KAILEY MOONEY

Jesus Christ in Modern Thought Traditio
"The Summa Theologica is the best-known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted (immediately after the Bible) on religious questions at the Council of Trent, Aquinas's masterpiece has been

considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine covering the roles and nature of God, man, and Jesus, then lays out objections to Church teachings and systematically confronts each, using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume II, Aquinas addresses: happiness good and evil love and hatred hope and despair anger virtue sin and grace and much more. This massive work of scholarship, spanning five volumes,

addresses just about every possible query or argument that any believer or atheist could have, and remains essential, more than seven hundred years after it was written, for clergy, religious historians, and serious students of Catholic thought."

Hans Urs Von Balthasar Orbis Books
The Republic, a pioneering work of political philosophy, is a dialogue that does not feature Plato directly as at the heart is Socrates - his teacher. Even though the conversations between Socrates and Athenians as well as foreigners take place thousands of years ago, the questions

Plato addresses in the volume are far from archaic.

Epilogue Burns & Oates

The second edition of this classic has been revised and its language made more gender-inclusive.

The Living and True God Ignatius Press

Man has long wrestled with the problem of finding meaning in history. It is not surprising that, as a Christian, Hans Urs von Balthasar finds the meaning of history in Christ, its center and Lord. What may surprise and stimulate us is the theological mastery with which von Balthasar traces the effects of Christ's lordship upon the daily life of the Christian. In this book we have one of the indispensable sources for understanding Balthasar's Catholic Christocentrism. Here we find elaboration of the striking statement that Jesus Christ is "the Idea made concrete, personal, historical: universale concretum et personale" which means that Christ is the universally valid in the here and now. Characteristic of von Balthasar, the book inspires spiritually as much as it informs theologically. Von Balthasar follows Saint Irenaeus in viewing theology through the drama of history, and presents Jesus Christ

as the norm by which all history?secular history as well as salvation history?ought to be interpreted. As God, Jesus is the universal norm for all humanity who stands outside of history; as man he became particular within history. By seeking to become one with him, our own history becomes meaningful, purposeful, and significant.

A Theology of History Penguin UK

Two of the world's great contemporary thinkers--theologian and churchman Joseph Ratzinger, now Pope Benedict XVI, and Jrgen Habermas, philosopher and Neo-Marxist social critic--discuss and debate aspects of secularization, and the role of reason and religion in a free society. These insightful essays are the result of a remarkable dialogue between the two men, sponsored by the Catholic Academy of Bavaria, a little over a year before Joseph Ratzinger was elected pope. Signposts in a Strange Land Ignatius Press N.T. Wright takes us on a fascinating journey through ancient beliefs about life after death, from the shadowy figures who inhabit Homer's Hades, through Plato's hope for a blessed immortality, to the first century, where the Greek and Roman

world (apart from the Jews) consistently denied any possibility of resurrection. We then examine ancient Jewish beliefs on the same subject, from the Bible to the Dead Sea Scrolls and beyond. This sets the scene for a full-scale examination of early Christian beliefs about resurrection in general and that of Jesus in particular, beginning with Paul and working through to the start of the third century. Wright looks at all the evidence, and asks: Why did the Christians agree with Jewish resurrection belief while introducing into it - across the board - significant modifications? To answer this question we come to the strange and evocative Easter stories in the gospels and asks whether they can have been late inventions. Wright seeks the best historical conclusions about the empty tomb and the belief that Jesus really did rise bodily from the dead, recognizing that it was this belief that caused early Christians to call Jesus 'Son of God'. In doing so, they posed a political challenge as well as a theological one. These challenges retain their power in the twenty-first century.

Truth Is Symphonic InterVarsity Press

With an all-new introduction by the author,

N. T. Wright's classic work helps us grow in our understanding of the historical Jesus within first-century Palestine while challenging us to follow Jesus more faithfully into the postmodern world of the twenty-first century.

The Historical Figure of Jesus Ignatius Press

Publisher's description: Hans Urs von Balthasar (1905-1988) is one of the most prolific, creative and wide-ranging theologians of the twentieth century who is just now coming to prominence. But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion, about the uniqueness of Christ as savior of a pluralistic world, and because he draws so many of his resources for his theology from literature, drama, and philosophy, Balthasar has never been an easily-categorized theologian. He is neither liberal nor conservative, neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought. For that reason, this Companion is singularly welcome bringing together a wide range of theologians both

to outline and to assess the work of someone whom history will surely rank someday with Origen, John Calvin, and Karl Barth.

The Challenge of Jesus Wm. B. Eerdmans Publishing

A positive restatement of the essentials of prayer in the context of modern thought and modern conditions of life.

Summa Theologiae Ediciones Encuentro, S.A.

The new and revolutionizing ideas which the early Greek thinkers developed about the nature of the universe had a direct impact upon their conception of what they called, in a new sense, 'God' or 'the Divine.' The history of the philosophical theology of the Greeks is thus the history of their rational approach to the nature of reality itself in its successive phases. The late Professor Jaeger's classic book traces this development from the first intimations in Hesiod of the theology that was to come, through the heroic age of Greek cosmological thought, down to the time of the Sophists of the fifth century B.C.

Love & Eroticism Legend Press Ltd
Dios, Cristo y el hombre son los tres personajes fundamentales que entran en

juego en el cristianismo y de manera especial en el objeto central de la cristología. El libro quiere dar razón de los tres en esta aproximación al misterio cristiano desde la categoría de gloria y desde una perspectiva cristológico-trinitaria.

The Republic (Hero Classics) Oxford University Press

This is a New Revised Edition in which the Author explains how the Trinity (one God in three persons, Father, Son, and Holy Spirit) is the central mystery of the Christian faith that enlightens all other mysteries of the faith. An understanding of the Trinity is essential for the protection and defense of the divine/human person of Jesus Christ and his saving work. This book documents the historical development of the doctrine of the Trinity and its significance for the Christian faith. In a broad and systematic way, Ladaria traces the debates within the early Christian church as the concept of the Trinity developed. He also reflects on the great masters of church tradition concerning their understanding of the Trinity and is in dialogue with various contemporary theologians on this subject. This book has

been written especially for theological students and professors as an aid in grasping the Trinitarian formulation both historically and theologically and to assist in deepening their faith and reflection in the mystery of God.

Love Alone Is Credible David Philip Publishers

This is perhaps the best and most comprehensive book on prayer ever written. From the persons of the Trinity through the Incarnation to the Church and the very structure of the human person, this book is a powerful synthesis of what prayer is and how to pray. The testament of a great theologian on something which is most personal and interior, contemplative prayer.

The Vatican in the Family of Nations Ignatius Press

This is the introduction to the second part of the trilogy which is von Balthasar's major work. The Glory of the Lord approaches revelation from the standpoint of the beautiful. The final part of the trilogy, the Theo-Logic, will treat Christian revelation from the standpoint of the true. In this first volume von Balthasar shows how many of the trends of modern

theology (e.g. ÒeventÓ, ÒhistoryÓ, ÒorthodoxyÓ, ÒdialogueÓ, Òpolitical theologyÓ) point to an understanding of human and cosmic reality as a divine drama. He will then consider objections to such a theological dramatic theory and also the relationship between the Church and the theatre. This volume assembles the materials and the themes that will make it possible in subsequent volumes to develop this theological dramatic theory. "Émeeting Balthasar was for me the beginning of a lifelong friendship I can only be thankful for. Never again have I found anyone with such a comprehensive theological and humanistic education as Balthasar and de Lubac, and I cannot even begin to say how much I owe to my encounter with them." ÑJoseph Ratzinger (Pope Benedict XVI) É

Theology Today Ignatius Press

This volume by Angelo Scola, a longtime friend of Balthasar and a leading scholar of his work, provides the most penetrating introduction to the vast writings of the great Catholic theologian available anywhere. Scola beautifully captures Balthasar's "theological style" and offers a reading of Balthasar that passes through

the most important phases of his writings: theological, philosophical, and artistic. Intended to serve as an examination of the "form" of Balthasar's philosophical and theological approach rather than as a detailed overview of his themes and theses, this study will be an invaluable aid to students and scholars seeking to understand the complex body of Balthasar's work. FROM THE CRITICS "Balthasar's thought is complex, and Angelo Scola gives us a helpful guide." - New Oxford Review "An invaluable introduction to the theological style which permeates Balthasar's writings.... A "must" for the serious student of Balthasar, Scola's text represents an invaluable addition to college and university libraries." - Catholic Library World **Summa Theologica, Volume 2 (Part II, First Section)** Cosimo, Inc.

The Suffering of the Impassible God provides a major reconsideration of the issue of divine suffering and divine emotions in the early Church Fathers. Patristic writers are commonly criticized for falling prey to Hellenistic philosophy and uncritically accepting the claim that God cannot suffer or feel emotions.

Gavrilyuk shows that this view represents a misreading of evidence. In contrast, he construes the development of patristic thought as a series of dialectical turning points taken to safeguard the paradox of God's voluntary and salvific suffering in the Incarnation.

The Gospel According to John (I-XII)

Wipf and Stock Publishers

In *Man Before God*, the mystic Adrienne von Speyr offers her reflections on this personal encounter with the God who is eternal love. Acknowledging the limitations of man in the face of the boundlessness of God, she considers both the various ways God continues to speak to man-through his Word in Scripture, through his Son in the

sacraments, though saints and neighbors-as well as the necessity for man to respond. Through her guidance, we come to see every circumstance as an invitation to encounter and worship God. From this perspective she explores with clarity and simplicity such topics as: the meaning of prayer and contemplation living in the Word the relationship between discipleship and Eucharist the place of Mary and the Church the meaning of work and the religious life, joy and truth, knowledge and darkness

Hans Urs Von Balthasar Wm. B.

Eerdmans Publishing

A meditation on Christ's love for his Bride, the Church.

Theo-Drama: Theological Dramatic Theory,

Vol. 1 Ignatius Press

Comprehensively detailing the sources for our knowledge of Jesus, Theissen and Merz fully explore the historical and social context of Jesus and his activity. They then unfold what we can know about Jesus' characteristics as a charismatic teacher, a Jewish prophet, a healer, a teller of parables and an ethical teacher. Finally, they examine closely the historical question surrounding Jesus' last supper, his violent death, the accounts of Easter, and the beginnings of Christology.

The Way of the Cross SPCK

This book analyzes new developments in human rights, intellectual property, disarmament, and migration from a perspective rooted in Vatican tradition.
