A Corporate Professional is required to equip himself with regard to corporate compliances on day- to-day basis. There are number

of compliances which are required to be complied with depending on the event, whether it is incorporation / conversion / change, etc., not only from Company Law point of view but also from SEBI Regulations point of view (in case of a listed company). To assist the professional in this endeavour, this book is yet another attempt to provide all related procedures at one place along with the resolutions to make it handy and easy to use. The Book has been divided into two parts. Division-I contains Company Law Procedures of more than 115 events. Each procedure has been divided into following heads: - Applicable Section of the Companies Act, 2013 - Applicable Company Rule - Applicable Regulation in case of listed company - SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Synopsis (giving background of the section of the Companies Act, 2013) - Procedure (step by step, including various Government approvals and filing of Forms, etc.) - Compliance by a listed company in accordance with SEBI (LODR) Regulations, 2015 - Draft Board resolutions - Draft General Meeting resolutions (Special/Ordinary resolution) Division-II contains updated Company Rules as issued by the Ministry of Corporate Affairs from time to time and which are referred under various procedures of the Book.

Questions from the latest Examination Papers of various universities have been included in the revised edition of Income Tax Law And Practice Assessment At the end of each chapter, Short Answer, Objective Type, and Short Numerical Questions have been added with answers. A unique feature of the revised edition is that Section-wise Index has been incorporated.

Income Tax Law & Accounts A.Y 2020-21 Arihant Publications India limited

In this substantially revised and updated second edition, this work examines the intersection of EU law and international arbitration based on the experience of leading practitioners in both commercial and investment treaty arbitration law. It expertly illustrates the depth and breadth of EU law’s impact on party autonomy and on the margin of appreciation available to arbitral tribunals. This second edition covers all relevant new developments in law and practice, and tracks the ever-increasing influence of EU law and the jurisprudence of the Court of Justice of the EU (CJEU) in international arbitration.

Indirect Taxes Vision Books

“A propulsive narrative filled with boldfaced names from business and politics. At times, it is a dishy score settler.”—The New York Times For nine years, Rajat Gupta led McKinsey & Co.—the first foreign-born person to head the world’s most influential management consultancy. He was also the driving force behind major initiatives such as the Indian School of Business and the Public Health Foundation of India. A globally respected figure, he sat on the boards of distinguished philanthropic institutions such as the Gates Foundation and the Global Fund to Fight AIDS, Tuberculosis and Malaria, and corporations, including Goldman Sachs, American Airlines, and Procter & Gamble. In 2011, to the shock of the international business community, Gupta was arrested and charged with insider trading. Against the backdrop of public rage and recrimination that followed the financial crisis, he was found guilty and sentenced to two years in jail. Throughout his trial and imprisonment, Gupta has fought the charges and maintains his innocence to this day. In these pages, Gupta recalls his unlikely rise from orphan to immigrant to

international icon as well as his dramatic fall from grace. He writes movingly about his childhood losses, reflects on the challenges he faced as a student and young executive in the United States, and offers a rare inside glimpse into the elite and secretive culture of McKinsey, “the Firm.” And for the first time, he tells his side of the story in the scandal that destroyed his career and reputation. Candid, compelling, and poignant, Gupta’s memoir is much more than a courtroom drama; it is an extraordinary tale of human resilience and personal growth.

Indian Economy Sahitya Bhawan Publications

Written in a clear and objective manner, this revised edition provides comprehensive coverage of the Indian economy. With extensive references to original works, this account examines updated data and answers important financial questions. Japanese rice traders have successfully used candle signals to
 amass huge fortunes for nearly four centuries. Constantly refined
 and tested over time, candlestick signals are now being used the
 world over for trading all financial markets, including stocks,
 derivatives and currencies, etc. This book explains step-by-step
 how you can make money by trading the powerful and proven
 candlestick techniques. Here is how: ● Explanation of major
 candle signals; how to recognize them and use them effectively
 ● The underlying market psychology revealed by each candle
 formation ● How to combine candlestick signals with Western
 technical analysis to take advantage of high probability trades
 which generate explosive profits ● Stop loss settings for various
 candlestick signals for cutting losses. Master this and you will be
 way ahead of fellow traders ● How the use of candlesticks with
 technical analysis provides a simple mechanical trading system
 which eliminates emotional interference, panic and greed ● How
 to use candlestick charts for making money from longer term
 trading and investing ● PLUS: Proven, market-tested trading
 ideas tips and common mistakes to avoid based on the author's
 rich experience of trading stocks and options. This book will
 enable both new traders and experienced traders derive
 systematic and consistent profits from the market by adding
 candlestick charting to their trading arsenal. REVIEWS FOR THE

BOOK "Educative addition to the technical trader's shelf." — The
 Hindu Business Line "Clearly explains and reinforces the message
 of each candlestick pattern, pointing out other details that can
 help determine success or failure at each occurrence. The real
 life examples are manifold, well chosen and amplify the lessons
 being taught. Highly recommended reading for traders in all
 markets to discover ways of profiting from candlestick trading."
 — Alan Northcott "Sadekar's book not only manages to live upto
 the expectations but probably excels them. Sadekar attempts to
 keep things simple, and targets the beginner to intermediate
 level technician as his target audience. Each type of reversal,
 consolidation and continuation pattern is tackled in individual
 chapters and illustrated liberally with charts of Indian stocks. The
 author leaves ample strategies for the not so active trader, also
 combining Dow theory tools like trend lines, oscillators and
 moving averages with the oriental techniques. This gives the
 reader an immediate advantage of getting the best of both the
 worlds. While all chapters are interesting read, chapters 11 & 12
 are the highlights of the book as they lay out a simple but
 actionable game plan for a trader and investor. As if the overall
 package was not sweet enough, Sadekar has compiled a tear-
 away candlestick ready-reckoner at the end of the book to
 identify emerging patterns in real time. At its price, the book is a
 value buy. All in all, a must read book for every freshman candle
 sticks trader." — Vijay L. Bhambwani, Technical Analyst, CEO -

About the Book This book has been designed keeping in mind the needs of professionals who are preparing for the Independent Director's Online Proficiency Self-Assessment Test. The book would be immensely useful for the chartered accountants, company secretaries, lawyers and management professionals while undertaking the Independent Director's examination as it gives the updated provisions of different statutes and MCQs relevant for it. Contents Chapter 1: Companies Act, 2013 and relevant Rules (sections 3 to 246) Chapter 2: Secretarial Standards (SS-1 and SS-2) Chapter 3: Securities Laws and Regulations (covering SEBI Act, 1992; SEBI (LODR) Regulations, 2015; SEBI (ICDR) Regulations, 2018; Securities Contracts (Regulation) Act, 1956 and Depositories Act, 1996) Chapter 4:

Independent Director (covering entire day-to-day reference materials specially meant for the Independent Directors) Chapter 5: Corporate Governance & Strategy (covering corporate governance and board effectiveness matters) Chapter 6: Financial Accountancy (covering understanding about the Accounting Standards, Balance-Sheet, Profit & Loss Account, Cash Flow Statements, CARO-2020 and the Financial Ratios) Chapter 7: Case Laws (Includes 7 leading case studies)

Mind Without Fear Mytaxdost

The CA profession is a dizzy road with thorns for an ultimate bliss in life. The student has to undergo intensive coaching and learn many new concepts which are of divergent nature say it be accounts, audit, tax, costing, law etc., and particularly students at Final level feels it difficult to absorb as they have to undergo practical training and attend classes. On my interaction with many students at Final level, I came to know that they are very much in need of a simple indirect tax book covering all topics which helps them to revise and re||Wise|| the subject from time to time, during their idle time in travelling, waiting at ITO office etc., As a faculty, it is a herculean task for me to make things simple - to the point and at the same time ensuring that the essence of law in indirect tax is not missed. It took me a considerable amount of time and I sincerely thank the almighty and my family for enabling me to put enough efforts required to bring this novel concept into your hands. However, the detailed information may not be available in this book but I ensured that the crux required for appearing exams is covered. It is always advisable to read the main text and base this book as a revision exercise.

Publications

This book is an introduction to the Costing of CA Intermediate. An important aim of this book is to make the key concepts & issues that underlie students for better performance and understanding as well as to suggest ways in which the issues of costing might be dealt. While the book is created with the research into the ICAI Syllabus and Study Material, it is written and presented in a way that is student could understand it better. The book provides an overview of issues to consider in the Cost and Management Accounting as well as costing formulas and important notes. Each chapter discusses the implication of all costing techniques being discussed and provides practical question for readers to carry out their self-testing and encourage them to reflect on their own beliefs and the ICAI question papers and revision test paper for their betterment. Overview of the Book The book contain 13 Chapters and each chapter has contains brief theory about the things discussed in the book of ICAI and Practical Question of ICAI and Latest MTP and RTP provided by the ICAI including the Formulas and Examples in each chapter.

Introduction to the Constitution of India (A Diagrammatic and Tabular Presentation) Bloomsbury Publishing

1. This book comprises of full text of all Central Acts (CGST, IGST, UTGST, and GST Compensation to States) and their respective Rules, Notifications, Forms, Circulars and Orders related to GST.
2. This book contains Cross-referencing of relevant Notifications, Rules, Forms, Circulars and Orders (with description) with each section, and vice-versa.
3. It also contains all notifications (except rate notifications), circulars and orders duly indexed with description alongwith reference of relevant sections/rules.
4. This

cross referencing will help the readers to know the relevant related provisions at one place instead of going through the whole of lot of rules, notifications, circulars and orders.

5. This book contains notifications as originally issued as also the notifications as amended from time to time. Amendments, if any, in each notification is presented in form of a table above every notification along with brief gist of amendment which will help the readers to know the amendments in a single glance.
6. The Detailed Table of Contents relating to notifications (Part-2) and circulars/orders (Part-3) contains brief description of each notification/circular/order which will help the readers to easily locate the relevant notification/circular/order which he is searching for.
7. This book will be constantly and timely updated.

Flight of the Golden Geese Bloomsbury Publishing
Foreword by CA. (Dr.) Girish Ahuja Pages 359 (Edition 2021)
Specially designed for competitive exams and students of B.Com, M.Com, BBA, MBA, LLB, CA/CS/CMA and other specialised courses. The main features of this book which make it better than other books, are :-

1. All the topics have been presented in a tabular form (no paragraphs have been used) which make it easier to read and understand.
2. Diagrams for most of the topics have been given in this book. This makes it very easy for the students to understand and remember the contents.
3. All the concepts have been given pointwise which makes reading very fast and easy.
4. This book gives conceptual clarity of the law.
5. This book not only helps in scoring very good marks in exam, but also in using the law in practical world.

Taxmann's Guide to Indian Accounting Standards (Ind AS)-Based on IFRS Official Pronouncements(Set of 2

Volumes)(5th Edition August 2020) Prabhat Prakashan
 About the book Growth deterrents, such as fraud, bribery and corruption have the ability to cripple economies and place regions under undue anxiety and turmoil. Governments and corporate entities agree that fraud, bribery and corruption are bad for business and society, and that decisive steps need to be taken to mitigate them. Markets are never static. New risks constantly emerge, and the matters that regulators and the public consider as inappropriate or fraudulent are evolving. It is therefore critical at this juncture to implement adequate safeguards and measures to evaluate and address risks around fraud and corruption. The book intends to bring a real and relevant representation of the market challenges faced by organizations, including American companies while running business operations in India. The constant battle between corruption and anti-corruption is like a game of chess, with two opposing sides pitted against each other. Chess, which incidentally has its origin pinned down in India, seems to be an apt way to depict this continued conflict in corporate India.
