An acclaimed local author recounts the evolution of Richmond's alternative newspapers, comics, and small presses beginning in the Civil Rights Era. As the political and social upheaval of the 1960s took hold across the United States, even the sleepy town of Richmond, Virginia, experienced a countercultural shift. New attitudes about the value of journalism spurred an underground movement in the press. "The Sunflower," Richmond's first underground newspaper, appeared in 1967 and set the stage for a host of alternative local media lasting into the 1990s and beyond. Publications such as the "Richmond Chronicle," "Richmond Mercury," and "Commonwealth Times," as well as numerous minority-focused presses such as "Richmond Afro-American," served the progressive-minded citizens of the River City. In Richmond Independent Press, the historian, activist and former "ThroTTle" editor Dale Brumfield reveals the untold story of this cultural revolution in the River City.

Israel's next great crisis may come not with the Palestinians or Iran but with young American Jews A dramatic shift is taking place in Israel and America. In Israel, the deepening occupation of the West Bank is putting Israeli democracy at risk. In the United States, the refusal of major Jewish organizations to defend democracy in the Jewish state is alienating many young liberal

Jews from Zionism itself. In the next generation, the liberal Zionist dream—the dream of a state that safeguards the Jewish people and cherishes democratic ideals—may die. In *The Crisis of Zionism*, Peter Beinart lays out in chilling detail the looming danger to Israeli democracy and the American Jewish establishment's refusal to confront it. And he offers a fascinating, groundbreaking portrait of the two leaders at the center of the crisis: Barack Obama, America's first "Jewish president," a man steeped in the liberalism he learned from his many Jewish friends and mentors in Chicago; and Benjamin Netanyahu, the Israeli prime minister who considers liberalism the Jewish people's special curse. These two men embody fundamentally different visions not just of American and Israeli national interests but of the mission of the Jewish people itself. Beinart concludes with provocative proposals for how the relationship between American Jews and Israel must change, and with an eloquent and moving appeal for American Jews to defend the dream of a democratic Jewish state before it is too late.

This is a life, in stories, of Rabbi Israel Baal Shem Tov (1700-1760), the founder of Hasidism. The Baal Shem Tov, or the Besht, as he is commonly called, led a revival in Judaism that put love and joy at the center of religious life and championed the piety of the common folk against the rabbinic establishment. He has been recognized as one of the greatest teachers in Jewish history, and much of what is alive and vibrant in Judaism today, in all denominations, derives from his inspiration. Abraham Joshua Heschel, who was descended from several illustrious Hasidic dynasties, wrote: "The Baal Shem Tov brought heaven to earth.

He and his disciples, the Hasidim, banished melancholy from the soul and uncovered the ineffable delight of being a Jew.">

The real story behind the investigation of Iraq, and the basis for the MSNBC documentary of the same name hosted by Rachel Maddow Filled with news-making revelations that made it a New York Times bestseller, *Hubris* takes us behind the scenes at the White House, CIA, Pentagon, State Department, and Congress to show how George W. Bush came to invade Iraq--and how his administration struggled with the devastating fallout. *Hubris* connects the dots between Bush's expletive-laden outbursts at Saddam Hussein, the bitter battles between the CIA and the White House, the fights within the intelligence community over Saddam's supposed weapons of mass destruction, the outing of an undercover CIA officer, and the Bush administration's misleading sales campaign for war. Written by veteran reporters Michael Isikoff and David Corn, this is an inside look at how a president took the nation to war using faulty and fraudulent intelligence. It's a dramatic page-turner and an intriguing account of conspiracy, backstabbing, bureaucratic ineptitude, journalistic malfeasance, and arrogance.

The time is 1975. The place is an unnamed city by the sea. The government has just declared a State of Emergency, in whose upheavals four

strangers--a spirited widow, a young student uprooted from his idyllic hill station, and two tailors who have fled the caste violence of their native village--will be thrust together, forced to share one cramped apartment and an uncertain future. As the characters move from distrust to friendship and from friendship to love, *A Fine Balance* creates an enduring panorama of the human spirit in an inhuman state.

A New York Times Notable Book: A group forms its own surrogate family on the margins of society in this novel by the author of *The Beans of Egypt, Maine*. Mickey Gammon, fifteen, has dropped out of school and been kicked out of his home. But he has found a new place in the Settlement—a rural cooperative that deals in alternative energy, farm produce, and locally made goods. Run by “The Prophet,” the Settlement is demonized by the media as a compound of sin, but its true nature remains foreign to outsiders. It is here where Mickey meets another deserted child, six-year-old Jane, whose mother is in jail on trumped-up drug charges. Playing “secret agent,” Jane cunningly prowls the Settlement in her heart-shaped sunglasses, imagining that her plans to bring down the community will reunite her with her mother. As they struggle to adjust to their new, complex surrogate family, Mickey and Jane are about to witness mounting unrest within the Settlement’s ranks—which soon builds to a shocking and devastating crescendo. *The School on Heart’s Content Road* is “a profoundly human novel . . . Absolutely one of a kind” (*USA Today*), from an author who, “like Flannery O’Connor . . . has a gift for expressing the true spirit of a culture” (*San Francisco Chronicle*). “Chute can’t help but create characters who live and breathe.” —*The Washington Post*
