Imagine Having Complete
Financial Freedom... How
does that feel? To achieve
complete financial
freedom, it's one simple
formula. Passive Income
> Expenses. However,
have you ever heard of
the phrase "Passive
Income" in school? No,
right? We did not fail
school... ... school failed
us. If you've ever found
yourself having too much
money at the end of the
month, this book is for
you. If you want to be
good in math, study math.
If you want to be rich,
study money. Learn to be
on the 'right' side of the
cashflow quadrant or
you'll be 'left' out. *pun

Tax-Free Wealth is about
tax planning concepts. It's
about how to use your
country's tax laws to your
benefit. In this book, Tom
Wheelwright will tell you
how the tax laws work.
And how they are
designed to reduce your
taxes, not to increase
your taxes. Once you
understand this basic
principle, you no longer
need to be afraid of the
tax laws. They are there
to help you and your
business—not to hinder
you. Once you understand
the basic principles of tax
reduction, you can begin,
immediately, reducing
your taxes. Eventually,
you may even be able to
legally eliminate your
income taxes and
drastically reduce your

other taxes. Once you do that, you can live a life of Tax-Free Wealth.

He was born a congenital amputee, his arms ending at his elbows and his legs at his knees. But that didn't stop Kyle Maynard from becoming a champion, on the wrestling mat and in his life. No Excuses is the inspiring story of Kyle's battle against the odds. You'll learn about the family who supported him, the coach who trained him, and the faith that strengthened him to face the toughest fights.

In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe.

The response so far has been totally fantastic. Millions and millions of readers have flocked to the website (www.conspiracyoftherich.com) to read what Robert has to say about the recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final tradepaper version. *Rich Dad's Success Stories* RDA Press, LLC Taking to heart the message that the poor and middle class work for money, but the rich have money work for them, the authors lay out a financial philosophy based on the principle that income-generating assets always provide healthier bottom-line results.

* Our summary is short, simple and pragmatic. It

allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover how to achieve true financial freedom. You will also discover : how to situate yourself in the cash flow quadrant; the differences between security and financial freedom; how to analyze business systems; how to identify different types of investors; the royal road to prosper and become a successful investor. The majority of the population derives its income from salaried employment, independent professions or the operation of a small business. This is usually enough to give you a sense of financial security. However, financial security is often illusory and is created through a lifetime of hard work. To prosper, your main goal should therefore be to achieve financial freedom. To do so, you will need to develop your economic intelligence and learn how to make your assets work for you. The ABCs of Real Estate Investing RDA Press, LLC Summary of Cash Flow Quadrant You can never have true freedom without financial freedom. Freedom may be free, but it has a price. Preface: What is Your Life's Goal? Finding your path in life is your goal in life. Your path is not your profession, how much money you make, your title, or your successes and failures. Finding your path means finding out what you were put here on this earth to do. What is your life's purpose? Why were you given this gift called life? And what is the gift you give back to life? Most people are programmed early in life to "Go to school and get a job." School is about finding a job in the E or S quadrant. It is not about finding your life's path. Trust your intuition, heart and have

guts. Education is a process. To develop into a whole human being, we need mental, physical, emotional, and spiritual education. Traditional schools were primarily about developing students mentally. That is why so many students who do well in school, do not do well in real life, especially in the world of money. School programs students to be an employee in the E or S quadrant. Traditional education is not the place for a person who wants to be an entrepreneur in the B and I quadrants. Become an entrepreneur in education. It seems that our paths in life are not found in our minds. Our path in life is to find out what is in our hearts. The shortcoming of traditional education. Millions of people leave school, only to be trapped in jobs they do not like. They know something is missing in life. Many people are also trapped financially, earning just enough to survive, wanting to earn more but not knowing what to do. Without awareness of the other quadrants, many people go back to school and look for new professions or pay raises in the E or S quadrant, unaware of the world of

the B and I quadrants. Most addictions are attempts to find happiness in people's souls. Many "A" students get stuck in "analysis paralysis," studying every little detail, but failing to do anything. This "analysis paralysis" is caused by our educational system punishing students for making mistakes. If you think about it, "A" students are "A" students simply because they made the fewest mistakes. The problem with that emotional psychosis is that, in the real world, people who take action are the ones who make the most mistakes and learn from them to win in the game of life. The reason so many people fail to achieve success is because they fail to fail enough times. One of the reasons so many people cling to job security is because they lack emotional education. They let fear stop them. Here is a Preview of What You Will Get: - A Full Book Summary - An Analysis - Fun quizzes - Quiz Answers - Etc Get a copy of this summary and learn about the book.

SAGE
CASHFLOW® Quadrant, der zweite Teil des

Bestsellers "Rich Dad Poor Dad" von Robert T. Kiyosaki, deckt auf, warum manche Menschen weniger arbeiten, mehr Geld verdienen, weniger Steuern zahlen und sich finanziell sicherer fühlen als andere. Bill Gates, Steve Jobs und Richard Branson haben die Schule ohne Abschluss verlassen und haben dennoch extrem erfolgreiche Unternehmen aufgebaut, für die viele der intelligentesten Absolventen der Universitäten arbeiten wollen. Statt, wie die meisten Angestellten, nur von einem Job zum nächsten zu wechseln, rät Robert T. Kiyosaki, die finanzielle Unabhängigkeit zu suchen und Geld für sich arbeiten zu lassen – als Investor. Dieses Buch beantwortet die wichtigsten Fragen zur finanziellen Freiheit und hilft dabei, in einer Welt des immer stärkeren Wandels tiefgreifende berufliche und finanzielle Veränderungen vorzunehmen.

It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller Rich Dad Poor Dad -- the #1 Personal Finance book of all time -- and in Why the Rich Are Getting Richer, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out

why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financially education is... really."
