*Song of the Season* Wisconsin Historical Society

The Crow Tree is the first in the Magical Midland Forest series of contemporary novels for young adult readers. It's set in a mysterious forest with talking animals and a secret passage to another time and in a tense and fractured American town next door. The story is told by a ninth grader named Marcus. He and his marching band friends usually stay to themselves. But with loggers clear-cutting the forest, Marcus is losing his only place of refuge from his parents' divorce and his struggles at school. Now a new virus has appeared, and the few Black students at Midland High are being blamed for it. Marcus and his friends join forces with a pair of talking crows and a stranger from another time to try to save their friends, the forest, and the school. A kind of cross between *Stand by Me* (Stephen King) and *Lord of the Flies*, this coming-of-age novel is set against life in America today--bullying, racial tensions, rising heat, and polarized adults--seen through the eyes of our young narrator. *My Heart Sings* Bloomsbury Publishing USA

This reference guide to the life and work of the prolific American wind band composer, Alfred Reed, includes a brief biography followed by detailed bibliography and discography sections. The biography traces Reed's life and those experiences that helped to shape his music and philosophies. Attention is given to Reed's popularity with and influences upon bands throughout the world and especially in Japan. A complete listing of Reed's more than 250 works and premiers are categorized by genre. The extensive discography section cites more than 400 recordings,

and the bibliography section includes the many writings by and about Reed. This unique reference will appeal to music scholars and band directors with an interest in Alfred Reed and in wind band music. As a useful research tool, each section of the volume is cross-referenced. Additionally, two appendices list Reed's compositions, one alphabetically and the other chronologically.

*Jazz and Blues - Play-Along Solos for Clarinet Book/Online Audio* FriesenPress (Piano/Vocal/Guitar Songbook). A once-in-a-lifetime collection of 88 of the greatest jazz songs ever compiled into one volume. Alfred Reed Simon and Schuster (Easy Instrumental Duets). 22 showstoppers in easy duet arrangements for two instrumentalists are featured in this collection, including: Any Dream Will Do \* Bring Him Home \* Cabaret \* Edelweiss \* For Forever \* Hello, Dolly! \* I Believe \* Memory \* One \* Popular \* Seasons of Love \* Seventy Six Trombones \* Tomorrow \* Where Is Love? \* You've Got a Friend \* and more.

Arrangements work for two clarinets or can also be used with the other woodwind or brass titles from this series.

**Billboard** Bloomsbury Publishing USA Bound Away: Volume One By: LCDR John W. Hedegor, U.S. Navy (ret'd) In John Hedegor's sci-fi series, the first volume tells of Drew's journey to another world, another time. After seeking shelter in a barn from a storm, Drew wakes up to realize that although it is the same barn

he went to sleep in, everything else has changed drastically. In *Bound Away*, where science is true, Drew cannot return home until he has fulfilled his mission.

The Crow Tree Hal Leonard

(Instrumental Folio). This jam-packed collection features 130 hits from the past and present, across a variety of genres such as rock, country and folk. Popular songs include: Bennie and the Jets \* Can You Feel the Love Tonight \* Good Vibrations \* I Hope You Dance \* In the Mood \* La Bamba \* Let It Be \* A Moment like This \* My Favorite Things \* Y.M.C.A. \* and scores more!

The Instrumentalist Addison-Wesley Longman

A literary legend's engaging review of his career, stressing the work he never completed, and why. Over seven decades, John McPhee has set a standard for literary nonfiction. Assaying mountain ranges, bark canoes, experimental aircraft, the Swiss Army, geophysical hot spots, ocean shipping, shad fishing, dissident art in the Soviet Union, and an even wider variety of other subjects, he has consistently written narrative pieces of immaculate design. In *Tabula Rasa, Volume 1*, McPhee looks back at his career from the vantage point of his desk drawer, reflecting wryly upon projects he once planned to do but never got around to—people to profile, regions he meant to portray. There are so many examples that he plans to go on writing these vignettes, an ideal project for an old man, he says, and a "reminiscent montage" from a writing life. This first volume includes, among other things, glimpses of a frosty encounter with Thornton Wilder, interrogative dinners with Henry Luce, the allure of western Spain, criteria in writing about science,

fireworks over the East River as seen from Malcolm Forbes's yacht, the evolving inclinations of the Tower of Pisa, the islands among the river deltas of central California, teaching in a pandemic, and persuading *The New Yorker* to publish an entire book on oranges. The result is a fresh survey of McPhee's singular planet.

"Annie Choi wants to tell you a few things: She hates musical theater. She thinks sandwiches are boring. She likes camping, except for the outdoors part. She daydreams about cannibalism. At fifteen, her father made her read the entire car manual before allowing her to sit in the driver's seat. And she once chased down a man who stole her handbag ..."--

**Billboard** Minotaur Books

Straight talk from up on the farm Raised on a small dairy farm in the Driftless Area in the mid-twentieth century, Gary Jones gets real about his rural roots. In this collection of interrelated stories, Jones writes with plainspoken warmth and irreverence about farm, family, and folks on the ridge. Readers will meet Gramp Jones, whose oversized overalls saved him from losing a chunk of flesh to an irate sow; the young one-room-school teacher who helped the kids make sled jumps at recess; Charlotte, the lawn-mowing sheep who once ended up in the living room; Victor the pig-cutter, who learned his trade from folk tradition rather than vet school; and other colorful characters of the ridge. Often humorous and occasionally touching, Jones's essays paint a vivid picture that will entertain city and country folk alike.

*Teaching Music Through Performance in Band* Farrar, Straus and Giroux

(Instrumental Play-Along). 14 songs for clarinet, complete with online play-along tracks. Includes: Bernie's Tune \* Cry Me a River \* Fever \* Fly Me to the Moon \* God Bless' the Child \* Harlem Nocturne \* Moonglow \* A Night in Tunisia \* One Note Samba \* Opus One \* Satin Doll \* Slightly Out of Tune (Desafinado) \* Take the "A" Train \* Yardbird Suite.

*Broadway Songs for Two Trombones - Easy Instrumental Duets* Hal Leonard

What links the popular songs "You'll Never Walk Alone", "Send in the Clowns", "Memory" and "I Am What I Am"? They all originated in Broadway musicals. Song of the Season is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built. Through a systematic historical survey

from 1891 to 2023 it argues that the best musicals survive because of their songs, from early 20th century classics such as *Show Boat* and *Oklahoma!* through to the contemporary sound of *Dear Evan Hansen* and *Hamilton*. Looking at outstanding songs from each Broadway season, the development and history of the musical is illustrated with a fresh perspective. As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz, rock, rap and hip-hop. Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John. *Song of the Season* paints a fresh picture for musical theatre students and fans alike, illustrating significant changes in the form through the music. Analyzed in an accessible and engaging way that doesn't rely on music theory knowledge, and including a link to playlist where all the 'songs of the seasons' can be listened to, it is a must-have for those looking to expand their knowledge of the form and trace the social history of the American showtune. [Ridge Stories](#) Xlibris Corporation

At the end of WWII, themes in music shifted from soldiers' experiences at war to coming home, marrying their sweethearts, and returning to civilian life. The music itself also shifted, with crooners such as Bing Crosby and Frank Sinatra replacing the Big Bands of years past. Country music, jazz, and gospel continued to evolve, and rhythm and blues and the new rock and roll were also popular during this time. Music is not created without being influenced by

the political events and societal changes of its time, and the Music of the Postwar Era is no exception. \*includes combined musical charts for the years 1945-1959 \*approximately 20 black and white images of the singers and musicians who represent the era's music

*Clavier* Oxford University Press  
Recordings of works composed for band and suitable for grades 2-5.

*The Cruel Ever After* Hal Leonard Corporation

We are what we listen to. That's the premise of this study of 100 songs that have shaped and defined the American experience, from the Colonial period to the present. Well-known music author James Perone looks at 100 songs that helped tell America's story. He examines why each song became a hit, what cultural and social values it embodies, what issues it touches upon, what audiences it attracted, and what made it such a definitive part of American history and popular culture. The chart-topping singles presented here crossed gender, age, race, and class lines to appeal to the mass American audience. The book discusses patriotic songs, minstrel music, and sacred songs and hymns as well as music in the broad categories of pop, rock, hip hop, jazz, country, and folk. An introduction provides an overview of the history and significant issues raised by the songs as a whole. Individual songs are then presented chronologically, based on when they were written. The revealing commentary for each "hit" is not only interesting and fun, but reveals what it was like to live in the United States at a particular time by unveiling the social, economic, and political issues—as well as the musical tastes—that made life what it was.
