Starry River of the Sky Guernica Editions

In Nazi-occupied Denmark, ten-year-old Annemarie Johansen is called upon for a selfless act of bravery to help save her best friend from a terrible fate. Winner of the Newbery Medal, newly reissued in the Essential Modern Classics range. "They plan to arrest all the Danish Jews. They plan to take them away. And we have been told that they may come tonight." It is 1943 and life in Copenhagen is becoming complicated for Annemarie. There are food shortages and curfews, and soldiers on every corner. But it is even worse for her Jewish best friend, Ellen, as the Nazis

continue their brutal campaign. With Ellen's life in danger, Annemarie must summon all her courage to help stage a daring escape. Inspired by true events of the Second World War, this gripping novel brings the past vividly to life for today's readers. **How to Tell Toledo from the Night Sky** Courier Corporation Fifteen-year-old Abigail Crumble never really enjoyed talking about love and marriage and other such nonsense - no matter how often her boy obsessed best friend pestered her to do so. Or so she so adamantly proclaimed. Yet, on the eve of her sixteenth birthday, after being tormented and belittled by some ill-mannered boys, Abigail makes the biggest, most contradictory mistake of her life. She wishes upon the stars for love, or even the smallest amount of attention, without knowing the full impact of such a feat. Abigail soon finds her simple life in disarray as

princes, men and mysterious creatures come to her door, each adamantly in love with her and refusing to leave her side. Not only does she discover that she is cursed but also revealed is one of the biggest secrets that her parents had long decided to conceal from her. Mixing fantasy, humour, and romance, *The Watcher of the Night Sky* tells of one girl's journey to rid herself of a curse that was definitely more than she wished for.

Winner of the 2017 T. S. Eliot Prize 'Reading Vuong is like watching a fish move: he manages the varied currents of English with muscled intuition.' *New Yorker* An extraordinary debut from a young Vietnamese American, *Night Sky with Exit Wounds* is a book of poetry unlike any other. Steeped in war and cultural upheaval and wielding a fresh new language, Vuong writes about the most profound subjects - love and loss, conflict, grief, memory and desire - and attends to them all with lines that feel newly-minted, graceful in their cadences, passionate and hungry in their tender, close attention: '...the chief of police/facedown in a pool of Coca-Cola./A palm-sized photo of his father soaking/beside his left ear.' This is an unusual, important book: both gentle and visceral, vulnerable and assured, and its blend of humanity and power make it one of the best first collections of poetry to come out of America in years. 'These are poems of exquisite beauty, unashamed of romance, and undaunted by looking directly into the horrors of war, the silences of history. One of the most important debut collections for a generation.' Andrew McMillan Winner of the 2017 Felix Dennis Prize for Best First Collection *A Guardian / Daily Telegraph Book of the Year* PBS Summer Recommendation

Daughter of the Forest is a testimony to an incredible author's talent, a first novel and the beginning of a trilogy like no other: a mixture of history and fantasy, myth and magic, legend and love. Lord Colum of Sevenwaters is blessed with six sons: Liam, a natural leader; Diarmid, with his passion for adventure; twins Cormack and Conor, each with a different calling; rebellious Finbar, grown old before his time by his gift of the Sight; and the young, compassionate Padriac. But it is Sorcha, the seventh child and only daughter, who alone is destined to defend her family and protect her land from the Britons and the clan known as Northwoods. For her father has been bewitched, and her brothers bound by a spell that only Sorcha can lift. To reclaim the lives of her brothers, Sorcha leaves the only safe place she has ever known, and embarks on a journey filled with pain, loss, and terror. When she is kidnapped by enemy forces and taken to a foreign land, it seems that there will be no way for her to break the spell that condemns all that she loves. But magic knows no boundaries, and Sorcha will have to choose between the life she has always known and a love that comes only once. Juliet Marillier is a rare talent, a writer who can imbue her characters and her story with such warmth, such heart, that no reader can come away from her work untouched. Daughters of the Moon: Goddess of the Night - Book #1

Penguin

A daughter's tale of living in the thrall of her magnetic, complicated mother, and the chilling consequences of her complicity Every time I fail to become more like my mother, I become more like me. On a hot August night on Cape Cod, when Adrienne was 14, her mother Malabar woke her at midnight with five simple words that would set the course of both of their lives for years to come: Ben Souther just kissed me. Adrienne instantly became her mother's confidante and helpmate, blossoming in the sudden light of her attention; from then on, Malabar came to rely on her daughter to help orchestrate what would become an epic affair with her husband's closest friend. The affair would have calamitous consequences for everyone involved, impacting Adrienne's life in profound ways, driving her into a doomed marriage of her own, and then into a deep depression. Only years later will she find the strength to embrace her life -- and her mother -- on her own terms. This is a book about how the people close to us can break our hearts simply because they have access to them. It's about the lies we tell in order to justify the choices we make. It's about mothers and daughters and the nature of family. And ultimately, it's a story of resilience, a reminder that we need not be the parents our parents were to us; that moving forward is possible. 'Not since *The Glass Castle* has a memoir conveyed such a complex family bond, in which love, devotion, and corrosive secrets are inextricably linked' J. Courtney Sullivan

Mrs Dalloway, Virginia Woolf's fourth novel, offers the reader an impression of a single June day in London in 1923. Clarissa Dalloway, the wife of a Conservative member of parliament, is preparing to give an evening party, while the shell-shocked Septimus Warren Smith hears the birds in Regent's Park chattering in Greek. There seems to be nothing, except perhaps London, to link Clarissa and Septimus. She is middle-aged and prosperous, with a sheltered happy life behind her; Smith is young, poor, and driven to hatred of himself and the whole human race. Yet both share a terror of existence, and sense the

pull of death. The world of Mrs Dalloway is evoked in Woolf's famous stream of consciousness style, in a lyrical and haunting language which has made this, from its publication in 1925, one of her most popular novels.

[Promised to the Crown](#) Hachette UK

NATIONAL BESTSELLER In this haunting and groundbreaking historical novel, Danielle Daniel imagines the lives of women in the Algonquin territories of the 1600s, a story inspired by her family's ancestral link to a young girl who was murdered by French settlers. 1657. Marie, a gifted healer of the Deer Clan,

does not want to marry the green-eyed soldier from France who has asked for her hand. But her people are threatened by disease and starvation and need help against the Iroquois and their English allies if they are to survive. When her chief begs her to accept the white man's proposal, she cannot refuse him, and sheds her deerskin tunic for a borrowed blue wedding dress to become Pierre's bride. 1675. Jeanne, Marie's oldest child, is seventeen, neither white nor Algonquin, caught between worlds. Caught by her own desires, too. Her heart belongs to a girl named Josephine, but soon her father will have to find her a husband or be forced to pay a hefty fine to the French crown. Among her mother's people, Jeanne would have been considered blessed, her two-spirited nature a sign of special wisdom. To the settlers of New France, and even to her own father, Jeanne is unnatural, sinful—a woman to be shunned, beaten, and much worse. With the poignant, unforgettable story of Marie and Jeanne, Danielle Daniel reaches back through the centuries to touch the very origin of the long history of violence against Indigenous women and the deliberate, equally violent disruption of First Nations cultures.

"Beautifully evokes scenes of two girls adrift in the . . . bohemian beach culture . . . a breathtaking, fiercely feminine take on American magical realism." —Interview Magazine Set in Long Beach, California, beginning in the 1970s, *The Salt God's Daughter* follows Ruthie and her older sister Dolly as they struggle for survival in a place governed by an enchanted ocean and exotic folklore. Guided by a mother ruled by magical, elaborately-told stories of the full moons, which she draws from

The Old Farmer's Almanac, the two girls are often homeless, often on their own, fiercely protective of each other, and unaware of how far they have drifted from traditional society as they carve a real life from their imagined stories. Imbued with a traditional Scottish folktale and hints of Jewish mysticism, *The Salt God's Daughter* examines the tremulous bonds between sisters and the enduring power of maternal love—a magical tale that presents three generations of extraordinary women who fight to transcend a world that is often hostile to those who are different. “Indeed, Ruby has written a complicated, multi-layered work that shifts shapes to bridge the relationship between tragedy and redemption.” --The Huffington Post “Three generations of indelibly original women wrestle with the confines of their lives against a shimmering backdrop of magic, folklore, and deep-buried secrets . . . To say I loved this book is an understatement.” --Caroline Leavitt, New York Times bestselling author “The selkie myth lies at the heart of Ruby's second novel . . . This is a bewitching tale of lives entangled in lushly layered fables of the moon and sea.” --Kirkus Reviews

Lydia Netzer, the award-winning author of *Shine Shine Shine*, weaves a mind-bending, heart-shattering love story that asks, “Can true love exist if it's been planned from birth?” Like a jewel shimmering in a Midwest skyline, the Toledo Institute of Astronomy is the nation's premier center of astronomical discovery and a beacon of scientific learning for astronomers far and wide. Here, dreamy cosmologist George Dermont mines the stars to prove the existence of God. Here, Irene Sparks, an unsentimental scientist, creates black holes in captivity. George and Irene are on a collision course with love, destiny and fate. They have everything in common: both are ambitious, both passionate about science, both lonely and yearning for connection. The air seems to hum when they're together. But George and Irene's attraction was not written in the stars. In fact their mothers, friends since childhood, raised them separately to become each other's soulmates. When that long-secret plan triggers unintended consequences, the two astronomers must discover the truth about their destinies, and unravel the mystery

of what Toledo holds for them—together or, perhaps, apart. Lydia Netzer combines a gift for character and big-hearted storytelling, with a sure hand for science and a vision of a city transformed by its unique celestial position, exploring the conflicts of fate and determinism, and asking how much of life is under our control and what is pre-ordained in the heavens in her novel *How to Tell Toledo from the Night Sky*.
