The dictionary focuses primarily on the 19th and 20th centuries, stressing topics of most interest to Westerners. What emerges is a highly informative look at the religious, political, and social spheres of the modern Islamic world. Naturally, readers will find many entries on topics of intense current interest, such as terrorism and the Taliban, Osama bin Laden and al-Qaida, the PLO and HAMAS. But the coverage goes well beyond recent headlines. There are biographical profiles, ranging from Naguib Mahfouz (the Nobel Prize winner from Egypt) to Malcolm X, including political leaders, influential thinkers, poets, scientists, and writers. Other entries cover major political movements, militant groups, and religious sects as well as terms from Islamic law, culture, and religion, key historical events, and important landmarks (such as Mecca and Medina). A series of entries looks at Islam in individual nations, such as Afghanistan, the West Bank and Gaza, Bosnia-Herzegovina, and the United States, and the

L'escole des filles by active 1655 Michel Millot We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original

works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

The New Encyclopedia of Islam Open Road + Grove/Atlantic

The European Union would be built by going beyond identities. They must be fit, with a shoehorn if necessary, into a “bigger Europe.” And this, “in the interest of the peoples.” This ever so wellintentioned vision has dominated the political scene for decades. For more than twenty years, the construction of Europe has though run up against growing resistance, passive and active. A resistance notably expressed in various referendums, culminating in June 2016 with Brexit, the symptom of an ailment that is not only British and that some have not wished to recognize. The elite have arrogantly charged the British vote as populist, racist, etc. However, to save Europe, must they not make up their minds to hear the rumbling anger and at last accept a reconciliation with the people. This brief essay develops innovative avenues and powerful proposals to get Europe out of the maze it's in.

L' Escole Des Filles Springer

Though capable of staging spectacular attacks like 9/11, jihadist organizations were not a significant force on the ground when they first became notorious in the shape of al-Qa'ida at the turn of century. //Today, that's changed. Exploiting the missteps of the West's wars in Afghanistan, Iraq and Libya, as well as its misjudgments in relation to Syria and the uprisings of the Arab Spring, jihadist organizations, of which ISIS is the most important, are swiftly expanding. They now control a geographical territory greater in size than Britain or Michigan, stretching from the Sunni heartlands in the north and west of Iraq through a broad swath of north-east Syria. On the back of their capture of Mosul and much of northern Iraq in June 2014, the

leader of ISIS, Abu Bakr al-Baghdadi, has been declared the head of a new caliphate that demands the allegiance of all Muslims. The secular, democratic politics that were supposedly at the fore of the Arab Spring have been buried by the return of the jihadist writing with customary calmness and clarity, and drawing on unrivaled experience as a reporter in the region, Cockburn analyzes the unfolding of one of the West's greatest foreign policy debacles and the rise of the new jihadis.//Patrick Cockburn is currently a Middle East correspondent for the Independent. His book on Iraq's recent history, *The Occupation: War and Resistance in Iraq*, was a finalist for the National Book Critics' Circle Awards. He won the Martha Gellhorn Prize in 2005, the James Cameron Prize in 2006, and the Orwell Prize for Journalism in 2009. He was named Foreign Commentator of the Year by the Comment Awards in 2013.

"Mark Hamm is, without doubt, the world's leading expert on prison radicalization. Based on decades of research, this book presents a nuanced and sophisticated picture. Beautifully written, it is the most complete, and the most empirically rigorous, account of this phenomenon to date. A must read for anyone interested in homegrown radicalization."—Peter Neumann, Director of the International Centre for the Study of Radicalisation (ICSR), King's College London The Madrid train bombers, shoe-bomber Richard Reid, al-Qaeda in Iraq, and the 9/11 attacks—all were led by men radicalized behind bars. Today's prisons are hotbeds for personal transformation toward terrorist beliefs and actions due to the increasingly chaotic nature of prison life caused by mass incarceration. In *The Spectacular Few*, Mark Hamm, a former prison warden, demonstrates how prisoners use criminal cunning, collective resistance and nihilism to incite terrorism. Drawing from a wide range of sources, *The Spectacular Few* imagines the texture of prisoners' lives. Hamm covers their criminal thinking styles, the social networks that influenced them, and personal "turning points" that set them on the pathway to violent extremism. Hamm argues that in order to understand terrorism today, we must come to terms with how prisoners are treated behind bars. Mark S. Hamm is a former prison warden from Arizona and currently Professor of Criminology at Indiana State University and a Senior Research Fellow at the Terrorism Center, John Jay College of Criminal Justice, The City University of New York. His books include *Terrorism as Crime: From Oklahoma City to Al-Qaeda and Beyond* (NYU Press, 2007). *Alternative Criminology* series

Combining Economic and Political Development Rowman Altamira

The book contains a great deal of primary source material gleaned from three years of engagement and contacts within the Islamist and jihadist communities active in Syria. This includes much information never before made public by any source.

Jihad John Wiley & Sons

This book addresses how digitalization has influenced the institutions, practitioners and audiences of diplomacy. Throughout, the author argues that terms such as 'digitalized public diplomacy' or 'digital public diplomacy' are misleading, as they suggest that Ministries of Foreign Affairs (MFAs) are either digital or non-digital, when in fact digitalization should be conceptualized as a long-term process in which the values, norms, working procedures and goals of public diplomacy are challenged and re-defined. Subsequently, through case study examination, this book also argues that different MFAs are at different stages of the digitalization process. By adopting the term 'the digitalization of public diplomacy', this book will offer a new conceptual framework for investigating the impact of digitalization on the practice of public diplomacy.

Lawrence of Arabia Martinus Nijhoff Publishers

Development as a Battlefield is an innovative exploration of conflict and development, phenomena that are often regarded as ostensibly antagonistic. It invites readers to reconsider socio-political and economic developments in the MENA region and beyond.

Isadora Routledge

This book examines the structure of political power amongst elites inside Saudi Arabia and how they might cope with the very serious challenge posed by succession. Presenting a new and refreshing theoretical approach that links elite integration with regime stability, the author shows that the kingdom's royal elite is far more integrated than it has generally been given credit for. Based on extensive field work inside Saudi Arabia, the book offers a detailed, up-to-date survey and assessment of all the key sectors of the elites in the country. The author examines how the succession process has been used in highly different circumstances - including deposition, assassination, and death by old age - and demonstrates how regime stability in Saudi Arabia rests on the royal family's ability to unite and to solve the challenge of succession. He offers a strong analysis of intra-ruling family mechanisms and dynamics in this notoriously private royal family, and addresses the question of whether, as the number of royals rapidly grows, the elite is able to remain integrated. Providing a rare insight into the issues facing the royal family and ruling elite in Saudi Arabia, this book will be of great interest to scholars and students of Middle Eastern politics, and Saudi Arabia in particular.

Save Europe! Walter de Gruyter

A powerful novel of a family haunted by the aftershocks of the Vietnam War—from the Pulitzer Prize-winning author of *A Good Scent from a Strange Mountain*. "You share a war in one way. You pass it on in another." Passionate student activism brought Robert Quinlan together with his future wife

during the tumultuous years of the Vietnam War. But since then, the long-married Florida university professors have grown apart. Their crumbling relationship is mirrored by Robert's estrangement from his brother . . . alienated by the same controversial war. Now, with their father—a World War II veteran—lying close to death, the rift in the family is sorely tested when Robert's brother refuses to put the past aside and return to say goodbye. And when Robert mistakes a homeless stranger for a fellow Vietnam veteran, his unstable presence in their lives will further stir the emotional scars that shattered the Quinlan men . . . and take its toll on those they love most. "Butler's Faulknerian shuttling back and forth across the decades has less to do with literary pyrotechnics than with cutting to the chase. *Perfume River* hits its marks with a high-stakes intensity . . . Butler's prose is fluid, and his handling of his many time-shifts as lucid as it is urgent. His descriptive gifts don't extend just to his characters' traits or their Florida and New Orleans settings, but to the history he's addressing." —Michael Upchurch, *New York Times Book Review* "Butler moves easily among his characters to create a composite portrait of a family that has been wrecked by choices made during the Vietnam War." —Beth Nguyen, *San Francisco Chronicle* "The story builds its force with great care . . . Its power is that we want to keep reading. The entire journey is masterfully rendered, Butler lighting a path back into the cave, completely unafraid." —Benjamin Busch, *Washington Post* "Butler greatly enlarges our sense of what the Vietnam War cost to a generation . . . *Perfume River* tells a human story that sums up an entire era of American life." —Miami Herald "Butler's assured, elegant novel . . . speaks eloquently of the way the past bleeds into the present, history reverberates through individual lives, and mortality challenges our perceptions of ourselves and others." —Publishers Weekly "A heartbreaking story of fathers and sons and their expectations and disappointments . . . *Perfume River* is a powerful work that asks profound questions about betrayal and loyalty." —BookPage

Special Needs Offenders in Correctional Institutions Bloomsbury Publishing

In what sort of assemblages, the strategies and digital policies in organization are made? Beyond digital mantras and management slogans/fictions, what is the concrete factory of information management system? What are the parts of the human and no human actors? Is it possible to create a new approach to understand how work change (or not), to explore the potential for a social and cognitive innovation way, considering simultaneously the increase of Data Management and the organizational analytics?

The Spectacular Few Oxford University Press

Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world. Yet it remains a closed society. Its history in the twentieth century is dominated by the story of state formation. After the collapse of the Ottoman Empire, Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula. In 1932 the Kingdom of Saudi Arabia was born. Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century, through the 1990 Gulf War, to the present day. She fuses chronology with analysis, personal experience with oral histories, and draws on local and foreign documents to illuminate the social and cultural life of the Saudis. This is a rich and rewarding book which will be invaluable to students, and to all those trying to understand the enigma of Saudi Arabia.

Development as a Battlefield SelfMadeHero

This book reveals the theories that inspire al-Qaeda. There is no other accessible book on the subject. This is the sect that threatens the stability of Saudi Arabia and the Middle East. Wahhabism has been generating controversy since it first emerged in Arabia in the 18th century. In the wake of September 11th instant theories have emerged that try to root Osama Bin Laden's attacks on Wahhabism. Muslim critics have dismissed this conservative interpretation of Islam that is the official creed of Saudi Arabia as an unorthodox innovation that manipulated a suggestible people to gain political influence. David Commins' book questions this assumption. He examines the debate on the nature of Wahhabism, and offers original findings on its ascendance in Saudi Arabia and spread throughout other parts of the Muslim world such as Afghanistan and Pakistan. He also assesses the challenge that radical militants within Saudi Arabia pose to the region, and draws conclusions which will concern all those who follow events in the Kingdom. "The Wahhabi Mission and Saudi Arabia" is essential reading for anyone interested in the Middle East and Islamic radicalism today.

In Education, Learning, Training: Critical Issues for Development, renowned scholars and practitioners examine shifts in global education policy and practice over the last 50 years.

A History of Saudi Arabia Pantianos Classics

The *New Encyclopedia of Islam* is written by a scholar for the general reader and researcher, without assuming any prior knowledge of the subject. Detailed cross-references lead the reader into deeper knowledge of Islam, whatever his starting point. Many quotations, and hitherto untranslated prayers, support the religious and philosophical entries.

Regime Stability in Saudi Arabia Liana Levi

The volume on 'History and philology' within Arcane project is an up-to-date presentation of the data and problems connected to the chronology of the third millennium of Mesopotamia and adjacent regions.

The Islamist Harvard University Press

A graphic biography of the pioneering, free-spirited "Mother of Modern Dance" In 1899, performing in the drawing rooms of London's elite, Isadora Duncan (1877-1927) was already laying the foundations for modern dance. Her performances were visceral, free-flowing, and expressive; she danced barefoot. The 22-year-old from California was shattering the conventions of traditional ballet and, in doing so, enchanting high society. In *Isadora*, Julie Birmant and Clément Oubrier capture the astonishing life and scandalous times of the so-called "Mother of Modern Dance" from her arrival in Europe to her tragic death in 1927. This extraordinary graphic novel spans Duncan's meetings with Auguste Rodin and Loie Fuller, her dazzling on-stage career, and the development of a style of dance--inspired by natural forms and Greek sculpture--that would become her enduring legacy.
