.

Joseph T. "Cap" Shaw enjoyed several distinguished careers—military man and champion fencer, among them—before he assumed the editorial chair of the most significant fiction magazine since *The Strand* gave the world the immortal Sherlock Holmes. Between 1926 and 1936, Shaw edited *Black Mask* magazine. The pioneering first stories of Carroll John Daly and Dashiell Hammett had just begun to appear in its pages. Shaw recognized in their hard-boiled treatment of the American crime story

the potential for a new literary school. Working closely with his hand-picked writers, he pulled the magazine back from the brink of cancellation, and transformed the staid detective story into a vigorous and modern genre, discovering and championing important inheritors of this new tradition, among them, Raymond Chandler. But there is more to Joe Shaw than his editorial career. Here, in the first biography ever written of this editorial giant, his son relates the full fascinating story of the man behind the revolutionary editorial persona....

The Black Mask writings of one of the great detective pulp writers are finally collected in book form. Author Norbert Davis broke in to the pages of the prestigious Black Mask magazine while still in college: sales which launched his influential pulp writing career. So influential that Davis' Black Mask story, "Red Goose," so impressed Raymond Chandler that he decided to submit his work to that magazine upon reading it. Known best for his Max Latin series of screwball detective stories, these earlier efforts for Black Mask in the mid-1930s were among those which editor Cap Shaw proudly purchased for that magazine. In addition to both stories of his series character, Ben Shaley, this collection also includes three other early Davis stories from Black Mask. Includes an all-new introduction by Norbert Davis aficionado Bob Byrne.
