The aftermath of World War II sent thousands of Estonian refugees into Europe. The years of Estonian independence (1917-1940) had given them a taste of freedom and so relocation to displaced person (DP) camps in post-war Germany was extremely painful. One way in which Estonians dealt with the chaos and trauma of WWII and its aftermath was through choral singing. Just as song festivals helped establish national identity in 1869, song festivals promoted cultural cohesiveness for Estonians in WWII displaced person camps. A key turning point in hope for the Estonian DPs was the 1947 Augsburg Song Festival, which is the center point of this book. As Estonian DPs dispersed to Australia, Canada, Europe, and the United States these choirs and song festivals gave Estonians the resilience to retain their identity and to thrive in their new homes. This history of Estonian WWII DP camp choirs and song festivals is gathered from the stories of many courageous individuals and filled with the tenacious spirit of the Estonian singing culture. This work contributes to an understanding of immigration, identity, and resilience and is particularly important within the field of music regarding music and healing, music and identity, historical musicology, ethnomusicology, and music and politics.

Stalin's Singing Spy follows the remarkable life of Nadezhda Plevitskaya, a Russian peasant girl who achieved fame as one of Tsar Nicholas II's favorite singers and infamy as one of Stalin's agents. Pamela A. Jordan traces Plevitskaya's life from her childhood in an isolated village to national stardom. She always declared that she was foremost an artist who sang for all people, regardless of their ideological leanings or socioeconomic background. She claimed throughout her career to be fundamentally apolitical, yet decades later in Europe, Plevitskaya was unmasked as one of Joseph Stalin's secret agents along with her husband, White Russian General Nikolai Skoblin. Their experiences in exile shed light on Stalin's covert operations and the hardships Russian émigrés faced in interwar Europe, an era of great political and economic turmoil. In addition, this book uncovers the roles that the couple played in one of the Soviets' major intelligence coups—the 1937 kidnapping of White Russian General Evgeny Miller in Paris. Jordan recreates Plevitskaya's sensationalized 1938 criminal trial in the Palace of Justice, where she was accused of conspiring to kidnap Miller and portrayed as a Red femme fatale. The first Western biography of Plevitskaya and the first to reconstruct her dramatic trial, this book provides a fascinating window into Soviet-era espionage in interwar Europe.

... The poems in this collection, consequently, speak the immortal language of confusion, betrayal, anger, hate, and despair, in relation to Cameroon and the world at large, yet there is room for true love, and forgiveness. It is true that in an increasingly unstable nation and a world that seems to have lost its head, the works of writers, such as the poets here assembled, must engage in a most powerful manner the goals and ethos of the entire human race. These then are poems by poets who are desperate yet practically involved in an individual but equally collective effort to trigger positive change throughout their national territory and wherever the wailing voices of mankind suffering under the yoke of oppression, disillusionment, and despair can be heard. Consequently, these are poems shaped by the poets' experiences

and those of their societies as a whole. These poets mean their poems to reshape the cosmos, to shatter especially government sponsored illusions by making concrete the reality which has, until of recent, only been a mirage to the common man; hence, the socio-cultural nature of the contextual definition of this volume. The Daily Reader's Bible offers the promise of reading the entire Bible in one year. But rather than providing a canonical progression through the Old Testament, the New Testament, Psalms and Proverbs, each day's reading includes three passages - one selected from the Stories of the Bible, another from the Teachings of the Bible, and the final passage selected from the Wisdom of the Bible. The three readings for each day flow from the day's theme. This thematic approach to devotional Bible reading helps the reader understand how all the genres of Scripture fit together to convey God's truth. The innovative interior design gives the reader visual cues for which of the three Scripture types they are reading through layout and font selection. The Story is presented in a three-column format in sans-serif font. The Teachings are presented in a two-column setting in a serif font. Wisdom is presented in a one-column setting to preserve the feel of the poetic passages. See the beautiful thematic connections of God's story throughout the new Daily Reader's Bible. For the first time, you can discover these links as part of your daily devotional and Bible reading. In this landmark narrative history of Chicago during the Civil War, Theodore J. Karamanski examines the people and events that formed this critical period in the city's history. Using diaries, letters, and newspapers that survived the Great Fire of 1871, he shows how Chicagoans' opinions evolved from a romantic and patriotic view of the war to recognition of the conflict's brutality. Located a safe distance behind the battle lines and accessible to the armies via rail and waterways, the city's economy grew feverishly while increasing population strained Chicago's social fabric. From the great Republican convention of 1860 in the "Wigwam," to the dismal life of Confederate prisoners in Camp Douglas on the South Side of Chicago, Rally 'Round the Flag paints a vivid picture of the Midwest city vigorously involved in the national conflict.

Important insight into the work of a truly great songwriter. Updated to include the albums Western Stars and Letter To You and packed full of insightful stories from Springsteen's long career, Bruce Springsteen: The Stories Behind the Songs takes a detailed look at each and every one of his tracks, providing a unique look at this rock legend's method, as well as some of the many anecdotes and tales that are prolific in his long music history. The legend of Bruce Springsteen may well outlast rock 'n' roll itself. And for all the muscle and magic of his life-shaking concerts with the E Street Band, it comes down to the songs - music that helped define the best version of the United States for itself and the rest of the world; that bridged the gap between Bob Dylan and James Brown, between Phil Spector and Hank Williams; and that somehow managed to make New Jersey seem like a

promised land. Deeply researched, laced with insight from decades of fandom and original reporting, this book is an exhaustive and unique look at the writing, recording and significance of Springsteen's singular catalog of songs - the first book to cover every officially released track, from hits to obscurities, from 1974's Greetings From Asbury Park, N.J. to 2014's High Hopes.

In What a Difference a Day Makes: Women Who Conquered 1950s Music, Steve Bergsman highlights the Black female artists of the 1950s, a time that predated the chart-topping girl groups of the early 1960s. Many of the singers of this era became wildly famous and respected, and even made it into the Rock 'n' Roll Hall of Fame. However, there were many others, such as Margie Day, Helen Humes, Nellie Lutcher, Jewel King, and Savannah Churchill, who made one or two great records in the 1950s and then disappeared from the scene. The era featured former jazz and blues singers, who first came to prominence in the 1940s, and others who pioneered early forms of rock 'n' roll. In a companion volume, Bergsman has written the history of white women singers of the same era. Although song styles were parallel, the careers of Black and white female singers of the period ran in very different directions as the decade progressed. The songs of African American vocalists like Dinah Washington and Etta James were segregated to the R&B charts or covered by pop singers in the early and mid-1950s but burst into prominence in the last part of the decade and well into the 1960s. White singers, on the other hand, excelled in the early 1950s but saw their careers decline with the advent of rock music. In this volume, Bergsman takes an encyclopedic look at both the renowned and the sadly faded stars of the 1950s, placing them and their music back in the spotlight. *Rally 'round the Flag* BoD - Books on Demand

'A must-read for anyone moved by the power of song' - Lesley Garrett, CBE Singing has always been there for us, at the root of what it is to be a human being. Through personal anecdote and

scientific fact-finding, this book celebrates the way song inspires and heals us, from the cradle to the grave, and in the process does for singing what *The Well-Gardened Mind* did for nature, and what *Why We Eat* did for our diets. As a singing therapist, teacher and performer, Julia Hollander is in a unique position to consider singing's importance to our wellbeing, charting its extraordinary influence on all aspects of our spiritual, emotional and physical lives. Why do parents feel compelled to sing to their newborns, and how does it help their development? What is it about song that brings communities together in harmony but also in protest? How come an activity that helps to embed languages and maths formulae can also be used to rehabilitate Long Covid sufferers? And what magic is at work when people who have lost the power to speak are still able to sing? By delving into her own life experiences, and calling on those of her fellow singers, the author seeks to answer these questions, underpinning her findings with the latest scientific research. In so many walks of life, people of all ages and backgrounds are waking up to the joys of singing, its power to give hope and connection in a fragmented world. Song-making is available in an increasingly broad range of social and therapeutic contexts, prescribed by doctors and community services. This book offers explanations for why this should be, and inspiration to anyone who loves to sing.

Focus: *Choral Music in Global Perspective* introduces the little-known traditions and repertoires of the world's choral diversity, from prison choirs in Thailand and gay and lesbian choruses of the Western world to community choruses in the Middle East and youth choirs in the United States. The book weaves together the stories of diverse individuals and organizations, examining their music and pedagogical practices while presenting the author's research on how choral cultures around the world interact with societies and transform the lives of their members. Through an engaging series of portraits that pushes beyond the scope of extant texts and studies, the author explores the dynamic realm of world choral activity and repertoire. These personal portraits of musical communities are enriched by sample repertoire lists, performance details, and research findings that reposition a once Western phenomenon as a global concept. Focus: *Choral Music in Global Perspective* is an accessible, engaging, and provocative study of one of the world's most ubiquitous and socially significant forms of music-making.
